1. Basis of Preparations

The Interim Financial Statements are unaudited and have been prepared in compliance with the requirements of MFRS 134 *Interim Financial Reporting* and Appendix 9B of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

These interim financial statements include only condensed financial statements and should be read in conjunction with the annual financial statements for the financial year ended 31 December 2018. The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the financial position and performance of the Group since the financial year ended 31 December 2018.

2. Significant Accounting Policies

The accounting policies adopted for this interim report are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2018 except for the following:

The Group adopted the following additional accounting policies during current quarter:

i) Land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation and accumulated impairment losses. The land use rights are amortised over their lease terms.

The Group has assessed and classified land use rights of the Group as operating leases as management has determined that the risks and rewards incidental to ownership of the land do not reside with the Group.

ii) Investment properties

Investment properties are initially measured at cost, which includes transaction costs. After initial recognition, investment properties are stated at cost less any accumulated depreciation and any accumulated impairment losses. The investment properties are depreciated over the lease terms.

(Company No. 638899-K)

2. Significant Accounting Policies (cont'd)

iii) Hedging and Non-hedging derivatives assets and liabilities

Hedging derivative assets and liabilities are measured at fair value through other comprehensive income whereas non-hedging derivative assets and liabilities are measured at fair value through profit or loss.

In the financial year ended 2012, the Group obtained a term loan denominated in RM from a financial institution, with whom the Group entered into a USD/RM cross currency interest rate swap contract. The term loan was subsequently converted into USD and extended to its subsidiary in Vietnam. The Group shall repay the loan in RM at a predetermined USD/RM conversion rate as per the cross currency interest rate swap contract. The subsidiary shall repay the loan in USD to the Group.

b) Cross currency interest rate swaps

Cross currency interest rate swaps have been entered into in order to operationally hedge floating monthly interest payments on borrowings that would mature in various date. The fair value of cross currency interest rate swaps is based on bankers' quotes.

iv) Cash flow hedge

The cash flow hedge comprises the effective portion of the cumulative net change in the fair value of the cash flow hedges related to hedged transactions that have not yet occurred.

v) Retirement benefit obligations

The Group operates an unfunded, defined Retirement Benefit Scheme ("the Scheme") for its eligible employees. The Group's obligation under the Scheme is determined based on the latest actuarial valuation by an independent actuary dated 17 January 2017. The Group carries out the valuation every three years. Under the Scheme, eligible employees are entitled to retirement benefits varying between 18 days and 52 days per year of final salary upon attainment of the retirement age of 60.

PART B: REQUIREMENTS OF MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

1. Review of performance

(a) Current quarter ended 31 March 2019 ("Q1, 2019") compared with previous corresponding quarter ended 31 March 2018 ("Q1, 2018")

The Group's revenue increased from RM310.5 million in Q1, 2018 to RM406.2 million in Q1, 2019. Profit before taxation and profit after taxation increased from RM15.9 million and RM11.4 million in Q1, 2018 to RM261.3 million and RM256.3 million respectively in Q1, 2019. Increase in profit before taxation was mainly due to bargain purchase arising from the acquisition of KJCF shares offset against loss on remeasurement of previously equity interest held in KJCF. The bargain purchase gain recorded in Q1, 2019 was subject to revision upon the completion of the valuation process.

General Packaging division

General Packaging division generated total revenue of RM200.2 million in Q1, 2019, an increase of RM76.6 million from RM123.6 million in Q1, 2018. Revenue increased mainly due to first time consolidation of the revenue of KJCF Group's General Packaging division as well as increase in sales of existing Tin Cans segment. Profit before taxation decreased by RM0.9 million to RM1.9 million in Q1, 2019 mainly attributable to higher admin expenses and financial expenses.

Contract Manufacturing division

Revenue in Contract Manufacturing division grew by RM31.3 million to RM251.6 million in Q1, 2019 compared to RM220.3 million in Q1, 2018 contributed mainly by contract packing for edible oils. Compared to Q1, 2018, profit before taxation of Q1, 2019 increased by RM5.2 million to RM18.5 million mainly due to sales growth as well as sales mix and favourable foreign currency exchange offset against increased operating expenses.

Trading division

Revenue of Trading division increased by RM13.5 million to RM49.5 million in Q1, 2019 compared to RM36.0 million in Q1, 2018, mainly due to increased trading activity and first time consolidation of KJCF Trading division. Investment in associate

The Group equity accounted the results of KJCF at 32.9% equity interest, amounting to loss (net of tax) of RM3.4 million in the current quarter compared to profit (net of tax) of RM3.5 million in Q1, 2018. This was mainly impacted by initial operating loss in Myanmar amounting to RM13.0 million in current quarter as compared to Q1, 2018.

2. Variation of results against immediate preceding quarter ended 31 December 2018 ("Q4, 2018") (cont'd)

Investment in associate

The Group equity accounted the results of KJCF at 32.9% equity interest, amounting to loss (net of tax) of RM3.4 million in the current quarter compared to loss (net of tax) of RM0.8 million in last quarter. This was mainly due to lower revenue as well as initial operating loss in Myanmar amounting to RM13.0 million in current quarter as compared to RM8.4 million in last quarter.

