### Part A – Explanatory Notes Pursuant to Financial Reporting Standards ("FRS") 134 – Paragraph 16

### A1. Basis of preparation

The interim financial statements of the Group are unaudited and have been prepared in accordance with the requirements of Financial Reporting Standard ("FRS") 134 "Interim Financial Reporting" and Chapter 9, Part K of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

The interim financial statements should be read in conjunction with the audited annual financial statements for the year ended 31 December 2006, the accompanying explanatory notes attached to this report and the audited interim financial statements for the period ended 31 March 2007 as set out in the Prospectus dated 7 August 2007.

The accounting policies and methods of computation used in the preparation of the interim financial statements are consistent with those used in the preparation of the last audited annual financial statements for the financial year ended 31 December 2006, except for the adoption of the following new and revised FRS applied by the Group effective from financial periods beginning on and after 1 January 2007:

### (a) FRS 2: Share Based Payment

This standard requires an entity to recognise share based payment transaction in its financial statements, including transactions with employees or other parties to be settled in cash, other assets, or equity instruments of the entity.

The Group has adopted this new policy and recognised a reserve upon sale of shares in the Company by its shareholders to certain employees in respect of Employee Share Scheme (ESS). The reserve and expense recognised in the income statement is the difference in the fair value of the shares granted to employees and the fair value received by the offerors, in exchange for the shares.

### (b) FRS 117: Leases

This standard requires the classification of leasehold land as prepaid lease payments. These assets are now required to be presented as a separate line item under non current assets and are amortised on a straight line basis over the lease terms. The change in accounting policy was accounted for retrospectively and the impact on the Group's financial statements for the prior financial year is set out in Note A7.

### (c) FRS 124: Related Party Disclosures

This standard will affect the identification of related parties and some other related party disclosures resulting in additional disclosures in the Group's financial statements for the current period and prior financial years.

The new standards and amendments to published standards that are mandatory for financial periods beginning on or after 1 July 2007 or later periods that is applicable to the Group but have not been early adopted, are as follows:

### (a) FRS 107: Cash Flow Statements

The amendment to this standard provides for the option of voluntary disclosure for reconciliation of cash flows from operations with net profit or loss for the period for entity using direct method.

### (b) FRS 112: Income Taxes

The amendments to this standard allows deferred tax asset on re-investment allowances to be recognised to the extent that it is probable that sufficient future taxable profits are available to recover the deferred tax assets.

### (c) FRS 118: Revenue

The amendments to this standard provides for additional guidance on the definition of "probable".

### (d) FRS 134: Interim Financial Reporting

The amendments to this standard provide additional disclosure on;

- additional disclosure on the qualification and on current status of matters giving rise to the qualification and on current status of preceding financial statements was qualified; and
- ii. additional disclosure on the fact that valuation of property, plant and equipment have been brought forward without any amendment from the previous annual financial statements.

### (e) FRS 137: Provisions, Contingent Liabilities and Contingent Assets The amendments to this standard removed editorial differences with IAS 37.

The new standards and amendments to published standards to FRS 107, FRS 112, FRS 118 and FRS 137 does not have an impact on the Group's financial statements.

### **B1.** Review of Performance

The Group recorded revenue of RM164.7 million and profit before tax of RM54.0 million for the nine months ended 30 September 2007 mainly due higher average prices of crude palm oil ("CPO") and palm kernel ("PK") realised. The average prices for CPO and PK for the 9 months period ended 30 September 2007 were RM2,313 /MT and RM1,427 /MT respectively. The increase was primarily in tandem with substantial improved performance of the prevailing oil palm market during the current interim financial period.

### B2. Material Changes in Profit Before Taxation for the Current Quarter as Compared with the Immediate Preceding Quarter

For the quarter under review, the Group recorded profit before tax of RM26.4 million as compared to RM20.6 million in the preceding quarter.

This is mainly due to better average CPO price realised by 8.2% and the increase in CPO sales volume by 10.5% during the interim quarter under review.

### B3. Prospects for the Current Financial Year

The performance of the Group is largely dependent on the demand for oil palm products in world edible oil market and their corresponding prices, the development of bio-diesel market and movements of Ringgit Malaysia and the corresponding effects on CPO prices.

The performance of the Group is expected to remain stable for the rest of the financial year in line with the firmness of oil palm products' prices. Barring any unforeseen circumstances, the Board of Directors is optimistic about the Group's ability in achieving satisfactory performance for the remaining period of the financial year ending 31 December 2007, and the Board of Directors is confident that the Group will achieve a higher profit against that forecasted for the financial year ending 31 December 2007.

### **B4.** Profit Forecast or Profit Guarantee

The Group's consolidated profit forecast for the financial year ending 31 December 2007 was provided in its Prospectus dated 7 August 2007 in connection with its listing on the main Board of Bursa Securities on 28 August 2007.

