INTERIM FINANCIAL REPORT ON CONSOLIDATED RESULTS FOR THE SECOND QUARTER ENDED 30 JUNE 2018

PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

A.1 Corporate information

BP Plastics Holding Bhd is a public limited liability company incorporated and domiciled in Malaysia and is listed on the Main Market of Bursa Malaysia Securities Berhad.

These condensed consolidated interim financial statements were approved by the Board of Directors on 1 August 2018.

A.2 Basis of preparation

The condensed consolidated interim financial statements are unaudited and have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134- *Interim Financial Reporting* and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. The interim financial statements also comply with International Accounting Standard ("IAS") 34- *Interim Financial Reporting* issued by the International Accounting Standards Board ("IASB").

The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of changes in the financial position and performance of the Group since the year ended 31 December 2017.

The accounting policies and method of computation adopted by the Group in the interim financial statements are consistent with those adopted in the financial statements for the year ended 31 December 2017, except for the adoption of the following as below, effective for 1 January 2018:

- MFRS 9, Financial Instruments
- MFRS 15, Revenue from Contracts with Customers
- IC Interpretation 22, Foreign Currency Transactions and Advance Consideration
- Amendments to MFRS 15: Clarifications to MFRS 15
- Amendments to MFRS 140: Transfers of Investment Property

The adoptions of the Amendments to MFRS 140 and IC Interpretations 22 do not have any effect on the Group's accounting policies and no financial impact on the financial performance of the Group.

MFRS 9, Financial Instruments

This is to replace MFRS 139 that relates to recognition, classifications and measurements of financial assets and financial liabilities, recognition of financial instruments and impairment of financial assets.

The main impact of adopting the above on the Group's accounting policies is as follows:

From 1 January 2018, the Group classifies its financial assets into those to be measured subsequently at fair value (either through other comprehensive income or profit or loss) and those to be measured at amortised costs.

(Company No. 644902-V) (Incorporated in Malaysia)

INTERIM FINANCIAL REPORT ON CONSOLIDATED RESULTS FOR THE SECOND QUARTER ENDED 30 JUNE 2018

A.2 Basis of preparation (continued)

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

At initial recognition, financial assets are measured at fair value plus transactions costs for those financial assets not at fair value through profit or loss. Transactions costs relating to financial assets at fair value through profit and loss are expensed to profit or loss.

For trade receivables, the Group assesses on a forward looking basis using the expected lifetime credit losses for impairment.

The accounting policy is adopted retrospectively with no financial impact from its adoption.

MFRS 15, Revenue from contracts with customers

This is to replaced MFSR 118, Revenue and MFRS 111, Constructions contracts.

The main impact of adopting the above on the Group's accounting policies is as follows:

Sales are recognised when control of the products has transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products. No element of financing is deemed present as the sales are made with a credit term of 30 to 90 days.

The accounting policy is adopted retrospectively with no financial impact from its adoption.

A.3 Standards and interpretations issued but not yet effective

As at date of authorisation of issuance of these interim financial statements, the following new MFRSs which are applicable to the Group, were issued but not yet effective, and have not been applied by the Group:

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2019

- MFRS 16, Leases
- IC Interpretation 23 Uncertainty over Income Tax Treatments
- Amendments to MFRS 9: Prepayment Features with Negative Compensation
- Annual Improvements to MFRS Standard 2015-2017 Cycles

Amendments to References to the Conceptual Framework in MFRS Standards are effective for annual period beginning on or after 1 January 2020.

The adoption of the above MFRS, ICs and amendments is expected to have no material impact on the financial statements of the Group in the period of initial application except as the Group is in the midst for studying the effect for MFRS 16.

INTERIM FINANCIAL REPORT ON CONSOLIDATED RESULTS FOR THE SECOND QUARTER ENDED 30 JUNE 2018

B.2 Variation of results against last quarter

The Group's performance for the current quarter ("2Q18") compared with the preceding quarter ("1Q18") is as follows:

Description	Unaudited 2Q18 RM'000	Unaudited 1Q18 RM'000	Change %

PBT	6,078	6,776	-10.30
PAT	4,751	4,614	+2.97

Unaudited PBT of RM6.08 million for the quarter under review was lower by 10.30% compared with the unaudited PBT of RM6.78 million in 1Q18 mainly due to lower production output arising from more public holidays.

Unaudited PAT of RM4.75 million for the quarter under review was higher by 2.97% compared with the unaudited PAT of RM4.61 million in 1Q18 mainly due to deferred tax adjustment.

B.3 Current year prospects

The Group anticipates that domestic and external packaging demands remain resilient in the second half of this year amidst the trade war between US and China, US Federal interest rate hike as well as commodity prices volatility. Besides that, electricity tariff hike, increasing labour cost and proposed SST implementation from 1 September 2018 will increase the cost to the Group.

Despite the highly competitive and challenging business environment, the Group is committed to focus on progressive product quality enhancements, greater production efficiencies and on-going cost management.

With all the above efforts, the Board expects to deliver profitable results for the financial year ending 31 December 2018.

B.4 Variance of actual profit from profit forecast

This note is not applicable as the Group did not issue nor publish any profit forecast for the current year under review.
