A2. Changes in Accounting policies (Cont'd)

A2.2 Accounting Standards, Amendments and Interpretations issued but not yet effective

The Group and the Company plan to apply:

- from the annual period beginning on 1 January 2019, those accounting standards, amendments or interpretations that are effective for annual period beginning on or after 1 January 2019, except for Amendments to MFRS 11 and Amendments to MFRS 128, which are assessed as presently not applicable to the Group.

- from the annual period beginning 1 January 2021 for MFRS 17, which is assessed as presently not applicable to the Group.

The initial application of the above accounting standards, amendments or interpretations is not expected to have any material financial impacts on the financial statements of the Group for the current and prior periods except as mentioned below:

(i) MFRS 16, Leases

MFRS 16 replaces the guidance in MFRS 117, *Leases*, IC Interpretation 4, *Determining whether an Arrangement contains a Lease*, IC Interpretation 15, *Operating Leases – Incentives* and IC Interpretation 127, *Evaluating the Substance of Transaction Involving the Legal Form of a Lease.*

---*The rest of this page has been intentionally left blank*---

A2. Changes in Accounting policies (Cont'd)

A2.3 MFRS 9, *Financial Instruments*

MFRS 9 replaces the guidance in MFRS 139, *Financial Instruments: Recognition and Measurement* on the classification and measurement of financial assets and financial liabilities, and on hedge accounting.

Impairment of financial assets-trade receivables

The Group considers the model and assumption used in calculating the Expected Credit Loss ("ECL") as key sources of estimation uncertainty and has elected to measure loss allowances for trade receivable at an amount equal to lifetime ECLs. This ECL method takes into account all possible default events over the expected life of a financial instrument.

The Group's credit exposures are based on common credit risk characteristics which includes but not limited to the trade receivables' ageing profile, delinquency status, geographic region, and age of relationship. The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 365 days past due and considers a financial asset to be in default when the trade receivable is unlikely to pay its credit obligations to the Group in full.

Based on the current assessment, the Group has determined that the application of MFRS 9 at 1 January 2018 does not have any material financial impacts in the current quarter ended 30 September 2018. An impairment allowance of RM0.3 million has been accounted for as a specific provision for impairment loss in the current period ended 30 September 2018.

A2.4 MFRS 15, *Revenue from Contracts with Customers*

MFRS 15 replaces the guidance in MFRS 111, *Construction Contracts*, MFRS 118, *Revenue*, IC Interpretation 13, *Customer Loyalty Programmes*, IC Interpretation 15, *Agreements for Construction of Real Estate*, IC Interpretation 18, *Transfers of Assets from Customers* and IC Interpretation 131,*Revenue Barter Transactions Involving Advertising Services.*

A11. Disaggregation of Revenue

The Group's operations and main revenue streams are those described in the last annual financial statements. The Group's revenue is derived from contracts with customers, except for immaterial amounts related to hedge accounting.

The nature and effect of initially applying MFRS 15 on the Group's interim financial statements are disclosed in note A2.4. In the following table, revenue is disaggregated by type of services within the Group's operating segments.

A12. Valuation of goodwill

Under MFRS 136, *Impairment of Assets* the Group is required to annually carry out impairment test on the cash generated units ("CGUs"), of which goodwill is allocated. For the purpose of impairment testing, goodwill is allocated to the Group's operating activities (i.e. marine charter) which represent the lowest level within the Group at which the goodwill is monitored for internal management purposes.

MFRS 136 states that the annual impairment test for the following items may be performed at any time within an annual reporting period, provided that the test is performed at the same time every year. The Group reassessed the valuation of its CGUs as at 30 September 2017 to determine whether there is any indication that its CGUs may be impaired.

The Group has adopted value-in-use ("VIU") estimations which entail discounting the estimated future cash flows from the continuing use of the CGUs. The recoverable amounts were compared against the carrying amounts of the CGUs. During the current quarter ended 30 September 2018 there was no impairment provided.

