B1. Performance Review

(A review of the performance of the company and its principal subsidiaries, setting out material factors affecting the earnings and/or revenue of the company and the group for the current quarter and financial year-to-date).

For the current quarter under review, the Group recorded revenue of RM22.1 million and loss before tax of RM4.2 million. This represents a decrease of 78% and 133% respectively, compared to revenue of RM101.0 million and profit before tax of RM12.9 million recorded in the corresponding quarter of the preceding year. B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONTINUED)

B2. Material Changes As Compared With Immediate Preceding Quarter

(An explanatory comment on any material change in the profit before taxation for the quarter reported on as compared with the immediate preceding quarter).

	Quarter ended 31 Mar 2008 3 months' results (Jan'08–Mar'08) RM'000	Quarter ended 31 Dec 2007 3 months' results (Oct'07–Dec'07) RM' 000	Variance RM'000
(Loss)/profit before tax	(4,175)	8,447	(12,622)

For the current quarter under review, the Group recorded a loss before tax of RM4.2 million. This is a decrease of RM12.6 million compared to profit before tax of RM8.4 million registered in the immediate preceding quarter (quarter ended 31 December 2007). The decrease was due to lower sales from the Township Division and no contribution from the Niche Development Division.

B3. Prospects

(A commentary on the prospects, including the factors that are likely to influence the company's prospects for the remaining period to the end of the financial year or the next financial year if the reporting period is the last quarter).

The Group will remain focused on its twin strategic directions which are the developments of:

- (a) its Township Division (ie. Bandar Seri Alam & Seri Austin in Johor and Bandar Seri Putra in Bangi); and
- (b) its niche developments in prime locations.

The Group's three township projects will continue to provide the base contribution both in terms of development sales and sale of non-core development lands to strategic partners. For the Niche Developments, the Group launched Suasana Bangsar in April 2008 and is expected to launch Raja Chulan project in the later part of the year. Only Suasana Bangsar is expected to contribute positively in 2008 with the full impact of the Raja Chulan project coming on stream in 2009 and 2010.

With the Group registering a loss in the quarter under review, the Board expects the remaining nine months of 2008 to be challenging. However, the Board expects the Group to recover from its first quarter loss and be profitable for the financial year ending 2008.

	(322)	(322)

There were no pending material litigation as at 22 May 2008 (a date not earlier than 7 days from the date of issue of this quarterly report) since the last annual balance sheet date except for the following:

The Inland Revenue Board has raised notices of assessment and additional assessments in respect of prior years' income taxes of a subsidiary company, Bangi Heights Development Sdn Bhd ("BHD"). The assessments are mainly due to a different tax treatment accorded by Inland Revenue Board on the deduction of capitalised interest expense.

The Group does not agree with the assessments and additional assessments and has filed appeals to the Special Commissioner of Income Tax. A deciding order was issued by the Special Commissioner of Income Tax on 22 November 2005 which disallowed the deduction of capitalised interest expense. The Group will continue to defend its position against these assessments and additional assessments and has filed an appeal to the High Court. Hearing at the High Court has been fixed on 11 September 2008.

Pending the resolution of the above matters, the Group has provisionally paid to-date an amount of RM2.1 million as at 31 March 2008.

In the opinion of the solicitors representing BHD in the tax appeal, the company has a good case in its appeal to the High Court.

The Directors are of the opinion that in the event that the High Court upholds the decision of the Special Commissioner of Income Tax, the Group's financial position will not be adversely affected as all additional income taxes arising from disallowance of capitalised interest expense in respect of its prior years of assessment have been paid in full.

- (b) the weighted average number of ordinary shares used as the denominator in calculating basic and diluted earnings per share, and a reconciliation of these denominators to each other).

Basic EPS

Basic EPS of the Group is calculated by dividing the loss for the financial period attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the period, excluding ordinary shares acquired by the Company and held as treasury shares.

	Current Quarter 31 March 2008	Cumulative Period 31 March 2008
Loss for the financial period attributable to equity holders of the Company (RM'000)	(3,958)	(3,958)
Weighted average number of ordinary shares in issue ('000)	241,289	241,289
Basic EPS (sen)	(1.64)	(1.64)

(Company No. 4131-M) (Incorporated in Malaysia)

B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONTINUED)

B13. Earnings Per Share ("EPS") (continued)

Diluted EPS

For the diluted EPS calculation, the weighted average number of ordinary shares in issue is adjusted to assume conversion of all dilutive potential ordinary shares. The Group's dilutive potential ordinary shares are in respect of options over ordinary shares granted to employees.

In respect of options over ordinary shares granted to employees, a calculation is done to determine the number of ordinary shares that could have been acquired at fair value (determined as the average share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding options over ordinary shares. The number of ordinary shares calculated is compared with the number of shares that would have been issued assuming the exercise of the options over ordinary shares. The difference is added to the denominator as an issue of ordinary shares for no consideration. This calculation serves to determine the "bonus" element in the ordinary shares outstanding for the purpose of computing the dilution. No adjustment is made to loss for the financial period attributable to equity holders of the Company for the options over ordinary shares calculation.

Since the exercise price of options over ordinary shares are above the fair value of the Company's ordinary shares as at the end of the financial year-to-date, the options over ordinary shares are non-dilutive. Accordingly, diluted earnings per share information is not presented in the financial statements.
