QUILL CAPITA TRUST
EXPLANATORY NOTES FOR QUARTER ENDED 30 JUNE 2010

A1 BASIS OF PREPARATION

The financial statements have been prepared under the historical cost convention except for investment properties and derivative financial instruments which are stated at fair value.

The financial statements comply with the applicable Financial Reporting Standards in Malaysia, provisions of the Trust Deed and the Securities Commission's Guidelines on Real Estate Investment Trusts.

A2 BASIS OF CONSOLIDATION

The consolidated financial statements include the financial statements of QCT and its special purpose entities ("SPEs"). The SPEs were established for the specific purpose of raising financing on behalf of QCT for the acquisition of real estate properties and single-purpose companies. QCT does not have any shareholding in these entities. A SPE is consolidated if, based on an evaluation of the substance of its relationship with QCT and the SPE's risks and rewards, QCT concludes that it controls the SPE. SPEs controlled by QCT were established under terms that impose strict limitations on the decision-making powers of the SPE's management resulting in QCT receiving all of the benefits related to the SPE's operations and net assets.

A3 CHANGES IN ACCOUNTING POLICIES

On 1 January 2010, QCT adopted, where applicable, the following FRSs, Amendments to FRSs and IC Interpretations mandatory for financial periods beginning on or after 1 July 2009 and 1 January 2010:

FRS 8: Operating Segments

FRS 7: Financial Instruments: Disclosures

FRS 101: Presentation of Financial Statements (revised)

FRS 123: Borrowing Costs

FRS 139: Financial Instruments: Recognition and Measurement

Amendments to FRS 1: First-time Adoption of Financial Reporting Standards and FRS 127: Consolidated and Separate Financial Statements: Cost of an Investment in Subsidiary, Jointly Controlled Entity or Associate

Amendments to FRS 2: Share-based Payment – Vesting Conditions and Cancellations

Amendments to FRS 132: Financial Instruments: Presentation

Amendments to FRS 139: Financial Instruments: Recognition and Measurement, FRS 7: Financial Instruments: Disclosure and IC Interpretation 9: Reassessment of Embedded Derivatives

Amendments to FRSs 'Improvements to FRSs (2009)'

IC Interpretation 9: Reassessment of Embedded Derivatives

IC Interpretation 10: Interim Financial Reporting and Impairment

IC Interpretation 11: FRS 2 – Group and Treasury Share Transactions

IC Interpretation 13: Customer Loyalty Programmes

IC Interpretation 14: FRS 119 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction

A3 CHANGES IN ACCOUNTING POLICIES (cont'd)

The adoption of the above FRSs, Amendments to FRSs and IC Interpretations does not impact significantly the financial results of QCT. FRSs affecting the accounting policies of QCT are as set out below:

(a) FRS 7: Financial Instruments: Disclosures

This Standard requires new disclosures in relation to financial instruments, both quantitative and qualitative of the QCT's exposure to risks, enhanced disclosure regarding components of the QCT's financial position and performance, and possible changes to the way of presenting certain items in the financial statements.

(b) FRS 139: Financial Instruments: Recognition and Measurement

Derivatives

Prior to adoption of FRS 139, derivative contracts were recognised in the financial statements on settlement date. With the adoption of FRS 139, the derivative contracts are now categorised as fair value through profit and loss and measured at their fair values with the gain and loss recognised in the income statement. QCT did not account for any derivative contract under hedge accounting.

Impairment of trade and other receivables

Prior to the adoption of FRS 139, an allowance for doubtful debts will be made when a receivable is considered irrecoverable by the management. With the adoption of FRS 139, an impairment loss is recognised for trade and other receivables and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate.

These changes in accounting policies have been made in accordance with the transitional provisions of FRS 139. In accordance to the transitional provisions for FRS 139 for first-time adoption, adjustments arising from remeasuring the financial instruments at the beginning of the financial year were recognised as adjustments of the opening balance of retained earnings or another appropriate reserve. Comparatives are not adjusted.

A4 AUDIT REPORT OF PRECEDING FINANCIAL YEAR ENDED 31 DECEMBER 2009

The audit report of the financial statements for the preceding year ended 31 December 2009 was not qualified.

A5 SEASONALITY OR CYCLICALITY OF OPERATIONS

B1 REVIEW OF PERFORMANCE

Quarter and year todate results

QCT recorded total revenue of RM17.35 million and property operating expenses of RM4.06 million respectively for the current quarter ended 30 June 2010. Realised income after taxation of RM8.30 million was achieved. Borrowing costs of RM3.64 million and manager's fee of RM1.31 million were incurred during the quarter.

As compared with the preceding year corresponding quarter, the revenue is higher due mainly to increase in rental rates of some properties. The realised income after tax is higher due mainly to the increase in income contribution from the properties as a result of effective capital, tenancy and asset management by the manager.

For the six months ended 30 June 2010, QCT achieved a revenue of RM34.54 million, an increase of 2.8% as compared to the revenue of RM33.59 million for the preceding year corresponding period. Realised profit after tax rose by 2.2% to RM15.77 million from RM17.44 million achieved in the preceding year corresponding period, due mainly to higher rental and income contributions from QCT's properties.

The realised income after tax of RM8.30 million is higher than the immediate preceding quarter of RM7.91 million due mainly to higher income contributions from the properties and lower expenses incurred in the current quarter.

The performance of QCT for the quarter ended 30 June 2010 is in line with the investment objective of QCT.

B2 INVESTMENT OBJECTIVES AND STRATEGIES

The investment objective of QCT is to acquire and invest in commercial properties primarily in Malaysia with a view to provide long-term growth and sustainable distribution of income to unitholders and to achieve long-term growth in the net asset value per unit. There has been no change in the investment objective of QCT since the date of QCT's Annual Report 2009.

The Manager will continue to focus on its portfolio management and acquisition growth strategy, active asset management strategy and capital management strategy to achieve the investment objective of QCT. There has been no change in the strategies employed by the Manager since the date of QCT's Annual Report 2009 as they still remain relevant in the current market conditions.

B3 PROSPECTS

With the satisfactory performance of QCT's existing portfolio and the manager's continuous focus on tenant retention, capital management and cost efficiency measures, the manager is confident that QCT will achieve sustainable income distribution for the year.

B4 REVENUE RECOGNITION

Revenue is recognised to the extent that it is probable that the economic benefits will flow to QCT and the revenue can be reliably measured.

Revenues from the rental of investment properties, service charges, car park income and utilities recovery are recognised on an accrual basis.

B5 PROFIT FORECAST / PROFIT GUARANTEE VARIANCE

a) Profit forecast

There has been no profit forecast issued by QCT for the financial year 2010.

If the REIT is unable to meet the 90% distribution criteria, the entire taxable income of the REIT for the year would be subject to income tax.

The risk associated with the IRSs above would be credit risk, which is the counterparty risk of the financial institutions with whom the IRSs were contracted. However, the Manager has taken precaution to mitigate this risk by entering the IRSs contracts with reputable licensed financial institutions.

The fair values of the IRSs and the maturity profile as at 30 June 2010 are as follows:
