#### Quarterly

For the current quarter under review, the Group recorded revenue of RM13.92 million and loss before tax of RM391,000 as compared to the preceding year corresponding quarter revenue of RM20.66 million and profit before tax of RM778,000. The revenue and profit before tax decreased by 33% and 150% respectively compared to the preceding year corresponding quarter.

The decrease in revenue and profit before tax were mainly attributable to all segments except oil and gas support services. The decrease in construction mainly due to lower order book and no new project secured. The current on-going projects margin are insufficient to cover its overhead costs. The property development segment also recorded lower revenue due to delay in obtaining the renewal of Advertising Permit Developer License (APDL), thus affecting the loan approval and drawdown process. The healthcare services segment also recorded losses since they have yet to start operations.

In addition, the Group incurred an employee benefit expense of RM210,000 in relation to the Share Issuance Scheme ("SIS") during the quarter.

#### Year-to-date

For the nine months ended 31 December 2021, the Group recorded revenue of RM41.30 million and profit before tax of RM307,000 as compared to corresponding preceding nine months ended 31 December 2020 revenue of RM34.78 million and profit before tax of RM137,000.

The slight improved performance was mainly contributed by the property development and oil and gas services segments. Taman Sengkang's project take up rate with loan-approved units are at 86% up to the current financial period 31 December 2021. Oil and gas support services also improved with an increase in works orders and new project secured from Petronas Chemical Methanol Sdn Bhd amounting to RM3.1 million.

On the other hand, the construction segment still faces the challenge of replenishing sizable order book and slow progress billings. Healthcare services segment have yet to commence operations.

The construction segment also recorded a loss before tax of RM611,000 mainly due to no recognition of profit from Nilai Impian 2 and low profit recorded by Langat 2 and Leachate projects of RM342,000 and RM31,000 respectively which were not sufficient to cover the overhead costs. The healthcare segment also recorded a higher loss before tax of RM446,000 compared to RM345,000 in the previous quarter and all of which are operating costs.

#### **B3** Prospects

Our Group remains focus on our existing core business segments namely construction, property development, oil and gas support services and our new business segment of healthcare services.

Our construction segment remains challenging. We will continue to undertake more stringent measures in evaluating new tenders of projects and ensuring our ongoing projects are completed on schedule and within the budget.

As for our property development segment, we are currently focusing on our on-going project at Taman Sengkang, Port Dickson that is nearing completion. The sales of the affordable houses in Taman Sengkang is progressing well and the project is expected to be completed on schedule. Our joint venture projects with Permodalan Negeri Selangor Berhad in Kuala Selangor is currently at the planning stage and pending the approvals from the relevant authorities. We expect the projects to kick start during the second half of 2022.

The outlook for oil and gas support services is positive as the world crude oil price has been stabilising above USD70 per barrel for the last 3 months. We have secured a new project with a contract value of RM3.1 million from Petronas Chemicals Metronol Sdn Bhd (PCMSB) for provision to supply, install and commission of new electrochlorination system and accessories at PCMSB Plant.

As for our healthcare services, the women and children hospital renovation is on track and expected to commence operation by second half of 2022.

Our Board is confident that with the existing projects in hand, we are able to strengthen and sustain our Group's earnings post financial year ending 31 March 2022.
