B1. Review of Performance

Performance of the Second Quarter/Six-Month Financial Period

Gross revenue for the quarter ended 31 December 2024 (“Second Quarter”) recorded an increase of 10.4% to RM10.0 million as compared to the corresponding quarter of the preceding year. This was mainly due to better occupancy and higher rental rates. Property operating costs were lower by 7.7% mainly due to assessment rebates received for Menara HLX and Plaza Zurich. Interest expenses fell by 16.4% due to lower borrowings. Accordingly, net trust income before change in fair value of investment properties and tax improved by RM1.9 million as compared to the corresponding quarter of the preceding year.

For the six-month financial period, gross revenue and net trust income improved by RM1.9 million (10.7%) and RM3.6 million (517.3%) respectively as compared to the corresponding period of the preceding year. The improvement in the results was due to the gains from higher rental and interest income, reduced property operating expenses and lower interest costs.

B2. Material Change in Income before Tax for the Second Quarter Compared with Immediate Preceding Quarter

Net trust income for the Second Quarter of RM2.3 million was higher as compared to net trust income of RM2.0 million in the immediate preceding quarter. This was mainly due to improved occupancy and lower property operating expenses in the current quarter.

There were no unusual circumstances that had materially affected the interest of the unitholders for the current quarter.

B9. Prospects

The Manager achieved improved occupancy in all Tower REIT properties during the current financial period despite the challenging office rental market particularly in the Klang Valley higher-grade offices. Notwithstanding increasing vacancies, depressed office rental rate and rising operating expenses, the uptick in leasing inquiries and growing business confidence signal a positive trajectory for the REIT. The Manager continues to pursue renewal/enhancement initiatives to improve building attributes and enhance ESG performance while expanding the leasing pipeline. This, together with effective cost management remain the strategic imperatives of Tower REIT to strengthen and sustain its competitive position.

B10. Material Litigation

The IRB has subsequently on 5 March 2024 withdrawn the appeal against the decision of the High Court.
