NOTES TO THE FINANCIAL STATEMENTS

PART A - EXPLANATORY NOTES PURSUANT TO MFRS 134

1. Basis of Preparation

The financial interim report is unaudited and has been prepared in compliance with the requirements of MFRS 134: Interim Financial Reporting and paragraph 9.22 of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Malaysia"). All figures are stated in RM'000, unless otherwise stated.

Following the Company's acquisition of AEGB by way of share exchange on 14 February 2018, the comparative figures of the consolidated financial statements are presented as a proforma to present the substance of the transaction. The comparative results of 31 December 2017 and 30 September 2017 represent the consolidated position of the Company and AEGB Group prior to the share exchange.

Accordingly, the following accounting treatment and terminology has been applied in respect of the reorganisation:

- The results are presented as if the reorganisation had been effected throughout from the beginning of the earliest period presented;
- Minda Global consolidates the assets and liabilities of the AEGB Group at their pre-combination carrying amounts. No adjustments are made to reflect fair values, or recognise any new assets or liabilities, at the date of the combination that would otherwise be done under the acquisition method;
- No new goodwill is recognised as a result of the reorganisation.

2. Significant Accounting Policies

2.1 Adoption of MFRSs, Amendments to MFRSs and IC Interpretations

The accounting policies adopted in the preparation of the interim financial report are consistent with those followed in the preparation of the Company's audited financial statements for the financial period ended 31 December 2017, except for the following:

Standards, Amendments and Annual Improvements to Standards effective for the financial periods beginning on or after 1 January 2018

Amendments to MFRS 2 Classification and Measurement of Share-based Payment Transactions

Amendments to MFRS 140 Transfer of Investment Property

Annual Improvements to MFRS Standards 2014 – 2016 Cycle

IC Interpretation 22 Foreign Currency Transactions and Advance Consideration

MFRS 9 Financial Instruments

MFRS 15 Revenue from Contracts with Customers

The adoption of the abovementioned accounting standards and amendments have no material impact on the financial statements of the Group upon their initial application except for the following:

NOTES TO THE FINANCIAL STATEMENTS

2. Significant Accounting Policies (Continued)

2.1 Adoption of MFRSs, Amendments to MFRSs and IC Interpretations (Continued)

MFRS 9 Financial Instruments

MFRS 9 replaces MFRS 139 “Financial Instruments: Recognition and Measurement”. The adoption of MFRS 9 has resulted in changes in the accounting policies for recognition, classification and measurement of financial assets and financial liabilities and impairment of financial assets.

Based on the analysis of the Group’s financial assets and liabilities, the impact of MFRS 9 to the Group’s financial statements are as follows:

(a) Classification and measurement

The Group do not expect a significant impact on its statement of financial position or equity on applying the classification and measurement requirements of MFRS 9. They expect to continue measuring at fair value all financial assets currently held at fair value.

Trade receivables, other receivables, deposits, cash and bank balances classified as loans and receivables under MFRS 139 are now classified as financial asset measured at amortised cost under MFRS 9. They will continue to be measured on the same basis as is previously adopted under MFRS 139.

(b) Impairment of financial assets

MFRS 9 replaces the “incurred loss” model in MFRS 139 with an “expected credit loss” (ECL) model. The new impairment model applies to financial assets measured at amortised cost, contract assets and debt instruments measured at fair value through other comprehensive income, but not to investments in equity instruments.

On the date of initial application, MFRS 9 did not affect the classification and measurement of the Group’s financial assets and financial liabilities, except that the Group’s allowance for impairment has increased by RM596,000 as at 1 January 2018 as a result of applying the ECL model on receivables. As permitted by the transitional provisions of MFRS 9, the Group has elected not to restate comparative figures and thus these adjustments were recognised in the opening accumulated losses of the current period.

MFRS 15 Revenue from Contracts with Customers

MFRS 15 ‘Revenue from Contracts with Customers’ replaces MFRS 118 ‘Revenue’ and MFRS 111 ‘Construction Contracts’ and their related interpretations. MFRS 15 provides a principle based approach for revenue recognition and introduces the concept of recognising revenue for performance obligations as they are satisfied. The core principle in MFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to the customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, that is when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

MINDA GLOBAL BERHAD

NOTES TO THE FINANCIAL STATEMENTS

2. Significant Accounting Policies (Continued)

2.1 Adoption of MFRSs, Amendments to MFRSs and IC Interpretations (Continued)

MFRS 15 Revenue from Contracts with Customers (Continued)

MFRS 15 also requires that the costs attributable to obtaining a contract with a customer shall be recognised as an asset and amortised on a systematic basis that is consistent with the transfer to the customer of goods or services to which the asset relates.

On the date of initial application, the Group adopted the new standard using the modified retrospective method. The adoption of MFRS 15 does not have significant effect of the Group's financial statements, except that the Group's accumulated losses have decreased by RM594,000 as at 1 January 2018 as a result of the recognition of incremental contract costs in accordance with the principles of this standard. As permitted by the transitional provisions of MFRS 15, the Group has elected not to restate comparative figures and thus these adjustments were recognised in the opening accumulated losses of the current period.

2.2 Standards issued by not yet effective

At the date of authorisation of the interim financial report, the Standards issued by Malaysian Accounting Standards Board (MASB) but not yet effective are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective.

MFRS 16 - Leases

MFRS 17 - Insurance Contracts

Amendments to MFRS 9 - Prepayment Features with Negative Compensation

Amendments to MFRS 10 and MFRS 128 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

Amendments to MFRS 119 - Plan Amendments, Curtailment or Settlement

Amendments to MFRS 128 - Long-term Interests in Associates and Joint Ventures IC Interpretation 23 - Uncertainty over Income Tax Payments
