### 13. Changes in the Composition of the Group

There was no change to the composition of the Group during the financial period under review including business combination, acquisition or disposal of subsidiaries and long-term investments, restructuring and discontinuing operations save for the following:

On 19 May 2016, Malayan Breweries (Malaya) Sdn. Bhd. ("MBM") received a notice dated 6 May 2016 pursuant to Section 308(4) of the Companies Act, 1965 from the Companies Commission of Malaysian ("CCM") that its name had been struck-off from the register of companies of CCM. The deregistration of MBM did not result in any material impact on the net assets and earnings per share of the Group.

### 14. Changes in Contingent Liabilities or Contingent Assets

There were no material changes in contingent liabilities or contingent assets for the quarter ended 31 December 2016.

As announced by the Company on 3 September 2015, the Company received bills of demand dated 28 August 2015 from the Royal Malaysian Customs of Federal Territory of Kuala Lumpur ("Customs") demanding payment of additional excise duties and sales tax, totaling RM56.3 million.

The amounts in demand were:

- RM34,166,098.81 claimed under the Excise Act 1976, for the period of 28 August 2012 to 31 October 2013.
- RM22,159,456.40 claimed under the Sales Tax Act 1972, for the period of 1 July 2012 to 31 October 2013.

As reported in the Company's financial report previously, Customs had imposed a new method of valuation for excise duty which came into effect on 1 November 2013. The abovementioned bills of demand are based on historic claims for excise and sales tax for the aforesaid periods. The Company's position is that all excise duties and sales tax for those periods had been paid by the Company based on valuations previously assessed and approved by Customs.

The Company maintains its previous position that the valuation method implemented on 1 November 2013 is not in line with international best practice on rules of valuation. The Company strongly believes that a retrospective application is unjustifiable.

The Company does not admit liability on the bills of demand made by Customs and will take appropriate measures to address this matter. As a result, no provision has been recognised.

The Company will make the necessary announcement on any new development relating to the above matter from time to time.

The Group's results were also supported by the stabilization of the Malaysian consumer market, although consumer sentiment remains weak.
