# FIMA CORPORATION BERHAD (21185-P)

# NOTES TO THE QUARTERLY ANNOUNCEMENT FOR THE THIRD QUARTER ENDED 31 DECEMBER 2018

#### PART A - Explanatory notes pursuant to MFRS 134

# A1. Basis of preparation

The interim statements are unaudited and have been prepared in accordance with the requirements of MFRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of the Bursa Securities.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 March 2018. The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to the understanding of the changes in the financial position and performance of the Group since the financial year ended 31 March 2018.

The financial statements of the Group for the financial year ending 31 March 2019 are the first set of financial statements prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS") Framework. The date of transition to the MFRS Framework was on 1 April 2017.

The Group has consistently applied the same accounting policies in its opening MFRS statement of financial position as at 1 April 2017 and throughout all comparable interim periods presented, as if these policies had always been in effect. Comparative information in these interim financial statements have been restated to give effect to these changes and the financial impact on transition from Financial Reporting Standards ("FRS") in Malaysia to MFRS are discussed below:

#### (a) Property, plant and equipment

Under the FRS accounting framework, the Group elected to account for the freehold land, leasehold land and buildings included within property, plant and equipment using the revaluation model, where these assets are measured at fair value less accumulated impairment losses recognised after the date of valuation. The Group decided to change the accounting policy for these assets from the revaluation model to cost model, the change in accounting policy will result in the revaluation amount on the transition date to be recorded as deemed costs for these assets when the Group first adopt the MFRS framework. Subsequent to the transition date, these assets will be stated at cost less any accumulated depreciation and accumulated impairment losses.

Under the MFRS framework, biological assets that meet the definition of bearer plants will be within the scope of MFRS 116: Property, Plant and Equipment ("MFRS 116"). After initial recognition, the bearer biological assets will be measured under MFRS 116 at accumulated cost (before maturity) and using either the cost model or revaluation model (after maturity). The Group measures the bearer biological assets at fair value less accumulated impairment losses recognised after the date of valuation. Upon adoption of MFRS framework, the Group decided to apply the cost model for accounting the bearer plants, the change in accounting framework will result in the reclassification of the bearer assets from biological assets to property, plant and equipment, and the revaluation amount on the transition date to be recorded as deemed costs of the bearer plants which will be subsequently be stated at cost less any accumulated depreciation and accumulated impairment losses.

# (b) Biological assets

The amendments also require produce that grows on bearer plants to be within the scope of MFRS 141: Agriculture, to be measured at fair value less costs to sell. The biological assets of the Group comprise of the fresh fruit bunch ("FFB") prior to harvest.

#### (c) Business combinations

The Group has elected to apply MFRS 3: Business Combinations prospectively from the date of transition. In respect of acquisitions prior to the date of transition.

- (i) the classification of former business combinations under FRS is maintained;
- (ii) there is no re-measurement of original fair values determined at the time of business combination (date of acquisition); and
- (iii) the carrying amount of goodwill recognised under FRS is not adjusted.

# A1. Basis of preparation (contd.)

#### (d) Financial instruments

MFRS 9: Financial Instruments ("MFRS 9") replaces FRS 139: Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments:

- (i) classification and measurement;
- (ii) impairment; and
- (iii) hedge accounting.

With the exception of hedge accounting, the Group has applied MFRS 9 retrospectively, with the initial application date of 1 April 2018 and adjusting the comparative information for the period beginning 1 April 2017.

### (i) Classification and measurement

MFRS 9 contains a new classification and measurement approach for the financial assets that reflects the business model in which the assets are managed and their cash flows characteristics.

MFRS 9 contains three principal classification catergories for the financial assets as follows:

- amortised cost ("AC")
- fair value through Other Comprehensive Income ("FVOCI")
- fair value through Profit or Loss ("FVTPL")

The standard eliminates the previous FRS 139 categories of Held - to - Maturity, Loan and Receivables ("L&R") and Available-for-Sale ("AFS").

The following table shows the original measurement categories in accordance FRS 139 and the new measurement categories under MFRS 9 for the Group's financial assets as at 1 April 2018.

Group financial assets	Original classification under FRS 139	Original carrying amount under FRS 139	New classification under MFRS 9	New carrying amount under MFRS 9
		RM '000		RM '000
Trade receivables Other receivables, excluding tax recoverable, GST input tax and	L&R	105,077	AC	105,077
prepayments	L&R	4,479	AC	4,479

companies	L&R	28	AC	28
Cash and bank balances	L&R	165,596	AC	165,596
Short term cash investments	FVTPL	43,883	FVTPL	43,883

# (ii) Impairment

The adoption of MFRS 9 has fundamentally changed the Group's accounting for impairment losses for financial assets by replacing FRS 139's incurred loss approach with a forward-looking expected credit loss ("ECL") approach.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

# A1. Basis of preparation (contd.)

# (d) Financial instruments (contd.)

# (ii) Impairment (contd.)

The Group's trade and other receivables applied the standard's simplified approach and calculated ECLs based on life time expected credit losses. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forwardlooking factors specific to the debtors and the economic environment in which the business is operating in.

