16. PERFORMANCE REVIEW

	3 months	ended
	31.3.2007 RM'000 unaudited	31.3.2006 RM'000 unaudited
Revenue	332,049	313,763
Profit before taxation	94,071	83,174

The consolidated revenue of the Group for the financial quarter under review was higher by 5.83% as compared to the corresponding quarter last year mainly due to the overall higher revenue achieved in all segments except for event management and auction. The profit before taxation of the financial quarter under review was higher by 13.1% as compared to corresponding quarter last year mainly due to the opening of LCCT-KLIA end of March 2006 and new Passenger Security Service Charges (PSSC) charged to passenger effective from 15th January 2007.

17. MATERIAL CHANGE IN PROFIT BEFORE TAXATION OF CURRENT QUARTER COMPARED WITH PRECEDING QUARTER

	3 months	ended
	31.3.2007 RM'000 unaudited	31.12.2006 RM'000 audited
Revenue	332,049	298,362
Profit before taxation	94,071	75,118

The consolidated revenue of the Group during the financial quarter under review was 11.29% higher than the immediate preceding quarter. The increase was mainly due to revenue derived from Formula One tickets sales and the new Passenger Security Service Charges (PSSC) revenue charged to passengers effective from 15th January 2007.

The profit before taxation increased by 25.23% mainly due to revenue from PSSC as explained above and higher operating cost incurred during the immediate preceding quarter.

18. COMMENTARY ON PROSPECTS

The Group expects the airport services business segment to continue to contribute significantly to the consolidated revenue of the Group for the current financial year. Therefore, revenue stream of the Group would be highly dependent on the passenger movements at the airports operated by the Group. Barring adverse circumstances on the propensity for air travel, the Group expects to register a growth in the passenger movements for the current financial year especially considering it is Visit Malaysia Year.

The GoM recently on 23rd May 2007 reduced PSC in LCCT to RM25 and RM6 for international and domestic passengers respectively. The GoM stated that the rationale behind the changes to the PSC is to encourage domestic and regional air travel and promote tourism. MAHB supports the GoM's effort to stimulate the growing low cost travel industry and make Malaysia a hub for low cost air travel for the region. However, the reduction is expected to spur growth which will provide additional revenue to the Group.

Finally, the Group has completed discussions with the GoM on the proposed corporate and financial restructuring of the Group and is awaiting the outcome of the GoM's decision. The Group expects its financial performance for the current financial year to be determined by the outcome of the abovementioned proposal.
