INTERIM FINANCIAL REPORT FOR THE FINANCIAL YEAR ENDED 30 APRIL 2008

NOTES TO THE INTERIM FINANCIAL REPORT

FRS 112 Income Taxes

The Group does not recognise deferred tax assets on unused reinvestment allowances as required by paragraph 36 of FRS112₂₀₀₄ Income Taxes. Under the revised FRS112 Income Taxes, the Group will have to recognise deferred tax asset on such unused reinvestment allowances to the extent that it is probable that future taxable profit will be available against which the unused reinvestment allowances can be utilised. Upon initial adoption of this revised standard, retained earnings as at 1 May 2008 shall be increased by approximately RM2.179 million as there are unused reinvestment allowances of approximately RM8.714 million. The directors are unable to determine if the initial adoption of this revised FRS will have a material impact on the financial statements of the Group for the year ending 30 April 2009.

3. Significant Accounting Estimates And Judgements

(a) Critical Judgements Made in Applying Accounting Policies

There are no critical judgements made by management in the process of applying the Group's accounting policies that have significant effect on the amounts recognised in the financial statements.

(b) Key Sources of Estimation Uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Deferred tax assets

Deferred tax assets are recognised for all unused tax losses and unabsorbed capital allowances to the extent that it is probable that taxable profit will be available against which the losses and capital allowances can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. The total carrying value of unrecognised tax losses and capital allowances of the Group was RM0.344 million (30.4.2007: RM0.675 million).

INTERIM FINANCIAL REPORT FOR THE FINANCIAL YEAR ENDED 30 APRIL 2008

NOTES TO THE INTERIM FINANCIAL REPORT

(ii) Depreciation of plant and equipment

The cost of paper making machinery is depreciated on a straight-line basis over the assets' useful lives. Management estimates the useful lives of these plant and machinery to be within ten years. These are common life expectancies applied in the industry. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

The auditors' report on the financial statements for the year ended 30 April 2007 was not subject to any audit qualification.