#### (e) Revenue from contracts with customers

Upon adoption of MFRS 15: Revenue from Contracts with Customers ("MFRS 15"), the Group recognises the revenue from contracts with customers when or as the Group transfers goods or services to a customer, measured at the amount to which the Group expects to be entitled, according to the term and condition stipulated in the contracts with customers. Depending on whether certain criteria are met, revenue is recognised over time, in a manner that depicts the Group's performance; or at a point in time, when control of the goods or services is transferred to the customers.

## (f) Foreign exchange reserve

Under FRSs, the Group recognised translation differences on foreign operations in a separate component of equity. Cumulative foreign exchange reserves for all foreign operations are deemed to be nil as at the date of transition to MFRS.

Accordingly, at date of transition to MFRS, the cumulative foreign exchange translation differences were adjusted to retained earnings.

The impact of the changes in accounting policy on the financial statements as a result of the transition to the MFRS Framework are as follows:

# A2. Changes in accounting policies

#### (a) Standards and Interpretations issued but not yet effective

The Group has not early adopted the following new and amended MFRSs and IC Interpretation that are not yet effective:

# Effective for annual period beginning on or after

MFRS 16: Leases MFRS 17: Insurance contracts	1 January 2019 1 January 2021
Amendments to MFRS 3: Definition of a Business	1 January 2020
Amendments to MFRS 101: Definition of Material	1 January 2020
Amendments to MFRS 108: Definition of Material	1 January 2020
Amendments to MFRS 10 and MFRS 128: Sales or contribution of assets	
between an investor and its associate or joint venture	Deferred
Annual Improvements to MFRS Standards 2015 - 2017 Cycle	1 January 2019
IC Interpretation 23: Uncertainty over income tax treatments	1 January 2019

The directors expect that the adoption of the above standards and interpretation will have no material impact on the financial statements in the period of initial application except as discussed below:

#### MFRS 16: Leases

MFRS 16 replaces the guidance in MFRS 117, Lease, IC Interpretation 4, Determining Whether an Arrangement contains a Lease, IC Interpretation 115, Operating Leases – Incentives and IC Interpretation 127, Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

The Group is currently assessing the financial impact that may arise from the adoption of MFRS 16.

Amendments to MFRS 10 and MFRS 128: Sales or contribution of assets between an investor and its associate or joint venture

The amendments clarify that an entity, which is a venture capital organisation, or a mutual fund, unit trust or similar entities, has an investment-by-investment choice to measure its investments in associates and joint ventures at fair value.

There will be no significant impact on the Group from the adoption of Amendments to MFRS 128.

Revenue	34,992	36,817	(1,825)	(5.0)
Profit before tax	9,955	10,977	(1,022)	(9.3)

Revenue from production of security and confidential documents decreased by RM1.8 million or 5.0% in the third quarter compared to the preceding quarter. This was mainly due to decreased volume for confidential documents. On the back of lower revenue coupled with lower write back of inventories and reversal of provision for warranty, a pretax profit of RM10.0 million was posted, a fall of 9.3% over the previous quarter.

Revenue from this segment for the current quarter of RM17.3 million was RM15.2 million or 46.7% lower than the preceding quarter, mainly due to lower sales volume and selling price of CPO and CPKO. Despite this, the division recorded higher pretax profit and write back of impairment by RM2.8 million mainly due to lower loss registered by plantation estates in Malaysia by RM1.3 million and lower manuring cost by RM2.1 million as compared to preceding quarter.

# **B3.** Prospects

The production and trading of security and confidential documents segment will continue to put concerted efforts to establish new strategic alliances to develop new products and solutions to complement its existing products.

The overall performance of the oil palm production and processing is very much influenced by the direction of palm oil prices and our estates' yield. Nevertheless, we will remain focus in improving our efficiency in oil processing and optimising production cost.

# B8. Changes in material litigation

(a) On 30 July 2018, the Company announced that its wholly owned subsidiary, Percetakan Keselamatan Nasional Sdn. Bhd. ("the Plaintiff"), has on the same day, commenced a High Court action against Datasonic Technologies Sdn. Bhd. ("the Defendant").

The claim is for a sum of RM24,975,000 (excluding interest and cost), being the amount due and owing by the Defendant to the Plaintiff for 1.5 million Malaysian passport booklets which were supplied by the Plaintiff to the Defendant.

At the request of the Defendant during the case management on 3 October 2018, the Plaintiff agreed to attempt mediation with the aim of arriving at an amicable resolution. The mediation took place on 17 October 2018 and 19 October 2018. However, the parties could not reach a resolution.

The civil suit is now fixed for case management on 1 March 2019 pending settlement negotiations between the parties.

This civil suit is not expected to have any material impact on the financial and operational position of the Company.

