# 22. COMPARISON BETWEEN THE CURRENT QUARTER AND THE IMMEDIATE PRECEDING QUARTER

The Group has recorded slightly higher revenue of RM62.2 million for the current quarter as compared to RM60.5 million in the same quarter last year. The increase in revenue is due to the impact of passenger travelling pattern has increased.

The Group recorded loss before tax of RM6.7 million as compared to loss before tax of RM10.8 million in the same quarter last year. The lower loss before tax during this quarter is mainly due to the higher revenue as explained above.

#### 23. REVIEW OF PERFORMANCE

The Group recorded revenue of RM123.7 million for the current quarter and for the period ended 30 June 2011 under review as compared to RM125.7 million in the same quarter and the period ended 30 June 2010.

The overall reduction in revenue for the current year as compared to Year 2010 is due to the drop in ridership and the impact of shifting of bus terminal from Puduraya to Bukit Jalil since second quarter 2010.

The Group recorded a loss before tax of RM13.2 million for the current quarter and for the financial period ended 30 June 2011 as compared to loss before tax of RM11.7 in the previous year corresponding quarter and the period ended 30 June 2010.

#### 24. PROSPECTS FOR THE CURRENT FINANCIAL YEAR

The industry is highly sensitive to the fluctuation of the operational cost, such as fuel, toll, tyres and spare parts which is on the increasing trend. However, with the re-location of the bus terminal from Bukit Jalil Stadium back to Puduraya will improve ridership for the next quarter, hence we foresee such trend will continue in the coming months and may increase revenue. In order to reduce future losses, we had taken measures by discontinuing non-profitable routes in order to improve our performance.
