B1 For the Quarter

The Group registered a revenue of RM79.27 million and pre-tax profit of RM261.85 million in the current quarter ended 30 April 2010 as compared to a revenue of RM80.54 million and pre-tax profit of RM21.03 million reported in the previous year corresponding quarter. The decrease in revenue was mainly due to lower sales recorded by the Numbers Forecast Operators ("NFO") business being operated by Natural Avenue Sdn Bhd ("NASB") (about 13% decrease) in spite of higher property sales registered by Berjaya Times Square Sdn Bhd as compared to the previous year corresponding quarter. However, the Group registered a higher pre-tax profit for the quarter under review mainly attributed to a favourable fair value adjustment of the investment properties which amounted to RM251.13 million and the exceptional gain on disposal of quoted investments (as disclosed in Note A4(a)) in the current quarter under review as compared to previous year corresponding quarter.

For the Twelve months period

For the cumulative twelve months ended 30 April 2010, the Group registered a revenue of RM299.4 million and a pre-tax profit of RM295.12 million as compared to a revenue of RM332.45 million and a pre-tax profit of RM40.15 million reported in the previous year corresponding period. The decrease in revenue was mainly due to the lower property sales registered by Berjaya Times Square Sdn Bhd and the cessation of operation by Berjaya TS Management Sdn Bhd on 1 November 2008 on handover of its property management operations of Berjaya Times Square to Berjaya Times Square Joint Management Body.

The higher pre-tax profit in the current period under review was mainly due to higher profit recorded by Berjaya Times Square Group arising from the favourable fair value adjustment of the investment properties as mentioned above, the exceptional gain on disposal of quoted investments (which amounted to RM21.2 million), higher dividend income from quoted investments and lower finance costs as compared to the previous year corresponding period.

B2 Fourth Quarter vs Third Quarter

As compared with the preceding quarter ended 31 January 2010, the Group reported an increase of 4% in revenue from RM76.49 million to RM79.27 million and a higher pre-tax profit of RM261.85 million in the current quarter as compared to a pre-tax profit of RM22.74 million in the preceding quarter. The increase in revenue was mainly due to higher revenue recorded by Berjaya Times Square Sdn Bhd (about 20% increase) arising from higher property sales as well as a marginally higher revenue recorded by NASB in the current quarter as compared to the preceding quarter.

The higher pre-tax profit registered in the current quarter under review was mainly due to the favourable fair value adjustment of the investment properties and the exceptional gain on disposal of quoted investments as mentioned above as compared to the preceding quarter.

B3 Future Prospects

Barring any unforeseen circumstances, the Directors envisage that the operating performance of the Group for the remaining period will be good. The Directors also expect the results of the NFO business in Sarawak operated by NASB to be satisfactory for the remaining period.
