## QUARTERLY REPORT ON CONSOLIDATED RESULTS FOR THE FIRST QUARTER ENDED 30 SEPTEMBER 2012

The figures have not been audited

### 11. Contingent liabilities or contingent assets

There are no contingent liabilities or contingent assets as at the date of this report.

### 12. Review of performance

For the quarter under review, the Group recorded a revenue and profit before taxation (“PBT”) of RM318.3 million and RM2.7 million respectively as compared with a revenue and loss before taxation (“LBT”) of RM315.6 million and RM9.9 million in the corresponding quarter of the preceding year. Revenue by segment for the quarter saw the Asia and Europe segments dropping by 5% and 11% respectively with the United States of America (“USA”) segment showing a growth of 25% as compared with the corresponding quarter of the preceding year. This has shifted the revenue mix for USA from 25% for the corresponding quarter of the preceding year to 31% for the quarter under review whilst both Asia and Europe each recorded 3% lower for the revenue mix. The higher PBT during the quarter under review was mainly due to the strengthening of the USD against the Ringgit Malaysia, positive effect from the cost control measures and lower commodity price.

### 13. Material changes in profit before taxation against the immediate preceding quarter

The Group’s revenue for the quarter under review was RM318.3 million, a marginal decrease of 1% against the preceding quarter of RM321.1 million. Revenue for Asia and Europe segments were lower by 7% and 11% respectively whilst the USA segment was higher by 21% against the preceding quarter. The lower revenue was mainly due to the overall weakness of the semiconductor industry.

PBT for the quarter under review was lower at RM2.7 million against RM6.4 million for the preceding quarter mainly due to the lower revenue.

### 14. Prospects

The Board anticipates that the industry growth rate for all segments will be moderate given a challenging operating environment in the coming quarters. However, barring any unforeseen circumstances, the Board expects the Group to perform better in the financial year ending 30 June 2013.

### 15. Profit forecast / profit guaranteed

Amkor Technology, Inc. (“Amkor”) filed a complaint with the International Trade Commission (“ITC”) on 17 November 2003 alleging Carsem (M) Sdn Bhd, Carsem Semiconductor Sdn Bhd (now known as Recams Sdn. Bhd) and Carsem Inc. (collectively “Carsem Group”) of infringing three of Amkor’s United States Patents. Amkor also filed a civil lawsuit at the District Court on even date alleging Carsem Group of infringement of the same three patents which are the subject of the ITC Investigation.

Following a hearing in July and August 2004, an Administrative Law Judge (“ALJ”) issued an Initial Determination finding all of the asserted claims of Amkor’s patents invalid, not infringed, or both, and no violation by Carsem Group. Subsequently, the ITC reviewed the Initial Determination and remanded to the ALJ for further findings on several issues.

Carsem Group was advised by its lawyers that the ALJ found that some but not all of Carsem Group’s devices infringed on Amkor’s patents. Carsem Group then filed a petition for review by the ITC and the motion to extend the target date for completion of this investigation by three months pending ASAT, Inc.’s subpoena enforcement proceeding.

On 1 July 2009, the ITC issued a Remand Order remanding the investigation to the ALJ and setting a new Target Date of 1 September 2009 to complete the investigation, but instructed the ALJ to set a schedule for the remand proceedings, and to issue an Initial Determination extending the target date accordingly. Subsequently, the ALJ issued an Order extending the Target Date to 2 February 2010.

On 10 and 11 September 2009, the ALJ held a hearing at the ITC in order to receive the additional evidence ordered by the ITC. On 2 November 2009, the ALJ addressed issues related to the invalidity of Amkor’s patents and supplemented a prior Initial Determination issued in November 2005, in which the ALJ found all but four claims of one patent invalid, not infringed, and/or not enforceable at the ITC. On 12 November 2009, Carsem Group submitted its petition for review by the ITC. On 16 December 2009, the ITC issued its Notice confirming its determination to review both of the ALJ’s Initial Determinations. On 12 January 2010, both parties filed their respective briefs with the ITC and the ITC was scheduled to render a final decision on 9 February 2010.

However, in February 2010, the ITC issued a Notice of Reversal and Remand and remanded the investigation to the ALJ to determine whether Amkor’s patents were invalid. Following such remand, on 22 March 2010, the ALJ determined that all of Amkor’s asserted patent claims are invalid, not infringed, and/or not enforceable at the ITC, and that Carsem Group has not violated Section 337 of the Tariff Act by importing the MLP products which Amkor had accused of infringement. On 20 July 2010, the ITC issued the final determination and found that the claims of Amkor’s patents are invalid and not infringed and that Carsem Group has not violated the Tariff Act by importing the MLP Products (“ITC’s Decision”).

Amkor appealed against ITC’s Decision to the Court of Appeals of the Federal Circuit.

The parties have requested the District Judge continue to stay all proceedings in the District Court case pending the final outcome of the ITC proceedings. The District Court continued the Stay Order.

On 22 August 2012, the Court of Appeals reversed the ITC’s determination on prior invention and remanded the case to the ITC for further proceedings consistent with the decision. Carsem Group has on 5 October 2012 filed a petition for re-hearing at the Court of Appeals.
