NOTES TO THE INTERIM FINANCIAL REPORT

A1 Basis of preparation

The interim financial statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The financial statements should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2015. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 December 2015.

The accounting policies and methods of computation used in the preparation of the interim financial statements are consistent with those used in the preparation of the last audited financial statements for the financial year ended 31 December 2015.

The preparation of financial statements in conformity with the Companies Act, 1965 and Financial Reporting Standards in Malaysia requires the Directors to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

A2 Audit report

The auditors' report on the financial statement for the year ended 31 December 2015 was not qualified.

A3 Seasonal or cyclical factors of the Group's operations

The prices for the Group's products are not within the control of the Group but are determined by the global supply and demand situation for edible oils, and it is somewhat related to the price of mineral oil.

Crop production is seasonal. Based on statistics, the Group's production of crude palm oil and palm kernel gradually increases in second quarter, reaches its peak during third quarter and decreases thereafter. This pattern can be affected by severe global weather conditions such as El-Nino.

The prices obtainable for the Group's products as well as the volume of production, which is cyclical in nature, will determine the profits for the Group.

A4 Unusual items

There were no items affecting assets, liabilities, equity, net income, or cash flows that are unusual because of their nature, size, or incidence in the current quarter.

A5 Changes in estimates

There were no changes in estimates of amounts reported in prior interim periods or changes in estimates of amounts reported in prior financial years, which have a material effect in the current quarter.

A6 Debt and Equity Securities

There were no issuances, cancellations, repurchases, resale and repayments of debt and equity securities for the current quarter.

A7 Dividend

There was no dividend paid, declared or proposed in the current quarter.

A8 Segmental analysis

The Group is organised into the following operating divisions:

- (i) Oil Palm Plantations
- (ii) Plantation Management
- (iii) Investment Holding
- (iv) Others (consist of subsidiary companies which are dormant)

Inter-segment sales are charged at cost plus a percentage profit mark-up.
