NOTES TO THE INTERIM FINANCIAL REPORT

A1 (i) Basis of preparation

The interim financial report is unaudited and has been prepared in accordance with the applicable disclosure provisions of the Listing Requirements of Bursa Malaysia Securities Berhad, including compliance with Financial Reporting Standard (FRS) 134₂₀₀₄, Interim Financial Reporting, issued by the Malaysian Accounting Standards Board (MASB).

The interim financial report has been prepared in accordance with the same accounting policies adopted in the 2006 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2007 annual financial statements. Details of these changes in accounting policies are set out in Note A1 (ii).

The preparation of an interim financial report in conformity with FRS 134 2004, Interim Financial Reporting requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates

This interim financial report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the group since the 2006 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all the information required for full set of financial statements prepared in accordance with new and revised Financial Reporting Standards.

The financial information relating to the financial year ended 30 June 2006 that is included in the interim financial report as being previously reported information does not constitute the Company's statutory financial statements for that financial year but is derived from those financial statements other than those that have been restated as a result of the change in accounting policies. Statutory financial statements for the year ended 30 June 2006 are available from the Company's registered office.

(ii) Changes in accounting policies

The MASB has issued a number of new and revised Financial Reporting Standards (FRSs, which term collectively includes the MASB's Issues Committee's Interpretations) that are effective for accounting periods beginning on or after 1 January 2006.

In 2006, the MASB issued another two revised FRSs (i.e. FRS 117, Leases and FRS 124, Related Party Disclosures) and one new FRS (i.e. FRS 139, Financial Instruments: Recognition and Measurement). FRS 117 and FRS 124 are effective for annual periods beginning on or after 1 October 2006 whilst the effective date of FRS 139 had been deferred by MASB to a date to be announced later.

The Board of Directors has determined the accounting policies to be adopted in the preparation of the Group's annual financial statements for the year ending 30 June 2007 on the basis of FRSs currently in issue.

The FRSs that will be effective in the annual financial statements for the year ending 30 June 2007 may be affected by the issue of additional interpretation(s) or other changes announced by the MASB subsequent to the date of issuance of this interim report. Therefore the policies that will be applied in the Group's financial statements for that period cannot be determined with certainty at the date of issuance of this interim financial report.

Except as disclosed below, the adoption of the FRSs does not have significant financial impact on the Group. The following sets out further information on the changes in accounting policies for the annual accounting period beginning on 1 July 2006 which have been reflected in this interim financial report.

(a) FRS 2 : Share-based payment

In prior years, no amounts were recognised when employees (which term includes directors) were granted share options over shares in the Company. If the employees chose to exercise the options, the nominal amount of share capital and share premium were credited only to the extent of the option's exercise price receivable.

With effect from 1 January 2006, to comply with FRS 2, the Group recognises the fair value of such share options as an expense in the income statement, or as an asset, if the cost qualifies for recognition as an asset under the Group's accounting policies. A corresponding increase is recognised in a capital reserve within equity.

Where the employees are required to meet vesting conditions before they become entitled to the options, the Group recognises the fair value of the options granted over the vesting period. Otherwise, the Group recognises the fair value in the period in which the options are granted.

If an employee chooses to exercise options, the related capital reserve is transferred to share capital and share premium, together with the exercise price. If the option lapse without being exercised, the related capital reserve is transferred directly to retained earnings.

(Company No: 4698-W) (Incorporated in Malaysia) and its subsidiaries

NOTES TO THE INTERIM FINANCIAL REPORT

The Group has taken advantage of the transitional provisions set out in paragraph 53 of FRS 2 under which the new recognition and measurement policies have not been applied to the following grants of options:

- (i) all options granted to employees on or before 31 December 2004; and
- (ii) all options granted to employees after 31 December 2004 but which had vested before 1 January 2006.

No adjustments are required to the opening balance of retained profit as at 1 July 2006 as no options existed at 1 January 2005 which were unvested at 1 January 2006. On 14 February 2007, the Company has granted 200,000 share options to an employee of the Company and recognised the fair value of the options of RM 18,481 as an expense in the income statement with a corresponding increase recognised in the share options reserve within the equity.