3. Prospects

The World Bank is maintaining its forecast for Malaysia's 2019 gross domestic product growth at 4.7%, with private consumption continuing to be the main driver of growth, albeit expanding at a more measured pace. On the other hand, global conditions remain challenging in 2019. Global growth is projected to slow to 2.7% in 2019, reflecting decelerating activity in advanced economies and in many large emerging market and developing economies.

The key challenges faced by the Group included:

- (i) Weak sentiment in consumer market in Malaysia which had a knock-on effect on the Group's operations;
- (ii) Volatility in foreign currency exchange rates, mainly United States Dollar ("USD");
- (iii) Escalating costs of direct materials such as tin plate, aluminium and paper rolls; and
- (iv) Increase in production costs including labour costs.

The Malaysian Government had increased the minimum wage by 10% from RM1,000 to RM1,100 per month with effect from 1 January 2019. The Vietnam's National Wage Council simultaneously increased the minimum wage by 5.03%. These would add additional cost to the Group.

The 2 new plants in Myanmar commenced operations in the first quarter of 2019. Since this is a greenfield project, the Group can only anticipate positive contribution from these 2 plants in 4 to 5 years from their commencement of operation.

Looking ahead, the Management is cautiously optimistic that the results would improve in 2019.

4. Profit forecast/profit guarantee

The Group did not publish any profit forecast nor provide any profit guarantee.

The current quarter's effective tax rate is lower than the Malaysian corporate tax rate of 24% mainly due to non-taxable income arising from gain on bargain purchase recognised during the current quarter under review.

6. Status of Corporate Proposals

Proposed Acquisition of 2,166,000 ordinary shares in KJCF ("KJCF Shares"), representing approximately 0.49% equity interest in KJCF by Can-One International Sdn Bhd ("CISB" or "Offeror"), a wholly-owned subsidiary of Can-One Berhad ("Can-One"), from Tan Kim Seng ("Vendor") at a total cash consideration of RM6,714,600 or RM3.10 per KJCF Share ("Acquisition") and the resultant Mandatory General Offer for all the remaining KJCF Shares not already owned by CISB after the Acquisition at a cash consideration of RM3.10 per KJCF Share ("Offer Price") ("MGO")

(The Acquisition and MGO are collectively referred to as the "Proposals")

On 13 December 2018, AmInvestment Bank Berhad ("AmInvestment Bank") had, on behalf of the Board, announced that CISB had entered into a conditional sale and purchase agreement ("SSA") with the Vendor.

At the Extraordinary General Meeting ("EGM") of Can-One on 14 February 2019, shareholders approved the Proposals. Consequently, the SSA became unconditional and the Acquisition was completed on 14 February 2019. As a result of the Acquisition, CISB's shareholding in KJCF increased from 32.90% to 33.39%.

6. Status of Corporate Proposals (cont'd)

Pursuant to Section 218(2) of the Capital Markets and Services Act 2007 ("CMSA") and Paragraph 4.01(a) of the Rules and Take-overs, Mergers and Compulsory Acquisitions ("Rules"), as the shareholding of CISB in KJCF had exceeded 33.00% of the total voting shares in KJCF. On 14 February 2019, AmInvestment Bank on behalf of CISB, served a Notice to KJCF's Board of Directors in respect of the MGO in accordance with Paragraph 9.10(1) of the Rules ("Offer").

On 1 March 2019, AmInvestment Bank, on behalf of CISB, extended the Offer to the shareholders of KJCF whose names appeared in the Record of Depositors of KJCF as at 26 February 2019 and have a registered Malaysian address maintained with Bursa Malaysia Depository Sdn. Bhd.. The closing date for the acceptance of the Offer was 22 March 2019 or such later date as CISB may decide and announce at least 2 days before the closing date.

On 18 March 2019, the valid acceptances of the Offer when taken together with the KJCF Shares of CISB, Can-One and Parties Acting in Concert with them, were more than 50% of the total KJCF Shares. Accordingly, the acceptance condition was fulfilled and the Offer became unconditional. As at 31 March 2019, CISB and Can-One's equity interest in KJCF aggregated 82.78%. The closing date of the Offer was extended to 8 April 2019 and subsequently, extended to 30 April 2019 ("Final Closing Date").

On 30 April 2019, AmInvestment Bank announced that the Offer had closed at 30 April 2019, 5.00 p.m. (Malaysia Time). Based on the valid acceptances, CISB and Can-One's collectively held 97.48% of the total KJCF Shares.

As CISB and Can-One did not intend to maintain the listing status of KJCF, Bursa Malaysia Securities Berhad ("Bursa Securities") suspended the trading of the securities of KJCF commencing 9 May 2019, being the expiry of 5 Market Days from the Final Closing Date of 30 April 2019 in accordance with Paragraph 16.02(3) of the Main Market Listing Requirements of Bursa Securities. Accordingly, CISB procured KJCF to make an application to Bursa Securities for the withdrawal of its listing status from the Official List of Bursa Securities, in accordance with Paragraph 16.07 of the Listing Requirements.

In addition, as CISB had received valid acceptance of not less than nine-tenths (9/10) in the value of the KJCF Shares (excluding KJCF Shares already held by the CISB, Can-One and Parties Acting in Concert as at the Posting Date), CISB and Can-One invoked the provisions of Section 222(1) of the CMSA to compulsorily acquire any remaining offer shares.
