# Segment performance for the current financial period as compared to the previous period's corresponding financial period

### (i) **Properties**

The properties segment recorded revenue of RM119.4 million in the financial period ended 30 September 2020 as compared to RM240.4 million in the previous financial period ended 30 September 2019, representing a decrease of RM121.0 million or 50.3%. The decreased revenue was mainly due to lower revenue recognition from the land reclamation in STP2A and lower sales of completed properties in STP1.

The joint venture ("JV") projects namely, The Mews, Conlay and Avira Garden Terraces, contributed a total revenue of RM29.5 million in the financial period ended 30 September 2020 as compared to revenue RM30.2 million achieved in the previous financial period ended 30 September 2019, representing a reduction of RM0.7 million or 2.3%.

Segment performance for the current financial period as compared to the previous period's corresponding financial period (cont'd)

#### (i) Properties (cont'd)

After incorporating revenue recognised from JV projects, the Group's properties segment recorded an adjusted revenue of RM148.9 million in the financial period ended 30 September 2020 as compared to an adjusted revenue of RM270.6 million in the financial period ended 30 September 2019.

The properties segment recorded operating profit of RM56.7 million for the current financial period as compared to RM79.2 million in the financial period ended 30 September 2019. This represented a decrease of RM22.5 million or 28.4%.

The nation-wide Covid-19 Movement Control Order ("MCO") imposed from 18 March 2020 and subsequently the Conditional Movement Control Orders ("CMCO") have adversely affected the progress of works at STP2A and take-up rate of property sales in the current financial period.

#### (ii) Hospitality

The hospitality segment recorded revenue of RM8.5 million for the financial period ended 30 September 2020 as compared to RM28.9 million in the financial period ended 30 September 2019. This marked a decrease of RM20.4 million or 70.7% mainly due to the Covid-19 pandemic that severely impacted the tourism, travel and hospitality industries. Highly restricted travel and quarantine conditions imposed upon entry for international tourists and limitations of adhering to physical distancing standard operating procedures had resulted in low occupancies in E&O Hotel and E&O Residences. The Group ceased operations of E&O Residences on 18 September 2020.

The segment incurred an operating loss of RM20.3 million in the financial period ended 30 September 2020 as compared to a loss of RM4.5 million in the financial period ended 30 September 2019. The E&O Hotel was temporarily closed during the Covid-19 MCO period and resumed operations in mid May 2020. Lower revenue resulted in increased operating losses of RM15.8 million in the current financial period.

#### (iii) Investments and others

The investments and others segment recorded an operating loss of RM5.2 million for the financial period ended 30 September 2020 as compared to profit of RM120.9 million in the financial period ended 30 September 2019, a decrease of RM126.1 million or 104.3%. The operating profit in previous corresponding financial period was mainly due to dividend received from the subsidiaries which amounted to approximately RM150.0 million. The dividend income was eliminated on the Group basis.

#### B. Explanatory Notes required by the Bursa Malaysia's Listing Requirements

#### 1. Review of performance

The Group achieved revenue of RM129.0 million for the financial period ended 30 September 2020 as compared to RM271.4 million recorded in the financial period ended 30 September 2019. This represented a decrease of RM142.4 million or 52.4%. The decrease in revenue was mainly attributed to the properties segment which registered a decrease of RM121.0 million and the hospitality segment also registered lower revenue with a decrease of RM20.4 million. The decrease in revenue was mainly attributed to the imposition of the MCO and CMCO which restricted business activities during these periods.

The Group posted profit before tax of RM12.9 million for the financial period ended 30 September 2020 as compared to RM9.6 million in the financial period ended 30 September 2019. This represented an increase in profit before tax of RM3.3 million or 34.5%. The increase in the current financial period was mainly due to lower operating costs incurred and the strengthening of the Sterling Pound against Ringgit.

Further explanatory comments on the performance of each of the Group's business segments are provided in Note A9.

Lower revenue was mainly due to the MCO and CMCO periods which had imposed restrictions on business activities in the current quarter. Profit before tax in the current quarter was mainly due to strengthening of the Sterling Pound whereby the Group recorded a foreign exchange gain of RM10.0 million.

#### 3. Group's prospects

The performance of the property development division and hotel division in the beginning of the quarter were on the path to recovery. However, the market has become more challenging and is filled with uncertainties due to the resurgence in the number of infections and the impositions of various movement control restrictions.