A13. Valuation of property, plant and equipment ("PPE")

The Group reassessed its assets (except for inventories, deferred tax assets and financial assets) as at 30 September 2018 to determine whether there is any indication that its assets may be further impaired or recovered.

The Group has adopted value-in-use ("VIU") estimations which entail discounting the estimated future cash flows from the continuing use of PPE. The recoverable amounts were compared against the carrying amounts of the PPE.

For the current financial quarter ended 30 September 2018, the Group has made an additional allowance for impairment loss on PPE of USD1.4 million (equivalent to RM5.8 million). The Group's accumulated impairment loss has been increased from RM7.6 million as at 31 December 2017 to RM20.5 million as at 30 September 2018.

Depending on the Debt Restructuring Scheme that is to be finalized with CDRC and acceptable by Perdana Petroleum Bhd's ("PPB") lenders (see Note B8 (ii)), there may be a need to write down the Group's non-financial assets (including PPE but excluding inventories and deferred tax assets) to market value, if lower than their carrying amount. As PPB is still exploring the various debt restructuring options, it is unable to provide further details at this stage.

A14. Capital commitments

As at 30 September 2018, the Group has no outstanding or additional capital commitments which are approved and/or contracted for.

A15. Material events subsequent to the reporting period

There were no material events subsequent to the current financial quarter ended 30 September 2018 up to the date of this report which is likely to substantially affect the financial results of the Group.

A16. Changes in composition of the group

There were no changes in the composition of the Group for the current quarter ended 30 September 2018.

A17. Contingent Liabilities

There were no contingent liabilities outstanding as at 30 September 2018:

Further to the conclusion of the tax audit for Year of Assessment ("YA") 2007 to YA2010 as disclosed in Note 30 to the audited financial statements for the year ended 31 December 2017, the Inland Revenue Board (IRB) has requested the subsidiary of the Group to revise its tax computations for YA2011 and subsequent years. The subsidiary of the Group has engaged a tax consultant to assist in the matter and assess the tax impacts thereof. In February 2017, The subsidiary of the Group responded to IRB that it disagreed with applying the same computation method used for the earlier tax audit exercise based on reasonable technical grounds. The Group may need to provide for additional tax payable, if any, arising from any revision of the tax computations for YA2011 and subsequent years, the outcome of which cannot be ascertained at this present stage. As at the latest practicable date 16 November 2018, the subsidiary of the Group has not received any response from the IRB to its reply of February 2017.

B1. Review of Financial Performance

B1.1 The Group's performance for the current quarter under review versus the corresponding quarter of the previous financial year is tabled below:

	Current Quarter ended 30-Sep-18 RM'000	Corresponding Quarter ended 30-Sep-17 RM'000	Variance RM'000	%
Revenue	281,933	212,803	69,130	32
Gross profit	103,335	74,198	29,137	39
Profit before interest and tax	94,349	40,742	53,607	132
Profit before tax	67,736	14,804	52,932	358
Profit after tax	51,335	747	50,588	6,772
Profit attributable to Ordinary Equity Holders of the Parent	48,754	1,122	47,632	4,245

Comparatively, the Group's revenue for the current quarter ended 30 September 2018 increased by 32% while the group made a profit before tax of RM67.7 million for the current quarter as compared to profit before tax of RM14.8 million in the corresponding quarter ended 30 September 2017.

The increase in revenue and profit before tax in the current quarter is mainly due to higher work orders received and performed under the topside maintenance contracts.

In addition, the profit before tax in the current quarter has also taken into account impairment loss on PPE of RM5.8 million and net realised/unrealised foreign exchange gain of RM14.2 million whereas impairment loss on PPE and net realised/unrealised foreign exchange losses of RM1.4 million and RM7.9 million respectively were accounted for in the corresponding quarter ended 30 September 2017 (see Note A4).

In the opinion of the Directors, the results for the current quarter have not been affected by any transactions or events of a material nature which have arisen between 30 September 2018 and the date of this report.

