#### 12. Events Subsequent to the End of the Period

Between the end of the financial quarter under review and the date of this announcement, there has not been any item, transaction or event of a material and unusual nature which, in the opinion of the Directors is likely to affect substantially the results of the operations of the Group for the quarter ended 30 June 2017.

#### 13. Changes in the Composition of the Group

There was no change to the composition of the Group during the financial period under review including business combination, acquisition or disposal of subsidiaries and long-term investments.

## 14. Changes in Contingent Liabilities or Contingent Assets

There were no material changes in contingent liabilities or contingent assets for the quarter ended 30 June 2017.

As announced by the Company on 3 September 2015, the Company received bills of demand dated 28 August 2015 from the Royal Malaysian Customs of Federal Territory of Kuala Lumpur ("Customs") demanding payment of additional excise duties and sales tax, totaling RM56.3 million.

The amounts in demand were:

- RM34,166,098.81 claimed under the Excise Act 1976, for the period of 28 August 2012 to 31 October 2013
- RM22,159,456.40 claimed under the Sales Tax Act 1972, for the period of 1 July 2012 to 31 October 2013.

#### 14. Changes in Contingent Liabilities or Contingent Assets (Continued)

As reported in the Company's financial report previously, Customs had imposed a new method of valuation for excise duty which came into effect on 1 November 2013. The abovementioned bills of demand are based on historic claims for excise and sales tax for the aforesaid periods. The Company's position is that all excise duties and sales tax for those periods had been paid by the Company based on valuations previously assessed and approved by Customs.

The Company maintains its previous position that the valuation method implemented on 1 November 2013 is not in line with international best practice on rules of valuation. The Company strongly believes that a retrospective application is unjustifiable.

The Company does not admit liability on the bills of demand made by Customs and will take appropriate measures to address this matter. As a result, no provision has been recognised.

The Company will make the necessary announcement on any new development relating to the above matter from time to time.

#### 17. Review of Performance

For purpose of reference, the Company has provided an analysis on the performance for the following periods:

Quarter ended 30 June 2017 versus the same guarter in 2016

	3 months ended	3 months ended
	30 June 201 <i>7</i>	30 June 2016
	RM'000	RM'000
Revenue	406,577	459,512
Profit before tax	80,931	79,618

Group revenue decreased by 12% as compared to the same quarter in 2016 primarily due to higher sales made in anticipation of price increase implemented on 1 July 2016. In addition, the soft market sentiment continues to weigh down the Group's sales performance. This was buffered by revenue growth for premium brands driven by commendable performance in Strongbow Apple Ciders and the launch of Guinness Bright in May 2017.

Despite the decrease in Group revenue, Group Profit before tax ("PBT") grew by 2% as a result of effective cost management derived from the implementation of a procurement process that synergizes with the HEINEKEN Global Procurement systems and increased productivity as a result of automation in route to market.

## 6 months ended 30 June 2017 versus the same period in 2016

	6 months ended	6 months ended
	30 June 201 <i>7</i>	30 June 2016
	RM'000	RM'000
Revenue	807,690	918,426
Profit before tax	145,415	149,820

Group revenue was 12% lower mainly due to higher sales made in anticipation of price increase implemented on 1 July 2016 and an earlier Chinese New Year in 2017 which resulted in higher deliveries in end 2016. In the period under review, persisting weak consumer sentiment continued to affect the sales performance of the Group.

PBT showed a marginal decrease of 3% as a result of lower revenue; mitigated by effective cost management within the Group.

## Quarter ended 30 June 2017 versus 31 March 2017

	3 months ended	3 months ended
	30 June 201 <i>7</i>	31 March 2017

#### 17. Review of Performance (Continued)

Group revenue increased by 1% as compared to the preceding quarter driven by growth in Premium and Cider products as well as innovation launches. Commercial investments made in the second quarter under review were also lower compared to the preceding quarter where peak promotional spend was made for the Chinese New Year festive period.

Group PBT grew strongly by 26% due to effective execution of key strategies whilst optimising our costs and commercial spend.

#### 18. Prospects

The Group expects the market outlook to remain challenging due to cautious consumer spending amidst worries of rising cost of living and economic uncertainties, and the continued threat from contraband in the Malaysian market.

However, the Group will continue to leverage on its portfolio of iconic brands as well as the robust execution of commercial strategies and strive to deliver stronger performance for the remaining period of the year.