(i) In the Bintulu High Courts suit No. 22-19-2006 (BTU), Mali bin Seman and 60 others ("Plaintiffs") vs SLDB and SPAD, the Plaintiffs are claiming for an area of 20 acres each to be allocated out of Ladang Dua and Ladang Tiga Oil Palm Plantations, in Miri, and also for damages for breach of contract, mesne profits, interest and costs, and such further and or other relief as the Court may think fit. We have been informed by our advocates that that the Statement of Defence has been filed. From the Statement of Claim, it appears that the Plaintiffs are alleging that they were employed by SLDB in the 1970s and that they were promised land as part of their employment contract. SPAD is sued as the successor-in-title of SLDB.

SLDB has applied to strike out the claim against it and the matter is fixed for hearing on 5 February 2008.

The Directors, in consultation with the Company's solicitors are of the opinion that SPAD has strong merits in the case.

(ii) In Sri Aman Sessions Court Criminal Summons No. SC(SG)63-2-2005-II, SPAD is facing a charge under Section 29A of the Environmental Quality Act, 1974, for allowing open burning on Lot 2, Block 11 Kluah Land District (where our Melugu Oil Palm Plantation is situated.) The Court has acquitted SPAD of the charge on 25 April 2007 but the Prosecution has filed a Notice of Appeal to the High Court, appealing against the acquittal. We have been served with the Record of Appeal but no date has been fixed for the hearing of the appeal.

The Directors, in consultation with the Company's advocates are of the opinion that SPAD has strong merits in the case.

(iii) In Kuching High Court Suit No. 22-164-06-II, SPAD ("Plaintiff" or "Purchaser") has instituted legal action against Datuk Haji Zainal Abidin bin Ahmad ("Datuk Zainal" or "Defendant" or "Vendor"). The claim is for the refund of the sum of RM7,200,000.00 paid under a Sale and Purchase Agreement ("SPA") dated 27 November 1999 for the purchase of 4,148,000 ordinary shares of RM1.00 each in Bahtera Bahagia Sdn Bhd ("Bahtera"). Based on the opinion of SPAD's advocates, the Defendant/Vendor failed to obtain a Waiver of Pre-emption Rights by 31 December 2000 and thereby breached one of the conditions precedent of the SPA. Accordingly, SPAD as the Plaintiff/Purchaser became entitled to the refund of the deposit and part payment made under the SPA.

### **B11.** Changes in Material Litigation (continued)

A writ and statement of claim was filed on 27 December 2006 and a Defence and Counterclaim was filed and served on 28 May 2007. The Plaintiff had on 20 June 2007 filed a Reply and Defence to the Counterclaim to the Defence and Counterclaim. In the Defence and Counterclaim, the Defendant denies owing the sum claimed and alleges that SPAD failed to keep to the schedules for payments and had waived its insistence of the waiver condition by conduct and/or silence. Further, the Defendant contends that SPAD's claim is also time barred. In addition to this, the Defendant has also alleged that SPAD has failed to disclose in its claim "the real commercial bargain", in which the Defendant has also pleaded that SPAD is in breach of the "Empresa", "Sachiew" and "Kumpulan Kris Jati" agreements. Furthermore, the Defendant has alleged further defaults on the part of SPAD in those agreements. The Plaintiff has in its Reply and Defence to the Counterclaim disputed and denied the above allegations of the Defendant.

The Defendant in his Defence and Counterclaim described a further transaction in which the Defendant claims to have lent CCSB (the substantial shareholder of our Company), a loan of RM2,733,999 which allegedly is in connection with an undated Put and Call option Agreement ("Option Agreement") (whereby the option period under the Option Agreement commencing on the compliance date (30 June 1999 or such other date as the parties may agree in writing) and expiring on the 4th anniversary of the compliance date) granted by CCSB to the Defendant to purchase our shares. The solicitors for the Defendant via its letter dated 22 March 2006 stated that the option period under the Option Agreement expired on 30 June 2003 without either party exercising the option, and the Option Agreement terminated on 30 June 2003. The Defendant in his Defence and Counterclaim had also stated that the Defendant reserves the right to claim for the loan of RM2,733,999 and the interest thereon.

The solicitors of CCSB are of the opinion that the Defendant has no rights or interest in our Shares under the Option Agreement and that the rights of the Defendant is also to a refund of his advance together with the interest prescribed under the Option Agreement.

The Defendant has in its pleadings expressed an intention to show that SPAD, SPB and CCSB are inter-related and is the "real commercial bargain" giving rise to the Counterclaim. The Plaintiff in its Reply and Defence to Counterclaim has disputed and denied the allegations of the Defendant, amongst others the alleged "real commercial bargain.

The Case is now fixed for Case Management on 28 November 2007.

Our advocates have expressed their view that SPAD is likely to recover the deposit and part-payment of RM7.2 million and that SPAD has a good defence against the Defendant's counterclaim.
