(a) FRS 8: Operating Segments

FRS 8 requires identification and reporting of operating segments based on internal reports that are regularly reviewed by the entity's chief operating decision maker in order to allocate resources to the segment and assess its performance. The Group presents its segment information based on its business segments for its internal reports purposes and the format, basis of measurement of segment results, segment assets and segment liabilities are the same as that for external reporting purposes. As this is a disclosure standard, there is no impact on the financial position or financial performance of the Group.

(b) FRS 101: Presentation of Financial Statements (revised)

FRS 101 (revised in 2009), which supersedes FRS 101 *Presentation of Financial Statements* (revised in 2005), affects the presentation of owner changes in equity and comprehensive income. It requires an entity to present all owner changes in equity in a statement of changes in equity. All non-owner changes in equity (i.e. comprehensive income) are required to be presented in one statement of comprehensive income or two statements (a separate income statement and a statement of comprehensive income). FRS 101 (revised in 2009) also changes the titles of the financial statements to reflect their function more closely, for example, the titles "balance sheet" and "cash flow statement" are renamed as "statement of financial position" and "statement of cash flows" respectively. The Group has elected to present other comprehensive income in one statement.

There is no impact on the results of the Group since these changes affect only the presentation of items of income and expenses.

(c) Amendments to FRS 117 Leases

Included in *Improvements to FRSs* (2009) are amendments to FRS 117 which clarify that the classification of leasehold land as a finance lease or an operating lease shall be based on the extent to which risks and rewards incidental to ownership lie. The Group has adopted the amendment to FRS 117. The Group has reassessed and determined that all leasehold land of the Group which are in substance finance leases and has reclassified the leasehold land to property, plant and equipment. The change in accounting policy has been made retrospectively in accordance with the transitional provisions of the amendment. The reclassification does not affect the basic and diluted earnings per ordinary share for the current and prior periods.

(Company No.: 838172-P)

(Incorporated in Malaysia with limited liability under the Companies Act, 1965)

(d) FRS 139: Financial Instruments: Recognition and Measurement

FRS 139 sets out the new requirements for the recognition and measurement of the Group's financial instruments. Financial instruments are recorded initially at fair value. Subsequently measurement of the financial instruments at the reporting date reflects the designation of the financial instruments.

The adoption of FRS 139 has resulted in the following comparative balances in the statements of financial position as at 31 May 2010 and the opening balances as at 1 June 2010 as shown in following:

	As previously reported RM'000	Effects adopting Amendment to FRS 117 RM'000	Effects Adopting Amendment To FRS 139 RM'000	As restated RM'000	Effects Adopting FRS 139 RM'000	01.06.2010 Adjusted RM'000

1. Review of Performance

For the current quarter under review, the Group recorded higher revenue of RM35.2 million as compared to the revenue of RM30.4 million recorded in the preceding year corresponding quarter. This was mainly due to higher sales to domestic wholesalers. The Group's profit before tax ("PBT") of RM 557,000 in the current quarter was higher than the PBT of RM78,000 recorded in the preceding year corresponding quarter due mainly to lower operating costs in the current quarter.

However, the Group recorded lower PBT of RM3.6 million as compared to RM4.0 million recorded in the preceding year corresponding year due mainly to higher operating costs and lower interest income in the current year.

2. Variation of Results against Preceding Quarter

	Current Quarter ended 31.05.2011 RM'000	Preceding Quarter ended 28.02.2011 RM'000	Variance RM'000	%

Profit Before Tax	557	1,050	(493)	(46.95)

The Group's revenue for the current quarter was higher by approximately 31.9% as compared to the revenue recorded in the preceding quarter due to higher sales to domestic wholesalers. However, the Group's PBT of RM551,000 in the current quarter was lower than the PBT of RM1.0 million recorded in the preceding quarter mainly due to higher operating costs in particular the advertisement and promotional expenses in line with the Group's business strategies to increase sales.

Setting up sales office in Dubai,				
United Arab Emirates ("UAE")	12 months	500	-	500
Working capital	12 months	3,640	(4,439)	(799)

(Company No.: 838172-P)

(Incorporated in Malaysia with limited liability under the Companies Act, 1965)

As for the allocation of RM500,000 for setting up sales office in Dubai, UAE, the Board has deliberated and approved the variation of the utilization for working capital purposes instead. The Board is of the view that the long term maintenance of a sales office in Dubai could be expensive and not cost effective as marketing efforts for UAE markets could be carried out through the appointment of agents/distributors in Dubai. Such variation in the utilization of IPO proceeds was for the best interest of the Group.
