B3 Commentary on Prospects

The property market was soft with prices being stagnant for major part of 2019. This is expected to continue until the end of financial year 2019. The Group will focus on selling the unsold units of the Pinnacle Kelana Jaya project and the continuation of its existing projects in Ipoh.

As for the manufacturing division, demand for galvanized wires is expected to remain subdued in 2019. With the imposition of safeguards duty on wire rods imports coupled with the increase in gas prices and labour costs, the Group's average production cost has increased. The manufacturing division will strive to minimise losses in 2019. The Group's result in 2019 is not expected to improve in the current unfavourable market conditions.