B1. Review of Financial Performance (Cont'd)

B1.2 The Group's performance for the current financial period-to-date under review versus the corresponding previous financial period-to-date is tabled below:

	Cummulative period-to-date 30-Sep-18 RM'000	Corresponding period-to-date 30-Sep-17 RM'000	Variance RM'000	%
Revenue	651,993	521,730	130,263	25
Gross profit	221,850	173,063	48,787	28
Profit before interest and tax	164,812	14,890	149,922	1,007
Profit/(loss) before tax	88,791	(57,547)	146,338	(254)
Profit/(loss) after tax	46,727	(92,508)	139,235	(151)
Profit/(loss) attributable to Ordinary Equity Holders of the Parent	66,498	(89,681)	156,179	(174)

Revenue increased by 25% from RM521.7 million in the previous corresponding period-to-date to RM652.0 million in the current period-to-date. The higher revenue in the current period as compared to the corresponding period is mainly due to higher value of work order received and performed in the current period.

Group registered a profit before tax for the current period of RM88.8 million as compared to a loss before tax of RM57.5 million in the corresponding period last year. The higher profit before tax in the current period is mainly due to higher volume of work orders performed under the topside maintenance contracts.

In addition, the profit before tax in the current period has also taken into account net realised/unrealised foreign exchange gain of RM11.4 million and impairment loss on PPE of RM12.9 million whereas net realised/unrealised foreign exchange losses and impairment loss on PPE of RM32.5 million and RM50.4 million respectively were accounted for in the corresponding period preceding year (see Note A4).

B2. Financial review for current quarter results compared to the results of the immediate preceding quarter

	Current Quarter ended 30-Sep-18 RM'000	Preceding Quarter ended 30-Jun-18 RM'000	Variance RM'000	Variance %
Revenue	281,933	221,278	60,655	27
Gross profit	103,335	81,602	21,733	27
Profit before interest and tax	94,349	84,480	9,869	12
Profit before tax	67,736	57,034	10,702	19
Profit after tax	51,335	43,041	8,294	19
Profit attributable to Ordinary Equity Holders of the Parent	48,754	38,853	9,901	25

In the current quarter, the Group's revenue was 27% higher as compared to the preceding quarter. In the current quarter the Group generated profit before tax of RM67.7 million as compared to profit before tax of RM57.0 million in the preceding quarter.

The increase in revenue in the current quarter as compared to the immediate preceding quarter is mainly due to higher vessel utilisation rate and higher work orders from the topside maintenance services.

The increase in profit before tax of RM67.7 million in the current quarter is mainly attributed to the increase in work orders received and performed under the topside maintenance contracts. The current quarter ended profit before tax has taken into account of net realised/unrealised foreign exchange gain of RM14.2 million as compared to net realised/unrealised foreign exchange gain of RM25.7 million in the preceding quarter (see Note A4).

B3. Prospects

Business activities have picked up substantially in the third quarter as per our planning schedule given the ramp-up in work orders for the Maintenance, Construction and Modifications Contract (MCM) and Topside Maintenance Services works under the Pan Hook-up and Commissioning Contract (Pan HUC). Consequently, vessel utilisation also came in stronger at 84%, compared to 70% in the second quarter and 27% in the first quarter, giving an average utilisation rate of 61% for the 9 months period in 2018. We are particularly delighted that the synergistic collaboration between Dayang and its subsidiary, Perdana Petroleum has indeed worked out as what we have envisaged to be a leading integrated MCM player.

Barring any unforeseen circumstance, we are optimistic that the turnaround in our earnings will be sustainable, premised on our fairly sizeable order book of RM3 billion to last us until 2023. Notwithstanding the volatility in oil price, we remain upbeat on our company's future prospects as Dayang has emerged stronger after going through one of the most challenging period over the past few years. We are cautiously confident that our balance sheet will continue to improve significantly as the impressive financial performance in the third quarter has indirectly demonstrated the financial discipline undertaken to turn around the company.

