27 COMMENTARY ON PROSPECTS

With the on-going uncertainties due to Covid-19 pandemic coupled with the unresolved trade disputes between USA and China, we remain cautious in our outlook given the challenging market conditions

The current standard operating procedures (SOP) and restriction in economy activities are seen as an obstacle to recovery. Business confidence is expected to remain low. Due to far reaching effects, we are uncertain when the market will recover.

We will continue to focus on cost optimization and operating efficiency to overcome the challenging operating environment.