(b) FRS 3: Business Combination and FRS 136: Impairment of Assets

Prior to 1 July 2006, the Company has no goodwill. With effect from 1 July 2006, in accordance with FRS 3 and FRS 136, Impairment of Assets, any positive goodwill arising from acquisition will not be amortised but tested annually for impairment including in the year of its initial recognition, as well as when there are indications of impairment. Impairment losses are recognised when the carrying amount of the cash generating unit to which the goodwill has been allocated exceeds its recoverable amount.

Also with the effect from 1 July 2006 and in accordance with FRS 3, if the fair value of the net assets acquired in a business combination exceeds the consideration paid (i.e. an amount arises which would have been known as negative goodwill under the previous accounting policy), the excess is recognised immediately in the income statement as it arises.

The new policy in respect of positive goodwill has been applied prospectively in accordance with the transitional arrangements under FRS 3. The change in policy relating to negative goodwill had no effect on the interim financial report as there was no negative goodwill deferred as at 30 June 2006.

The amount of goodwill identified on the acquisition of Hi-Tech Concrete Products Sdn Bhd on 1 August 2006 of RM 389,738 will not be subject to amortisation with the adoption of FRS 3. The company is now known as Tasek Concrete Sdn Bhd with effect from 6 September 2006.

(c) FRS 138 : Intangibles

Previously, software costs were included under property, plant and equipment. Under FRS 138, unless the software costs are integral to other fixed assets, they are included as part of intangible assets. As a result, software costs which are not integral to other fixed assets are now classified as intangible assets, and amortised over their useful lives.

(d) Summary of changes in accounting policies

In prior year, the investment property was not separately disclosed but was grouped together with other investments. The investment property was disposed of during the first quarter ended 30.9.2006.

The summary of the effects of changes in accounting policies as a result of the adoption of the new/revised FRSs on the comparatives and restated to conform with the current period's presentation.

	As previously	Effects of	
	stated	reclassification	As restated
	RM'000	RM'000	RM'000
Other investment	13,550	(174)	13,376
Investment property	-	174	174

All changes in the accounting policies had been made in accordance with the transitional provision of the Standards and are applied prospectively. No retrospective changes, except for the restatement above had been resulted from the adoption of the new/revised Accounting Standards.

(iii) Changes in accounting estimates

(e) FRS 116 : Property, Plant and Equipment

The asset's residual value, useful life and depreciation methods of an asset shall be reviewed at least at each financial year end and, if expectations differ from previous estimates, the change shall be accounted for as a change in an accounting estimate in accordance with FRS 108, Accounting Policies, Changes in Accounting Estimates and Errors.

In the 2006, the useful life of certain plant and machinery was revised in view of the technical obsolescence and wear and tear resulted in the diminution of the economic benefits derived from these assets. The revision was accounted for as a change in accounting estimates and as a result, the depreciation charge for the current quarter and the current financial period ended 31 March 2007 had been increased by RM 374,000 and RM 1.1 million respectively.

A2 Audit report

The audit report of the Company's preceding annual financial statements was not qualified.

	15,543	5,231

B1 Review of performance

The Group's profit before tax of RM 14.8 million for the current quarter was higher compared to RM 13.4 million in the the previous corresponding quarter. The improved performance was due to higher revenue attributed to higher price of cement during the quarter and higher interest income. Share of higher profit from an associated company also contributed to the higher profit for the quarter.

B2 Comparison of profit before tax for the current quarter with immediate preceding quarter

		Immediate
	Current	preceding
	quarter	quarter
	31.3.07	31.12.06
	RM'000	RM'000
Revenue	80,641	68,953
Consolidated profit before tax	14,809	12,742

The Group's profit before tax was higher compared to the immediate preceding quarter due to the higher price of cement during the quarter and the share of higher profit from an associated company.

B3 Prospect

The Group anticipates better performance for the financial year ending 30 June 2007 with continuous stability in pricing for cement and expected increase in demand of cement from the implementation of projects under the Ninth Malaysia Plan.

B4 Explanation on variances of actual results compared with forecast and shortfall in profit guarantee.

There were no corporate exercises proposed or announced in the last financial year ended that warrants the preparation of profit forecast nor any contract negotiated with profit guarantee.
