Asiamet Education Group Berhad (AEGB) recorded Revenues of approximately RM6.1 million and a Loss before Tax of RM4.7 million for the second quarter ended 30 June 2016. The decline in revenue compared to second quarter ended 30 June 2015 is attributed to drop in student numbers. Direct costs declined due to lower lecturer and accommodation costs in line with the drop in revenue and ongoing cost optimization initiatives. Further, operating costs also declined from cost optimization activities resulting in a reduction in net loss from RM6.0m in the second quarter of 2015 to RM4.7m in the second quarter of 2016.

14. Comparison with Preceding Quarter's Results

The Group's loss in the current quarter amounted to RM4.7 million, an increase in losses compared to the loss of RM3 million in the immediate preceding quarter. This was due to:

- A slight reduction in revenue from increased scholarships provided to the new student intake and lower billing of current students.
- An increase in overall operating overhead costs from increased professional fees for legal cases, required upkeep costs for facilities and higher administrative costs
