#### **B3.** PROSPECTS

The COVID-19 pandemic has been and continues to remain a major concern worldwide with the economies of many countries and global businesses taking a huge hit.

Our Government has made ongoing efforts to sustain economic activities whilst balancing the need to contain the further spread of the pandemic domestically. The reinstatement of the Movement Control Order ("CMCO") will currently run up to 7 June 2021.

The outlook for the financial year ending 30 June 2021 remains challenging, but armed with the experience from the previous MCOs, the Group is better equipped to manage the challenges of operating under these restrictions. The Group will continue to innovate and evolve our businesses in order to adapt to this new normal.

The Covid-19 vaccination program being implemented nationally is a positive sign. With the vaccination program being ramped up, we are cautiously optimistic that the economy will start the upward trend to recovery.

Against this backdrop, the Group will continue to monitor the market conditions, and to seek interest, and strategic collaborations from prospective partners, investors and operators to explore fresh and innovative business models.
