#### Malaysian Financial Reporting Standards

On 19 November 2011, the Malaysian Accounting Standards Board ("MASB") issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS Framework").

The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141: *Agriculture* ("MFRS 141") and IC Interpretation 15: *Agreements for Construction of Real Estate* ("IC 15"), including its parent, significant investor and venturer (herein called "Transitioning Entities").

Transitioning Entities will be allowed to defer adoption of the new MFRS Framework for an additional two years. This decision came after an extensive deliberation by the MASB and taking into account both local and international developments affecting the abovementioned standard and interpretation. Consequently, adoption of the MFRS Framework by Transitioning Entities will be mandatory for annual periods beginning on or after 1 January 2014.

The Company and certain subsidiaries in the Group fall within the scope definition of Transitioning Entities and have opted to defer adoption of the new MFRS Framework. Accordingly, the Group will be required to prepare financial statements using the MFRS Framework in its first MFRS financial statements for the year ending 30 April 2015.

In presenting its first MFRS financial statements, the Group will be required to restate the comparative financial statements to amounts reflecting the application of MFRS Framework. The majority of the adjustments required on transition will be made, retrospectively, against opening retained earnings as at 1 May 2013.
