NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS FOR THE SECOND QUARTER ENDED 30 JUNE 2012

1. FIRST-TIME ADOPTION OF MALAYSIAN FINANCIAL REPORTING STANDARDS (MFRS)

These condensed consolidated interim financial statements (Condensed Report) have been prepared in accordance with *MFRS 134: Interim Financial Reporting* and paragraph 9.22 of the Main Market Listing Requirement of Bursa Malaysia Securities Berhad. This Condensed Report also complies with *IAS 34: Interim Financial Reporting* issued by the International Accounting Standards Board (IASB). For the periods up to and including the year ended 31 December 2011, the Group prepared its financial statements in accordance with Financial Reporting Standards (FRSs).

This Condensed Report is the Group's first MFRS compliant Condensed Report and hence *MFRS 1: First-Time Adoption of Malaysian Financial Reporting Standards* (MFRS 1) has been applied.

The date of transition to the MFRS framework is 1 January 2011. At that transition date, the Group reviewed its accounting policies and considered the transitional opportunities under MFRS 1. The impact of the transition from FRS to MFRS is described in Note 2.1 below.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Application of MFRS 1

The audited financial statements of the Group for the year ended 31 December 2011 were prepared in accordance with FRS. As the requirements under FRS and MFRS are similar, the significant accounting policies adopted in preparing this Condensed Report are consistent with those of the audited financial statements for the year ended 31 December 2011 except as discussed below:

(a) Business combination

MFRS1 provides the option to apply MFRS 3 Business Combinations, prospectively from the date of transition or from a specific date prior to the date of transition. This provides relief from full retrospective application of MFRS 3 which would require restatement of all business combinations prior to the date of transition.

Acquisition before date of transition

The Group has elected to apply MFRS 3 prospectively from the date of transition. In respect of acquisitions prior to the date of transition,

- (i) The classification of former business combination under FRS is maintained;
- (ii) There is no re-measurement of original fair values determined at the time of business combination (date of acquisition); and
- (iii) The carrying amount of goodwill recognised under FRS is not adjusted.

(b) Foreign currency translation reserve

Under FRS, the Group recognised translation differences on foreign operations as a separate component of equity. Cumulative foreign currency translation differences for all foreign operations are deemed to be nil as at the date of transition to MFRS.

Accordingly, at the date of transition to MFRS, the cumulative foreign currency translation differences of RM118,302 (30 June 2011: RM118,302; 31 December 2011: RM118,302) were adjusted to retained earnings.

Total plywood sales volume for the quarter was 16,998.87m³ or 32% higher against the previous year corresponding quarter. There were no logs sales recorded for the current quarter ended.

For the quarter under review, the Group paid an average 25% to 30% more for the logs sourced from outside for plywoods production as all the timbers in the concession had been extracted. In addition, certain plywoods had to be outsourced to fulfill particular orders; a total of 1,468.3 m³ were purchased at an average price of 28 % above the Group's inventory cost. These factors resulted in our overall gross loss of RM 155,000. The Group suffered a loss before tax of RM 2.9 million compared with RM2.6 million profit before tax for the correspondence quarter of the preceding year.

16. Variation of Results Against Preceding Quarter

The Group's current quarter registered a loss before taxation of RM2.9 million which is higher than the preceding quarter due to the volume shipped decreased by 13% coupled with the high operation cost incurred during the quarter under review.
