The Group's revenue for 2Q2024 increased by 6% to RM94.43 million, up from RM89.41 million in 2Q2023. This growth was primarily driven by the construction segment, which saw its revenue increase from RM5.92 million in 2Q2023 to RM34.91 million in 2Q2024. However, this growth was partially offset by a decline in the property segment, which reported revenue of RM52.38 million this quarter, compared to RM74.14 million in the corresponding reporting quarter.

Other income increased to RM0.96 million in 2Q2024 compared to RM0.67 million in 2Q2023. Other income comprised rental income earned from unsold properties, dividend income and interest income earned from short term placement with licensed banks, gain from disposal of property, plant and equipment, reversal of impairment of trade receivables, tender documents fee and administrative charges for sub-sales and re-financing.

Administrative expenses increased to RM10.57 million in 2Q2024 compared to RM9.29 million in 2Q2023. The increase was mainly due to the increase in staff cost and depreciation of property, plant and equipment in 2Q2024. Other components of the administrative expenses have not varied much compared to those incurred during 2Q2023.

The Group's revenue for 6M2024 increased by 4% to RM174.57 million, up from RM168.6 million in 6M2023. This increase was largely driven by the construction segment, which grew from RM16.88 million in 6M2023 to RM63.40 million in 6M2024. Administrative expenses increased to RM22.61 million compared to RM16.96 million in 6M2023. The increase was mainly due to the increase in staff cost and depreciation of property, plant and equipment. Other components of the administrative expenses have not varied much compared to those incurred during the corresponding period.
