Company No. 196401000020 (5350-X)

Notes:

1. Basis of Preparation

The interim financial report has been prepared in accordance with the requirements of Financial Reporting Standards ("FRS") 134 "Interim Financial Reporting" issued by the Malaysian Accounting Standards Board ("MASB") and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad and should be read in conjunction with the Group's annual audited financial statements as at and for the year ended 31 December 2019.

2. Significant Accounting Policies

The accounting policies applied by the Group in these condensed consolidated financial statements are the same as those applied by the Group in its consolidated financial statements as at and for the year ended 31 December 2019 save for the adoption of the following new Malaysian Financial Reporting Standards ("MFRS") and Interpretations, and amendments to certain MFRSs and Interpretations with effect from 1 January 2020:

- (i) Amendments to MFRS 101 Presentation of Financial Statements and MFRS 108: Accounting Policies, Changes in Accounting Estimates and Errors Definition of Material
- (ii) Amendments to MFRS 3 Business Combinations Definition of a Business
- (iii) Amendments to MFRS 7 Financial Instruments: Disclosures, MFRS 9 Financial Instruments and MFRS 139: Financial Instruments: Recognition and Measurement Interest Rate Benchmark Reform.

The adoption of the above amendments did not have any material effect on the financial statements of the Group.

3. Audit Report on Preceding Annual Financial Statements

The Group annual audited financial statements for the year ended 31 December 2019 were not qualified.

4. Seasonal or Cyclical Factors

The business operations of the Group are generally affected by festive seasons.

5. Exceptional Items

During the current financial quarter under review, the Sungei Way Brewery suspended its operations to comply with the Movement Control Order ("MCO") imposed by the Government effective 18 March 2020 to contain the spread of the Covid–19 infection in the country. The operations of some of our main customers were also disrupted due to the MCO which have been further extended. The prolonged shutdown in operations has resulted in inventory stuck in closed stores which may potentially be subject to disposal given the products have limited shelf life. In light of this, the Group has increased its provision for write–off of inventories during the financial quarter under review.

6. Changes in Estimates

Save for the increase in provision for write-off of inventories as disclosed under Note 5, there were no changes in estimates that have had any material effect on current financial quarter under review,

Company No. 196401000020 (5350-X)

7. Debt and Equity Securities

There was no issuance, repayment of debt and equity securities for the current financial quarter under review, except for those as disclosed under Note 22.

8. Dividends Paid

No dividends were paid during the financial guarter ended 31 March 2020.

9. Segmental Reporting

No segmental analysis is prepared as the Group's business is primarily engaged in malt liquor brewing including production, packaging, marketing and distribution of its products principally in Malaysia. The Management Team of the Company reviews the financial information as a whole for decision making.

10. Property, Plant and Equipment Valuation

There were no changes in the valuation of property, plant and equipment for the current financial quarter under review.

11. Events Subsequent to the End of the Period

As per the Company's announcements dated 24 March 2020, 7 April 2020 and 16 April 2020, the Company temporarily suspended the operations of the Sungei Way Brewery to comply with the MCO which came into force on 18 March 2020.

On 1 May 2020, the Government announced the enforcement of a Conditional MCO allowing almost all industries and business activities to resume operations beginning 4 May 2020 subject to strict adherence to the standard operating procedures enforced by the relevant authorities. In line with this and having considered the business impact of the prolonged restrictions of the MCO, the Company has decided to resume operations and business activities of the Group in phases with effect from 4 May 2020, focusing on critical operations at the Sungei Way Brewery, head office and sales offices that are allowed to operate. Essential employees are required to return to work at the brewery and various offices whilst non–essential employees are to continue to operate from home during the Conditional MCO period. This will allow the Group employees time to adjust and adapt to the new normal with various safety and health standard operating procedures that the Group has put in place.

12. Changes in the Composition of the Group

There was no change to the composition of the Group during the financial period under review including business combination, acquisition or disposal of subsidiaries and long-term investments.

13. Changes in Contingent Liabilities or Contingent Assets

As announced by the Company on 3 September 2015, the Company received bills of demand dated 28 August 2015 from the Royal Malaysian Customs of Federal Territory of Kuala Lumpur ("Customs") demanding payment of additional excise duties and sales tax, totaling RM56.3 million.

13. Changes in Contingent Liabilities or Contingent Assets (Continued)

The amounts in demand were:

- RM34,166,098.81 claimed under the Excise Act 1976, for the period of 28 August 2012 to 31 October
- RM22,159,456.40 claimed under the Sales Tax Act 1972, for the period of 1 July 2012 to 31 October 2013.

