INTERIM FINANCIAL REPORT FOR THE FOURTH QUARTER AND FINANCIAL PERIOD ENDED 31 DECEMBER 2020

NOTES TO THE INTERIM FINANCIAL REPORT

A10 Valuation of Property, Plant & Equipment

The valuation of property, plant and equipment have been brought forward, without amendments from the previous audited financial statements.

A11 Material Events Subsequent to the End of the Interim Period

SMI Wire Sdn Bhd ("SMIW"), a wholly owned subsidiary company of South Malaysia Industries Berhad, had on 22 January 2021 reported that one of its factory worker had Covid-19 symptoms which were subsequently confirmed by a screening test. SMIW had on 24 January 2021 and 2 February 2021 voluntarily undertaken a Covid-19 full screening exercise for all its workers, both foreign and local, at its factory located in Jalan Tampoi, Johor Bahru. Out of the 90 workers screened, 50 were Covid-19 positive. Affected workers were placed under quarantine and isolation. Sanitisation was also carried out at the factory premises and workers' accommodation.

SMIW had also taken an additional step to temporarily suspend the operation of the factory from 6.2.2021 to 15.2.2021. As at the date of this report, all workers have recovered and resumed work.

A12 Changes in the Composition of the Group

On 26 July 2019, the Company entered into a Share Sale Agreement for a 60% equity investment representing 1,800,000 ordinary shares in Forward Energy Sdn Bhd ("FESB") for a cash consideration of RM6.0 million ("SSA"). FESB's nature of business is in the renewable energy related business specifically in the area of consulting and as an independent power producer in a smaller scale. The SSA is conditional upon fulfillment of certain conditions including, inter alia, the execution of the relevant agreements with government authorities and third parties.

However, the onslaught of Covid-19 which led to the MCO coupled with the changes in the ruling state government had caused further delays to the finalisation of the agreement. As the deadline of 25 July 2020 for all outstanding obligations was not met, due to the prevailing circumstances, the Group, whose financials was also affected, decided to reduce its investment to a mere 19% at a consideration of RM1.43 million. The mutual settlement agreement was executed with the vendors on 27 January 2021.

The Group maintain the view that there is still potential in renewable energy business.

There were no changes in the composition of the Group during the current financial period ended 31 December 2020 except for:

- (a) the Group liquidated its subsidiary company, Hebei Smile Insun Entertainment Co., Ltd. The subsidiary company is a co-operative joint venture between SMI Leisure and Entertainment Ltd and Hubei Province Film Distribution Holding Company. The joint venture contract had expired on 30 December 2019.
- (b) the Group de-registered its two dormant subsidiary companies incorporated in China, Shanghai Yinxin Film Culture Entertainment Ltd and Shanghai Yonglian International Entertainment Co., Ltd.
- (c) the striking off of the Company's wholly-owned subsidiary company, Pacific Asia Development Inc., from the register of Corporate Affairs of the British Virgin Islands pursuant of Section 208 of the Companies Act, 2004
- (d) the submission of the application for voluntarily strike off of the Company's wholly-owned dormant subsidiary company, Sejagat Tenaga Sdn Bhd from the register of Companies Commission of Malaysia pursuant of Section 308 of the Companies Act, 1965.

B3 Commentary on Prospects

Covid-19 is an unfavourable factor affected the 2020 world economy in general. In Malaysia, Bank Negara Malaysia has revised the GDP downwards to project a contraction of growth at between -2.0% to 0.5% in 2020 accounting for the after effect of the pandemic. With the reopening of the economic sectors and the National Covid-19 Vaccination Programme, the Government forecast an improved GDP growth of up to 7.5% in 2021. The uncertainty will prevail in 2021 and this have a significant impact on the manufacturing and property sectors. The property glut situation is not expected to improve in 2021. The Group will remain cautious and focus on selling the unsold units of the Pinnacle Kelana Jaya project and the continuation of its existing projects in Ipoh in 2021.

As for the manufacturing division, demand for galvanized wires is expected to remain sluggish in 2021. The manufacturing division will strive to minimise losses in 2021.

The investment holding division's rental income was impacted by MCO with tenants faced with curtailment of operations and rental discounts granted in 2020. As the situation is expected to remain unchanged in 2021, results for this division is not expected to improve in 2021. The car park operation's results is expected to improve in 2021 with the increase in parking rates, improved efficiency and take up rates with the installation of the new cashless parking system.
