There was no change in the investment objectives of the Atrium REIT as at the date of this report.

Quarterly Results

For the quarter ended 31 December 2015, the Atrium REIT recorded total income of RM8,114,239 which is 4.1% higher than the corresponding quarter of RM7,796,873. Income before taxation for the quarter of RM5,849,095 represents an decrease of 11.6% compared to RM6,613,744 achieved in the last corresponding quarter.

The income before taxation (realised) for the quarter under review decreased by 26.3% to RM1,557,932 from RM2,113,744 achieved in the last corresponding quarter. The significant decrease is mainly due to the rental void in Atrium Shah Alam 2 and an increase in the Trust expenses. The Trust expenses increased mainly due to the increase in administrative and other expenses even though there was a decrease in the finance costs. The higher administrative expenses is due to the real estate agents' fees for Atrium Shah Alam 1 and Atrium Puchong whilst the increase in other expenses is due to bad debt written off relating to a non-recoverable goods and services tax paid.

Financial Year End Result

For the financial year ended 31 December 2015 (“FY2015”), Atrium REIT recorded total income of RM21,438,003 which is 11.2% higher than the RM19,271,023 achieved in the last financial year while net income before taxation (realised) for FY2015 increased by 7.9% to RM11,133,504 as compared to RM10,322,606 achieved in the last financial year.

The slight increase in realised net income is mainly due to gain on disposal of Atrium Rawang and increase in other income even though the gross revenue decreased significantly as a result of the rental void in Atrium Shah Alam 2 and part of Atrium Puchong, loss of rental income following the disposal of Atrium Rawang and an increase in Trust expenses. The Trust expenses increased mainly due to the increase in administrative and other expenses even though there was a decrease in the finance costs. The higher administrative expenses is due to the real estate agents’ fees for Atrium Shah Alam 1, Atrium Puchong and Atrium Rawang whilst the increase in other expenses is due to bad debt written off relating to a non-recoverable goods and services tax paid.

-Unrealised	4,291,163	-
	5,849,095	2,004,348

Atrium REIT’s net income for the quarter ended 31 December 2015 is substantially higher than the previous quarter due mainly to the revaluation gains on the investment properties and increase in other income even though gross revenue decreased as a result of the rental void in Atrium Shah Alam 2.

B5. Maintenance Costs and Major Capital Expenditure

Atrium Shah Alam 1

The Manager undertook an Asset Enhancement Initiative (“AEI”) involving the replacement of one (1) new passenger lift, changing of the whole warehouse lighting system, upgrading of the power supply, installation of additional translucent sheets around the perimeter of the warehouse building, external wall and facade repainting and upgrading of the toilets in the office building. The AEI is expected to be completed in the 1st quarter of 2016 at an estimated cost of approximately RM3.0 million.

Atrium Shah Alam 2

With the previous tenant, CEVA Logistics, having moved out of the premises, the Manager took the opportunity to undertake a proposed AEI for Atrium Shah Alam 2 involving mainly the upgrading and refurbishment of the whole warehouse floor slab and roof, replacement of the warehouse lighting system, replacement of the rain water goods, external wall and facade repainting as well as sheet piling works at the rear boundary of the property. The AEI commenced in the 1st quarter of 2016 and is expected to be fully completed by the 3rd quarter of 2016 at a total contract sum of approximately RM15.4 million, excluding Goods and Services Tax.

B6. Prospects

Atrium Shah Alam 2 (“ASA 2”)

The Manager has secured a new tenant to rent ASA2 upon completion of the AEI. The rental will be in 2 phases, with the delivery of Phase 1 targeted at 2nd quarter of 2016 and delivery of Phase 2 by the 4th quarter of 2016. The parties are in the midst of finalizing the tenancy documents for execution.

Atrium Puchong (“AP”)

During the quarter under review, a new tenant rented 100,000 sq. ft. of the warehouse space. The same tenant subsequently rented an additional 49,684 sq. ft. of warehouse space with the expiry date to be co-terminus with the first tenancy of 100,000 sq. ft. i.e. 31 March 2016. The Manager is in discussion with a few prospects to take up the premises upon expiry of the current tenancy.

The Manager expects the rental void in ASA2 during the AEI and part of AP, to affect the financial performance of the REIT for the financial year ended 2016. However, the Manager will endeavor to lessen the impact by working with agents and existing tenants to source for a new tenant in order to minimize the rental void in AP. As for ASA2, the Manager is working closely with the property manager, contractors and consultants to ensure that the AEI is carried out smoothly and meet the targeted completion date.

The Manager will continue to actively identify good assets for new acquisition to improve the yield and to continue focusing on the strategy of having the investment properties leased long-term to reputable tenants.
