## NOTES TO THE INTERIM FINANCIAL STATEMENTS

#### A1. Corporate Information

LCTH Corporation Berhad is a public limited liability company incorporated and domiciled in Malaysia, and is listed on Bursa Malaysia Securities Berhad.

These condensed consolidated interim financial statements were approved for release by the Board of Directors on 14 May 2018.

## A2. Basis of Preparation

This condensed consolidated interim financial statements ("Condensed Report") have been prepared in accordance with MFRS 134: Interim Financial Reporting, IAS 34: Interim Financial Reporting and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial statements should be read in conjunction with the Group's annual audited financial statements for the year ended 31 December 2017. The explanatory notes attached to these condensed consolidated interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2017.

## A3. Significant Accounting Policies

The significant accounting policies and methods of computation adopted for the interim financial statements are consistent with those adopted for the annual financial statements for the year ended 31 December 2017 except for the adoption of the following which are applicable to its financial statements and are relevant to its operations:

# (a) Adoption of standards

Description	Effective for annual periods beginning on or after
MFRS 2: Classification and Measurement of Share-based Payment Transactions (Amendments to MFRS 2)	1 January 2018
MFRS 9: Financial Instruments	1 January 2018
MFRS 15: Revenue from Contracts with Customers	1 January 2018
MFRS 140: Transfers of Investment Property (Amendments to MFRS 140)	1 January 2018
Annual Improvements to MFRS Standards 2014-2016 Cycle	1 January 2018
IC Interpretation 22: Foreign Currency Transactions and Advance Consideration	1 January 2018

The adoption of the above standards do not have significant financial impact to the Group's consolidated financial statements for the current quarter other than the following:

### NOTES TO THE INTERIM FINANCIAL STATEMENTS

## A3. Significant Accounting Policies (continued)

#### (a) Adoption of standards (continued)

#### MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 118 Revenue, MFRS 111 Construction Contracts and the related interpretations when it becomes effective.

The core principle of MFRS 15 is that an entity should recognise revenue which depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

The Group adopted MFRS 15 using the modified retrospective method. The effect of adopting MFRS 15 is, as follows:

## (i) Rendering of services

The Group provides delivery services. These services are bundled together with the sale of goods to a customer. Currently, the Group accounts for the bundled sales as one deliverable and recognises revenue at a point in time. Under MFRS 15, the sale of goods and the rendering of delivery services are separate deliverables of bundled sales. The considerations received or receivable should be allocated between these deliverables based on relative stand-alone selling prices of each deliverable. The delivery services will be recognised over time and its stage of completion will be measured using the actual time incurred to date compared to the estimated time needed to complete the delivery services.

In addition, costs relating to the fulfilment of the delivery services currently classified as distribution expenses shall be reclassified as costs of goods sold under MFRS 15.

The Group did not identify any material impact to revenue, cost of sales and profit for the current financial period upon the adoption of MFRS 15.

#### (ii) Presentation and disclosure requirements

As required for the condensed interim financial statements, the Group disaggregated revenue recognised from contracts with customers into categories that depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors. The Group also disclosed information about the relation between the disclosure of disaggregated revenue and revenue information disclosed for each reportable segment. Refer to note A10 for the disclosure on disaggregated revenue.

#### **MFRS 9 Financial Instruments**

MFRS 9 introduces new requirements for classification and measurement, impairment and hedge accounting.

(Incorporated in Malaysia - Company No. 633871-A)

## NOTES TO THE INTERIM FINANCIAL STATEMENTS

## (a) Adoption of standards (continued)

## **MFRS 9 Financial Instruments (continued)**

The effect of adopting MFRS 9 is, as follows:

## (i) Classification and measurement

The Group does not expect a significant impact on its statements of financial position or equity on applying the classification and measurement requirements of MFRS 9. It expects to continue measuring at fair value all financial assets currently held at fair value.

Loans and receivables are held to collect contractual cash flows and are expected to give rise to cash flows representing solely payments of principal and interest. The Group and the Company analysed the contractual cash flow characteristics of those instruments and concluded that they meet the criteria for amortised cost measurement under MFRS 9. Therefore, reclassification for these instruments is not required.

## (ii) Impairment

The Group applies the simplified approach and records lifetime expected losses on all receivables. Due to the strong creditworthiness of the Group's debtors, the Group has determined that there shall not be any loss allowance required.

#### (iii) Hedge accounting

As the Group does not apply hedge accounting, applying the hedging requirements of MFRS 9 shall not have a significant impact on the Group and the Company's consolidated financial statements.

# (b) Standards issued but not yet effective

At the date of authorization of these interim financial statements, the following Standards, Amendments, Annual Improvements and IC Interpretations were issued but not yet effective and have not been applied by the Group:

Investor and its Associate or Joint Venture	Deferred

(Incorporated in Malaysia - Company No. 633871-A)

#### NOTES TO THE INTERIM FINANCIAL STATEMENTS

#### (b) Standards issued but not yet effective (continued)

The adoption of these Standards, Amendments, Annual Improvements and IC Interpretations above will have no material impact on the financial statements in the year of initial adoption, except as discussed below :

## **MFRS 16 Leases**

MFRS 16 will replace MFRS 117 Leases, IC Interpretation 4 Determining whether an Arrangement contains a Lease, IC Interpretation 115 Operating Lease-Incentives and IC Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under MFRS 117.

At the commencement date of a lease, a lessee will recognise a liability to make lease payments and an asset representing the right to use the underlying asset during the lease term. The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions), less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at present value of the lease payment that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications.

Classification of cash flows will also be affected as operating lease payments under MFRS 117 are presented as operating cash flows, whereas under MFRS 16, the lease payments will be split into a principal (which will be presented as financing cash flow) and an interest portion (which will be presented as operating cash flow).

Lessor accounting under MFRS 16 is substantially the same as the accounting under MFRS 117. Lessors will continue to classify all leases using the same classification principle as in MFRS 117 and distinguish between two types of leases: operating and finance leases. MFRS 16 also requires lessees and lessors to make more extensive disclosures than under MFRS 117.

MFRS 16 is effective for annual periods beginning on or after 1 January 2019. Early application is permitted but not before an entity applies MFRS 15. A lessee can choose to apply the standard using either a full retrospective or a modified retrospective approach. The Group is in the midst of assessing the potential impact of MFRS 16 on its financial statements.

# A4. Disclosure of Audit Report Qualification and Status of Matters Raised

The audit report of the Group's annual financial statements for the year ended 31 December 2017 did not contain any qualification.

#### A5. Seasonal or Cyclical Factors

The Group's operations are not significantly affected by any seasonal or cyclical factors during the period under review.

## Performance of the current quarter against the preceding quarter (Q1 2018 versus Q1 2017)

The Group recorded a revenue of RM25.6 million for the first quarter ended 31 March 2018. This is RM2.3 million or 10.0% higher compared to the revenue of RM23.3 million in the corresponding quarter in 2017. The increase in revenue was due mainly to the increase in orders of medical products and other non-core sales.

The Group recorded a profit before tax of RM1.2 million in the current quarter, which is RM1.0 million lower than the profit before tax of RM2.2 million in the corresponding quarter in 2017. This was due mainly to higher foreign exchange loss of RM0.4 million, higher share of loss of a joint venture of RM0.2 million and lower profit margin on product sold in current quarter.

#### Performance of the current quarter compared with immediate preceding quarter (Q1 2018 versus Q4 2017)

The Group recorded a revenue of RM25.6 million for the current quarter, a decrease of RM8.6 million or 25.1% compared to the RM34.2 million in the immediate preceding quarter. The decrease in revenue was due mainly to the decrease in orders of consumer and medical products.

The Group recorded a profit before tax of RM1.2 million for the current reporting quarter, a decrease of RM3.2 million compared to the RM4.4 million in the immediate preceding quarter. This was due mainly to lower revenue and lower profit margin on product sold in current quarter.

#### **B3.** Prospects

In view of the threat of trade war between United States of America and China, the Group expects the operating conditions in its industry to remain challenging. The volatility of US Dollar against Ringgit Malaysia, if continued, is expected to influence the results of the Group going forward as the Group is predominantly involved in export sales. The Group will continue to expand its market share with existing and new customers, increase the capacity utilization as well as to improve operational efficiency.

#### B4 Variance of Actual Profit from Forecast Profit

The Group did not issue any profit forecast or profit guarantee for the year.
