Detailed Analysis for current quarter and cumulative period

The Group recorded a revenue of RM413.0 million for the reporting quarter, representing a reduction of 21.8% compared to previous year's corresponding periods. This was due mainly to lower sales volume and a lower average selling price recorded in the reporting quarter.

The Group recorded a net profit after tax of RM42.1 million for the reporting quarter, compared to net profit after tax of RM41.4 million in the previous year's corresponding periods, this was due mainly to favourable USD exchange rate against Ringgit.

As our segmental report is based on geographical performance with similar business activities, the factors affecting the earnings and revenue for Malaysia and Thailand segments are similar to those affecting the Group as discussed above.

B2. COMPARISON WITH PRECEDING QUARTER'S RESULTS

The Group recorded a revenue of approximately RM413.0 million for the reporting quarter or marginally higher compared to RM411.2 million recorded in the immediate preceding quarter ended 30 September 2016, this was due mainly to the lower quantity shipped but better exchange rates in the reporting quarter.

The Group also recorded a profit before tax of RM45.5 million for the reporting quarter, compared to loss after tax of RM14.6 million reported in the immediate preceding quarter ended 30 September 2016. The improvement of the result was due mainly to favourable USD exchange rate against Ringgit and there were no extraordinaries items charge out during the quarter as compared to preceding quarter where the Group took a one-time write-off and impairment on prp[erties, plants and equipment amounting to RM19.1 mil.

B3. FUTURE PROSPECT

Global demand for data storage remains relatively stable.

During the quarter under review, the market for SSDs experienced some tightening due to shortages in supply, resulting in upward pressure on PC prices, and limited delivery of enterprise SSDs. These conditions are expected to prevail over the near term.

For HDDs, the Total Addressable Market totaled 111.4 million units driven by higher shipments to mobile and PC desktops against a modest reduction in enterprise HDDs and a sharp seasonal drop in game console HDD shipments.

Overall, we expect continued healthy demand for HDDs and will focus on improving our delivery quantities and market share.

B4. VARIANCE FROM PROFIT FORECAST

Not applicable as the Group has not issued any profit forecast for the period under review.

B5. TAXATION

Domestic current income tax is calculated at the statutory tax rate of 24% (2015: 25%) of the estimated assessable profit for the year. Taxation for other jurisdictions is calculated at the rates prevailing in the respective jurisdictions. Certain subsidiaries of the Group enjoy tax exemptions from the relevant authorities on their business income for current and future periods. The computation of deferred tax as at 31 December 2016 has reflected the effects of such exemptions.

B10. MATERIAL LITIGATION

There is no major changes to material litigation since the last statement of financial position date as of 30 September 2013, save for:-

Tenaga Nasional Berhad ("TNB") vs JCY HDD Technology Sdn Bhd ("JCY HDD")

A subsidiary of the Company, JCY HDD Technology Sdn. Bhd. ("JCY HDD"), has received letters dated 14 December 2010 from Tenaga Nasional Berhad ("TNB") claiming for additional electricity charges of approximately RM8.36 million. JCY HDD had disputed the claims and had discussed with TNB as to their basis and quantification of the additional electricity charges.

On 15 December 2011, the Judge fixed for decision for the case after a preliminary question of law that TNB's claim is only restricted to 3 months backcharges and JCY HDD is only required to pay to TNB for an amount of approximately RM1.05 million. However, TNB had filed an appeal to the Court of Appeal against the decision of the High Court made on 15 December 2011.

Currently, the matter is fixed for case management before the Penang High Court on 27 March 2017 to update the court with regards to the delivery of the Federal Court decision of other similar cases.

There will be no significant financial impact arising from the case as the major shareholder of the Company has undertaken to indemnify the Company for any claim awarded.
