PART A – SELECTED EXPLANATORY NOTES PURSUANT TO THE FINANCIAL REPORTING STANDARDS ("FRS") 134: INTERIM FINANCIAL REPORTING

1 Basis of Preparation

The interim financial statements are unaudited and have been prepared in accordance with Financial Reporting Standard ("FRS") 134 - Interim Financial Reporting and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. These financial statements also comply with IAS 34: Interim Financial Reporting issued by the International Accounting Standard Board (IASB).

These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group.

2. Changes in accounting policies

The quarterly consolidated interim financial statements have been prepared by applying accounting policies consistent with that used in the most recent audited financial statements for the year ended 31 May 2016.

Malaysian Financial Reporting Standards ("MFRS") Framework

In November 2011, the MASB issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS") Framework. The issuance was made in conjunction with the MASB's plan to converge with International Financial Reporting Standards ("IFRS") in 2012. The MFRS Framework is a fully IFRS-compliant framework and equivalent to IFRSs.

The MFRS Framework is to be applied by all entities other than private entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 *Agriculture* and/or IC Interpretation 15 *Agreements for the Construction of Real Estate*, including their parents, significant investors and joint venturers ("Transitioning Entities"). As announced by the MASB on 28 October 2015, Transitioning Entities are allowed to defer the adoption of the MFRS Framework to annual periods beginning on or after 1 January 2018.

Being a Transitioning Entity as defined above, the Group and the Company have elected to continue preparing their financial statements in accordance with the FRS Framework and will first present the financial statements in accordance with the MFRS Framework for the financial year ending 31 May 2019. Management is currently examining the financial impacts of transition to the MFRS Framework.

10. Events subsequent to the Balance Sheet date

There were no events subsequent to the end of the financial period ended 30 November 2016 that have not been reflected in the interim financial statements as at the date of this report.

11. Changes in the Composition of the Group

There were no changes in the composition of the Group during the quarter under review.

12. Contingent liabilities or contingent assets

A subsidiary, Perusahaan Saudee Sdn. Bhd. ("PSSB") received two Letters of Claims from the Royal Malaysian Customs Department ("Customs Department") under Section 30(1) of Sales Tax Act 1972 for non-payment of sales tax and late penalties as follows:-

- (i) Letter of Claim dated 19 January 2015 for sales tax amounting to RM1,333,914.62 covering period 1 November 2011 to 31 October 2014 relating to sales of beef burgers and rabbit burgers and penalty amounting to RM323,676.19 up to 31 January 2015 ("Claim 1"); and
- (ii) Letter of Claim dated 25 February 2015 for sales tax amounting RM6,154,017.63 covering period 1 January 2012 to 31 October 2014 relating to sales of frozen chicken burgers, sausages, nuggets, balls and fried chicken said to be packed in air-tight containers and penalty amounting to RM1,499,023.53 up to 24 February 2015 ("Claim 2").

(Incorporated in Malaysia with limited liability under the Companies Act, 1965)

12. Contingent liabilities or contingent assets (cont'd)

PSSB has engaged consultant and legal adviser ("Professional Team") to appeal for the claims. In relation to Claim 1, the Professional Team is in the process of discussing with the Director General of Customs as to why the claim is premature and to seek cancellation of the said claim for the sales tax and penalty involved. The Professional Team is of the view that there are valid reasons to substantiate the PSSB's appeal to the Director General of Customs for withdrawing the Customs' claim for the sales tax and penalty. The Customs Department are alleging the packaging of the finished products of PSSB are air-tight and therefore subject to sales tax. The Professional Team is of the view that Claim 2 by the Customs Department is misconceived and there are meritorious grounds for it to be set aside. There are sufficient evidence and case laws supporting that the packaging used by PSSB on the alleged taxable goods are not air-tight and therefore should not be subject to payment of sales tax.

Based on the positive views of the Professional Team, the directors are of the opinion that it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Accordingly, no provision has been recognised in the financial statements in respect of the claims.

The Group does not have any material contingent assets since the last audited financial statements for the financial year ended 31 May 2016.
