NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FINANCIAL PERIOD ENDED 30 SEPTEMBER 2012

A. EXPLANATORY NOTES PURSUANT TO FRS 134 INTERIM FINANCIAL REPORTING

A1. Basis of Preparation

The interim financial statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and Chapter 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 March 2012. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to and understanding of changes in the financial position and performance of the Group since the year ended 31 March 2012.

A2. Significant Accounting Policies

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 March 2012 except for the adoption of the following new Financial Reporting Standards ("FRS"), Amendments to FRSs and IC Interpretations with effect from 1 April 2012:-

FRS 124	Related Party Disclosures
Amendments to FRS 1	Severe Hyperinflation and Removal of fixed Dates for First-time Adopters
Amendments to FRS 7	Transfer of Financial Assets
Amendments to FRS 112	Deferred Tax : Recovery of Underlying Assets
IC Interpretation 19	Extinguishing Financial Liabilities with Equity Instruments
Amendments to IC Interpretation 14	Prepayments of a Minimum Funding Requirement

The Directors expect that the standards and interpretations above will have no material impact on the financial statements of the Group.

Malaysia Financial Reporting Standards

On 19 November 2011, the Malaysian Accounting Standards ("MASB") issues a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS") Framework.

The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 Agriculture and IC Interpretation 15 Agreements for Construction of Real Estate, including its parent, significant investor and venturer (herein called "Transitioning Entities")

Transitioning Entities will be allowed to defer adoption of the new MFRS Framework for an additional one year to be mandatory for annual periods beginning on or after 1 January 2013. The MASB has on 30 June 2012 decided that Transitioning Entities will be given an option of another one year to continue with the existing FRS Framework. Consequently, adoption of the MFRS Framework by Transitioning Entities will be mandatory for annual periods beginning on or after 1 January 2014.

Malayan United Industries Berhad, an associate of the Group falls within the scope of definition of Transitioning Entities and has opted to defer adoption of the new MFRS Framework. As a result, the Group also temporarily deferred the adoption of the new MFRS Framework. Accordingly, the Group will be required to prepare financial statements using the MFRS Framework in its first MFRS financial statements for the year ending 1 April 2014. In presenting its first MFRS financial statements, the Group will be required to restate the comparative financial statements to amounts reflecting the application of MFRS Framework. The majority of the adjustments required on transition will be made, retrospectively, against opening retained earnings.

At the date of these financial statements, the Group has not completed its quantification of the financial effects of the differences between Financial Reporting Standards and accounting standards under the MFRS Framework. Accordingly, the financial performance and financial position as disclosed in these financial statements for the year ended 31 March 2012 could be different if prepared under the MFRS Framework.

The Group expects to be in a position to fully comply with the requirement of the MFRS Framework for the financial year ending 1 April 2014.