After securing a larger portion of the Pan MCM contracts estimated at RM1.5-2.0 billion (the contracts are all based on unit rates and call-out contracts) from multiple production sharing contractors in Malaysia this year, Dayang has also started to look at international expansion to further grow the company. We are hopeful that our streamlined operation and strong execution track record will help us to win some of the overseas tenders.

B3. Prospects (Cont'd)

As for our subsidiary Perdana Petroleum Berhad (PPB), the proposed debt restructuring scheme with the financial institutions under the Corporate Debt Restructuring Committee (CDRC) of Bank Negara Malaysia is still under discussion and once the financing obligations is finalised, PPB and Dayang Group should emerge stronger than before.

We firmly believe that 2018 will be a real turnaround for the group after experiencing poor results over the past two financial years. Nevertheless, the Board will remain vigilant and continue to exercise due care and prudence in the running and administration of the company's business.

B4. Profit forecast and profit guarantee

There was no profit guarantee issued by the Group.

B5. Income tax expense

	Current quarter ended	Corresponding quarter ended	Current period-to-date	Corresponding period-to-date

Current year	16,401	14,057	42,064	34,961

For the current quarter and financial period-to-date, the Group still incurs a tax charge of RM16.4 million and RM42.1 million respectively as the losses incurred by certain group entities cannot be offset against the taxable profits made by other group entities.

B6. Profit from sale of unquoted investments and/or properties

There were no disposals of unquoted investments and properties for the current quarter.

B7. Quoted securities

B8. Status of corporate proposal

(i) Proposed Private Placement

The subsidiary of the Group, Perdana Petroleum Bhd ("PPB") on 16 May 2017 made an announcement proposing to undertake a private placement of up to 10% of the total number of issued shares of PPB ("Proposal") to improve its public shareholding spread as well as to raise funds for working capital and partially repay bank borrowings.

On 14 December 2017, Bursa Securities had granted its approval for the listing of and quotation for up to 77,487,094 new shares on the Main Market Listing Requirements ("MMLR"), subject to the Company ensuring full compliance of all the requirements as provided under MMLR at all times.

On 13 June 2018, PPB announced that Bursa Securities had vide their letter dated 12 June 2018 granted the Company an extension of time of six months from 14 June 2018 until 13 December 2018 to complete the implementation of the proposed private placement.

As at the date of this report, the proposed private placement has not been effected.

(ii) Corporate Debt Restructuring Committee ("CDRC")

On 4 July 2018, PPB announced that Corporate Debt Restructuring Committee (the "CDRC') of Bank Negara Malaysia has granted approval on the Company's application for assistance to mediate between PPB and some of its subsidiaries (the "Applicant Company/Companies") with its financial institutions and Sukukholders (the "Lenders").

This admission to CDRC is consistent with PPB's strategy to streamline its operations and optimise its financial resources to focus and proactively enhance its offshore marine support services segment. It is a follow-on from PPB's previous successful cost rationalised initiative which has had a positive impact on PPB's financials.

PPB received approval from CDRC on 2 July 2018 ("CDRC Approval Letter") subject to the following conditions:

a) PPB is required to submit a Proposed Debt Restructuring Scheme within sixty (60) days from the date of the CDRC Approval Letter;

b) PPB's admission is limited to twelve (12) months or upon signing of a debt restructuring agreement, whichever is earlier; and

c) The Proposed Debt Restructuring Scheme must comply with the CDRC's restructuring principles for PPB to continue to remain under the Standstill arrangement with the Lenders.

B8. Status of corporate proposal (Cont'd)

(ii) Corporate Debt Restructuring Committee ("CDRC") (Cont'd)

The Standstill Letter was issued by CDRC to the Lenders of PPB on 2 July 2018.

The CDRC, which is under the purview of Bank Negara Malaysia, will mediate between PPB and their respective Financiers to renegotiate their respective financing facilities that can be sustained in the face of this challenging period for the oil and gas industry, in line with the above conditions. This successful mediation would enable Dayang Group to be better positioned to raise new financing and capital in the future and ensure its operations and PPB to easily sustain its underlying viability going forward.