# B8. Changes in material litigation (contd.)

(b) On 21 October 2016, the Company announced that its Indonesian subsidiary, PT Nunukan Jaya Lestari ("PTNJL") has instituted legal proceedings to challenge the order issued by the Menteri Agraria dan Tata Ruang/Kepala Badan Pertanahan Nasional ("Defendant:) ("Ministerial Order") to revoke PT NJL's land title Hak Guna Usaha No. 01/Nunukan Barat ("HGU") with immediate effect.

The Ministerial Order was on the basis that the HGU was improperly issued due to administrative irregularities performed by certain officers of the Badan Pertanahan Nasional Provinsi Kalimantan Timur at the time of the issuance of the HGU in 2003, resulting in parts of the area within the HGU to overlap with forestry areas. PTNJL's planted area affected by the Ministerial Order measures 3,691.9 hectare.

On 21 October 2016, PTNJL filed an application in the State Administrative Court in Jakarta, Indonesia seeking an order to annul the Ministerial Order. Simultaneously, in the said application, PTNJL has also sought an order from PTUN to postpone the enforcement of the Ministerial Order pending full and final determination of the matter by the Indonesian courts. The Defendant, together with a third party intervener, PT Adindo Hutani Lestari, have filed a defence against the said suit.

On 13 June 2017, the State Administrative Court dismissed the application filed by PTNJL to annul the Ministerial Order. Subsequently on 24 July 2017, PTNJL filed an appeal to the Pengadilan Tinggi Tata Usaha Negara Jakarta to appeal against the decision of the State Administrative Court.

The Pengadilan Tinggi Tata Usaha Negara Jakarta vide its written decision dated 11 December 2017 (which was received by the Company's solicitors on 2 January 2018 and subsequently forwarded to the Company on 3 January 2018):

- (i) has partly allowed PTNJL's appeal against the State Administrative Court's decision, with costs;
- (ii) has declared that the Ministerial Order revoking PTNJL's HGU to be void, save for the areas overlapping with forestry areas/third party interests measuring 5,138 hectares; and
- (iii) has ordered the Defendant to revoke the Ministerial Order save for the areas overlapping with forestry areas/third party interests measuring 5,138 hectares.

Pursuant to Pengadilan Tinggi Tata Usaha Negara Jakarta's decision dated 11 December 2017, PTNJL has filed its statement of appeal on 10 January 2018 and appeal on 23 January 2018 to the Mahkamah Agung Republik Indonesia ("Mahkamah Agung") in respect of the decision of the Pengadilan Tinggi Tata Usaha Negara Jakarta.

Mahkamah Agung, vide its written decision dated 21 August 2018, has allowed PTNJL's appeal and ruled that the Ministerial Order revoking PTNJL's HGU be annulled. The Mahkamah Agung also ordered the Defendant, to simultaneously:

- (i) issue an order cancelling PTNJL's HGU rights over the areas overlapping with third party interests measuring 3,500 hectares; and
- (ii) issue a new HGU certificate in favour of PTNJL for an area measuring 16,474.130 hectares, (which is 19,974.130 hectares *less* the 3,500 hectares referred to in paragraph (i) above).

PTNJL is currently taking the necessary legal steps to enforce the court's decision.

The amount of write back relating to the impairment of property, plant and equipment previously affected by the Ministerial Order was RM23,631,000 which has been reflected in the previous quarterly results.

On 20 February 2019, the Company announced that PTNJL has received notice (which was received by PTNJL's solicitors on 18 February 2019 and subsequently forwarded to the Company on 19 February 2019) that the Defendant has filed an application for judicial review together with its judicial review memorandum at the Mahkamah Agung on 8 February 2019. The Defendant is seeking to set aside the Mahkamah Agung's written decision dated 21 August 2018 on grounds that the court had among others misapplied the law to the relevant facts in arriving at the decision. PTNJL has 30 days from the date of the receipt of the said notice to file its counter memorandum.

Under Indonesian laws and regulations, commencement of judicial review proceedings does not prevent the implementation of the Mahkamah Agung's written decision as aforesaid.

### B8. Changes in material litigation (contd.)

(c) Following the termination of the Tenancy Agreement by Malaysia Airports Holding Berhad ("MAHB") on 11 May 2000, the Company as the Principal Tenant had issued a termination notice dated 15 May 2000 to all its respective sub-tenants at Airtel Complex, Subang.

Pursuant to the above, on 28 September 2001, the Company was served a Writ of Summons dated 9 August 2001 from a tenant ("Plaintiff") claiming for a compensation sum of approximately RM2.12 million being their renovation costs and general damages. The Board had sought the opinion from the solicitors who were of the opinion that there should be no compensation payable to the Plaintiff as the demised premise was acquired by a relevant authority which was provided in the Tenancy Agreement between the Company and the Plaintiff.

On 11 November 2008, the Court had disposed off this matter summarily in favour of the plaintiff and on 4 March 2009, the Company had filed its Record of Appeal to the Court of Appeal to appeal against the decision. The Company had made full provision for the compensation claim of RM2.12 million during the financial year ended 31 March 2009.

On 27 September 2011, the Court of Appeal had allowed the Company's appeal against the decision handed down by the High Court and directed that the matter be remitted back to the High Court for a full trial. There
