B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA SECURITIES

B1. Review of Group's Performance

Current Quarter

Revenue was 10% higher in the current quarter compared to the corresponding quarter in 2010, attributable to higher sales volumes in line with the domestic market growth as well as better export price.

However, pre-tax profit for the quarter at RM97 million was lower than corresponding quarter of last year at RM102 million due to keen competition, higher cost of production resulting mainly from the fuel and power price increase and mitigated by better performance of our associate company.

Current Year to Date

The Group's revenue for 9 months ended 30 September 2011 was RM1.9 billion, an increase of 11% as compared to the corresponding period. The higher domestic sales volume and the increase in both domestic and export selling prices contributed to the increase in revenue.

The Group's pre-tax profit for the financial period to date increased by 8% as a result of the revenue growth and better performance of our associate company with some offset from higher production cost due mainly from higher input cost.

Comparison with Preceding Quarter

	3 rd Quarter	2 nd Quarter
	Ended	Ended
	30 September	30 June
	2011	2011
	RM'000	RM'000
Revenue	625,527	667,415
Profit before tax	97,214	104,093

Revenue and pre-tax profit of the Group were lower than preceding quarter mainly due to the slowdown in construction activities during the Hari Raya Puasa holidays.

B3. Prospects

Domestic demand for cement and other building materials continue to grow following the implementation of some major infrastructure projects and on-going property development activities. The outlook for the export market is expected to be stable. However, with the existing overcapacity in the domestic industry, the market shall remain challenging. The Group will continue to focus on product quality and service to our customers while keeping operating cost low. The Group should perform satisfactorily for the remaining period of the year.

B4. Profit Forecast and Profit Guarantee

The Group did not publish any profit forecast or profit guarantee during the current quarter ended 30 September 2011.

B5. Income tax expense

Income tax expense comprises the following:

	3 rd Quarter Ended 30 September 2011 RM'000	9 Months Ended 30 September 2011 RM'000
In respect of current year:		
- income tax	(32,942)	(87,440)
- deferred tax	(1,092)	8,071
In respect of prior years:		
- overprovision of income tax	2,304	2,295
- overprovision of deferred tax	6,381	6,391
	(25,349)	(70,683)

The Group's effective tax rate for the current quarter is higher than the statutory tax rate of 25% in Malaysia mainly due to certain non tax-deductible expenses in certain subsidiaries.

It was announced on 7 April 2008 that, LMCB Holding Pte Ltd ("LMCBH"), a wholly owned subsidiary, received Notices of Additional Assessments from the Inland Revenue of Authority Singapore ("IRAS") in connection with the tax refunds received by LMCBH for Years of Assessment 2004 to 2006. LMCBH had recognised in its financial statements the tax refunds received arising from Section 44 tax credit amounting to RM21.276 million for the financial years ended 31 December 2003 to 2005 in connection with the dividends received by LMCBH following internal reorganisation of the Company's investments and corporate structure in Singapore announced on 30 July 2003. Also included in the Group's financial statements for the financial years ended 31 December 2006 and 2007 were tax refunds receivable amounting to RM17.275 million. Total tax refunds recognised for financial years ended 31 December 2003 to 2007 amounted to RM38.551 million. The IRAS via the Notice of Additional Assessment was seeking to recover the tax refunds previously received by LMCBH by assessing additional tax on LMCBH equivalent to the tax refunds. Based on professional advice received, the Company should not be liable to pay this additional tax as the notices of assessment are invalid and had therefore challenged the validity and basis of the Notices of Additional Assessment.

As previously announced on 14 November 2008, 18 February 2009, 27 August 2009, 19 November 2009, 25 February 2010, 26 May 2010, 25 August 2010, 29 November 2010, and 23 February 2011 LMCBH had appealed against the Notices of Additional Assessment to the Income Tax Board of Review of Singapore ("ITBRS"). The ITBRS had on 18 April 2011dismissed LMCBH's appeal.

Based on professional legal advice that there are strong grounds of appeal, LMCBH has filed an appeal to the High Court against ITBRS' decision. LMCBH's appeal submissions have been filed with the High Court on 1 August 2011. A hearing date originally fixed for October 2011 has now being rescheduled to 26th and 27th March 2012.