As reported in the Company's financial reports previously, Customs had imposed a new method of valuation for excise duty which came into effect on 1 November 2013. The abovementioned bills of demand are based on historic claims for excise and sales tax for the aforesaid periods. The Company's position is that all excise duties and sales tax for those periods had been paid by the Company based on valuations previously assessed and approved by Customs.

On 17 February 2020, the Company received a letter dated 3 February 2020 from the Royal Malaysian Customs ("Customs") of Putrajaya notifying the Company on the following decision of Customs regarding its bills of demand dated 28 August 2015:

- (i) The bill of demand for payment of sales tax amounting to RM14,772,970.95 and the penalty amounting to RM7,386,485.45 for the period of 1 July 2012 to 31 October 2013 is cancelled with effect from 15 January 2020.
- (ii) The bill of demand for payment of excise duties amounting to RM34,166,098.81 for the period from 28 August 2012 to 31 October 2013 remains unchanged, and the Company is required to settle the payment for the said excise duties soonest possible.

Based on legal and tax advice, there are solid grounds for the Company to object the basis of the bill of demand for the payment of excise duties. The Company will continue to engage Customs to seek an amicable solution to resolve this matter soonest possible.

The Company will make the necessary announcement on any material developments relating to the above matter, as and when appropriate.

16. Review of Performance

Quarter ended 31 March 2020 ("Q1") versus quarter ended 31 March 2019

	3 months ended 31 March 2020 RM'000	3 months ended 31 March 2019 RM'000	% Change +/(−)
Revenue	515,887	525,140	-1.8%
Profit before tax	74,853	70,440	6.3%

Group revenue declined by 1.8% compared to the same quarter in 2019, mainly due to lower sales in March 2020 which registered a 50% drop following the temporary suspension of operations of Sungei Way Brewery to comply with the MCO effective 18 March 2020.

However, Group profit before tax ("PBT") grew 6.3% driven by effective Chinese New Year festive campaigns executed in January 2020 and February 2020, ahead of the price adjustment implemented on selected products effective 1 March 2020, as well as the more efficient commercial spend during the quarter.

Quarter ended 31 March 2020 versus 31 December 2019

	3 months ended 31 March 2020 RM'000	3 months ended 31 December 2019 RM'000	% Change +/(-)
Revenue	515,887	680,000	-24%
Profit before tax	74,853	120,127	-37%

Group revenue and PBT decreased by 24% and 37% respectively, principally due to:

- Higher sales in the previous quarter driven by a successful year-end festive season
- Early sell-in for Chinese New Year this year; and
- Lower sales in March 2020 due to the suspension of operations of the brewery effective 18 March 2020.

17. Prospects

The on-going Covid-19 pandemic and the containment measures, including the mandatory closure of non-essential business activities imposed by the Government and social distancing measures, continue to post unprecedented challenges to on-trade businesses and consumers' purchasing power. This, as well as the closure of the brewery from 18 March 2020 to 3 May 2020, resulted in a material decline in our revenue and the disruption from this is expected to persist and continue to have a significant adverse impact on the overall business performance of the Group for the financial year 2020.

The Board has stress-tested the Group's balance sheet, profit and loss and cash flow across multiple scenarios. Notwithstanding, the strong balance sheet at the end of Q1, Group operating cash flow is expected to be significantly impacted in the second quarter and over the rest of the financial year given slower cash collections from the trade and weak demand particularly from the on-trade and tourism channels.

In order to mitigate the impact on the Group business, various initiatives have been implemented to accelerate business activities and improve operational efficiency to protect the Group profitability and preserve cash. These include:

- Aggressive cost saving measures which include revision of commercial and marketing spend.
- Optimising working capital management and utilising borrowing facilities to ensure the ongoing liquidity of the Group.
- Acceleration of e-commerce channel and digital campaigns.
- Continuing to support key stakeholders to restart their respective business.
- Actionable and pragmatic commercial initiatives to meet the new business conditions.

The Covid-19 crisis is expected to have far reaching impact on both health and the economy, with many uncertainties as the crisis continues to unfold. The Group remains committed to mitigate as much as possible the impacts on the business by continued implementation of safety and health standard operating procedures to prevent infection, ensuring the safety and well-being of our people, aligning our commercial strategies to adapt to the new reality, and keeping a very tight rein on our cost base. This should ensure that the Group is well placed when economic activities normalise and the industry recovers.

The Board will continue to navigate the challenges ahead supported by the strong fundamentals built at the company over many years. The Board would like to thank all colleagues for their hard work and dedication, as well as our stakeholders for their continued support through this challenging time.