PPB is exploring various options for the Proposed Debt Restructuring Scheme, including but not limited to extension of tenure of borrowings, disposal of assets, special issue or placement of shares and rights issue. Depending on the scheme eventually accepted by not less than 75% by value of the Lenders, there may be a need to write-down PPB's non-financial assets (except inventories and deferred tax assets) to market value, if lower than their carrying amount. As PPB is still exploring the various debt restructuring options, it is unable to provide further details at this stage.

On 20 August 2018, PPB has sought an extension of time of 30 days to submit the PDRS from 1 September 2018.

On 10 October 2018, PPB has conducted its first CDRC meeting and presented a draft PDRS to the lenders. Subsequently on 15 November 2018, a second CDRC meeting has taken place to provide further updates and details of the debt settlement scheme.

Save for the above, there was no corporate proposal announced or not completed by the Group as at the latest practicable date of 16 November 2018.

B10. Material litigation

As at 16 November 2018, (not earlier than 7 days from the date of announcement of this interim financial report), our Group is not engaged in any material litigation, claims or arbitration either as plaintiff or defendant except for the following:

B10.1 Arbitration Between Nam Cheong International Limited (Claimant) and Petra Offshore Limited (Respondent)

In relation to the proposed acquisition of two units of 500-men accommodation workbarges, identified as Vessel Hull No. SK316 and SK317 from Nam Cheong International Limited ("NCIL") at a consideration of USD84.0 million, the Company's subsidiary, Petra Offshore Limited ("POL") had on 1 December 2016 sent a notification to NCIL of the cancellation of the Memorandum of Agreement ("MoA") on the acquisition of the accommodation work barge identified as Vessel Hull No. SK317 ("Vessel") as NCIL had not fulfilled the condition of delivery of the Vessel in accordance with the terms and conditions of the MoA. Accordingly, POL had sought for the immediate return of the deposit paid of USD8.4 million ("Deposit"), as advised by the legal counsel.

On 5 December 2016, POL received a letter from NCIL stating that POL has no right to cancel the MoA and in view thereof had breached the terms of the MoA. NCIL had consequently treated the MoA as terminated and had forfeited the Deposit.

Notwithstanding the above claims by NCIL, POL had on 9 December 2016 through its solicitors issued a letter of demand to NCIL for the return of the Deposit.

On 22 December 2016, POL received from the solicitors of NCIL a Notice of Arbitration dated 22 December 2016 that NCIL has filed with the Kuala Lumpur Regional Centre for Arbitrations as Claimant against POL as the Respondent in respect of disputes arising out of the MoA for the sale and purchase of one unit 500-men accommodation work barge (Hull No. SK317) dated 23 June 2014 as amended by the Addendum No. 1 dated 27 May 2015.

NCIL is seeking, inter alia, the relief that POL's purported termination of the MoA on 1 December 2016 was wrongful and unwarranted and the forfeiture of the 20% deposit amounting to USD8.4 million together with damages arising from failure and/or refusal and/or neglect of POL to take delivery of the Vessel.

On 18 January 2017, POL had via its solicitors issued a Response to Notice of Arbitration to NCIL. POL's Response to Notice of Arbitration counterclaimed that NCIL's claim against POL is misconceived and erroneous as the Vessel was not in every respect physically ready for delivery and therefore the relief or remedy sought by NCIL did not arise and the cancellation of the MoA by POL was valid. Hence, POL continued to seek the immediate release of the deposit paid. Both NCIL and POL have since nominated their respective arbitrators and paid the initial deposit for the arbitration.

On 18 July 2017, NCIL had submitted its Claimant's Statement of Claim to the Kuala Lumpur Regional Centre for Arbitration. POL subsequently file its Respondent's Statement of Defence and Counterclaim on 17 August 2017.

The arbitrators have fixed the hearing date from 27th to 30th August 2018.

On 28 August 2018, POL received an order of termination of the arbitration from the arbitral tribunal as a result of an amicable settlement between POL and NCIL with regard to each other's claims and counterclaims arising from the termination of MoA.
