B. ADDITIONAL INFORMATION REQUIRED BY BURSA MALAYSIA'S LISTING REQUIREMENTS

B1. Review of Performance of the Company and its Subsidiaries

	1st Quarter Ended 30 Jun 2015	1st Quarter Ended 30 Jun 2014	Variance		Year-To- Date 30 Jun 2015	Year-To- Date 30 Jun 2014	Variance	
	RM'000	RM'000	RM'000	%	RM'000	RM'000	RM'000	%
Revenue	320,515	279,198	41,317	14.8	320,515	279,198	41,317	14.8
Profit before tax	79,924	75,651	4,273	5.6	79,924	75,651	4,273	5.6

The Group's performance for the quarter under review and year-to-date versus the corresponding quarter and year-to-date of the previous financial year is as follows:

- (a) The increase in revenue is basically due to increase in sales volume of 15.4%. The strengthening of the USD has mitigated the effect of lower average selling price from declining raw material prices and more competitive selling price.
- (b) The operating profit margin reduced from 26.0% to 25.0% basically due to increase in maintenance and natural gas cost.

B2. Material Changes in the Quarterly Results Compared to the Results of the Preceding Quarter

	Current Quarter ended 30 Jun 2015	Preceding Quarter ended 31 Mar 2015	Variance	
	RM'000	RM'000	RM'000	%
Revenue	320,515	305,110	15,405	5.0
Profit before tax	79,924	67,331	12,593	18.7

In the current quarter, the Group's revenue was 5.0% higher and the profit before tax was 18.7% higher when compared to the preceding quarter. The increase in revenue is basically due to the strengthening of the USD and increase on sales volume.

The operating profit margin increased from 22.2% to 25.0% for the current quarter compared with the preceding quarter basically due to contribution from new production lines from NGC plants.

B3. Commentary on Prospects and Targets

The global demand for nitrile rubber gloves continued to register double digit growth rate due to switching momentum from latex to nitrile rubber gloves and increasing healthcare requirements. This has spurred an increase of nitrile capacity by the industry which we are confident would be more than matched by strong nitrile glove demand. Furthermore, we do not expect price war as claimed by certain quarters as global demand growth continues to be strong. However, average selling price will be lower from declining raw material price and more competitive product selling price. The lower selling price and sustaining demand will support efforts to open new markets.

We have embarked on a new stage of progress with our Next Generation Integrated Glove Manufacturing Complex (NGC). Hartalega NGC Sdn Bhd, a wholly-owned subsidiary of the Company, has completed the acquisition of land for the NGC project. The major portion of this land will be used to build six high capacity manufacturing plants that will house 72 production lines. Hartalega targets to add another 28.5 billion pieces aggregating to total installed capacity of over 42 billion pieces per year upon completion of the NGC project. The total budgeted project cost including land will cost about RM2.26 billion. The project started in the 4th quarter of calendar year 2013 and is expected to take 8 years to complete. The Group will finance the NGC project via a combination of internal funds, conversion of portion of its warrants and bank borrowings. We have started the construction of plant 3 and 4 and supporting facilities in the 2nd quarter of calendar year 2015. We have also tested and commissioned eleven production lines up to June 2015 and other production lines will come on stream progressively. Our plant 1 and 2 at NGC have started to make positive contribution to the group earnings.

In view of current and anticipated conducive market conditions, we are making strenuous efforts to put in place the foundation for long term sustainable growth. On this note, we have already made concerted effort in improving our human resource in areas of training and development and man power numbers and have adjusted our salary structure in line with the minimum wage ruling effective January 2013.

We view that the concerted long term planning and efforts should bear fruit due to productivity gains and benefits of economies of scale derived from building capacity and leveraging on in-house technological competencies to mitigate the potential margin compression arising from greater competition. Although we are concerned that lower average selling price continues to impact Hartalega's profit margin, the timing of the incoming NGC capacity should sustain the group's earnings. On the back of strong demand for nitrile gloves, we are confident that Hartalega's profit margins will remain above the industry average.

The Board of directors is optimistic that the Group will achieve the internal target growth for the financial year ending 31 March 2016.

Mr. Seow Hoon Hin (the "Plaintiff"), a shareholder of the Company and a former shareholder of Hartalega Sdn. Bhd. ("HSB") vs Hartalega Holdings Berhad ("the Company" or "1st Defendant"), HSB ("2nd Defendant") and three (3) individuals (3rd, 4th and 5th defendant") (collectively "the Defendants") (Kuala Lumpur High Court Writ and Statement of Claim).

The Plaintiff has instituted legal proceedings against the Defendants by filing a Writ of Summons and a Statement of Claim in the High Court of Malaya at Kuala Lumpur (the "Action"). The Writ of Summons and Statement of Claim were served on the Company on 24 March 2011.

The Plaintiff claims against the Defendants for the following:

- (i) he had delivered to the 3rd Defendant, acting on behalf of the 2nd Defendant substantial part of another two (2) assembly lines for the manufacture of gloves for storage at the 2nd Defendant's factory to which he purportedly intended to be reimbursed for. The Plaintiff contends that the 3rd Defendant (whom the Plaintiff contends is the controlling mind and person behind the 2nd Defendant) has represented to him that the said parts would be kept in the possession of the 2nd Defendant as a trustee for the Plaintiff;
- (ii) the Plaintiff contends that the 2nd Defendant had in flagrant breach of trust utilised the said parts to assemble another 2 assembly lines for the manufacture of latex gloves and that the 2nd Defendant had in breach of trust converted the same for its use and acquired proceeds and/or profits from the assembly of the said parts and as a consequence thereof has purportedly been unjustly enriched;
- (iii) the Plaintiff further claims that there was a conspiracy to injure the Plaintiff by the 3rd, 4th and 5th Defendant culminating in the share allotment on 4 April 2005. The Plaintiff states that 3rd, 4th and 5th Defendant had agreed to use the said allotment of shares for the predominant purpose of injuring the Plaintiff and that the said allotment was done pursuant to a purported agreement between the 3rd, 4th and 5th Defendants to injure the Plaintiff resulting in damage and loss to him;

- (iv) that the 2nd Defendant is a trustee for the unpaid dividends amounting to RM488,765.25 due and owing to the Plaintiff; and
- (v) that the Company is guilty of negligent misstatement or alternatively in breach of statutory duty pursuant to Section 357 of the Capital Markets and Services Act, 2007 ("CMSA") read together with, inter alia, Section 214 of the CMSA and/or tort of breach of statutory duty pursuant to Section 177 and/or Section 179 of the CMSA.

The Plaintiff claims against the Company for the following:

- (i) damages for negligent misstatement or alternatively of breach of statutory duty pursuant to Section 357 of the CMSA read together with, inter alia, Section 214 of the CMSA and/or tort of breach of statutory duty pursuant to Section 177 and/or Section 179 of the CMSA;
- (ii) interest on the said damages at the rate of 8% per annum or any other rate deemed appropriate from 7 April 2008 or such other date deemed appropriate until full satisfaction thereof;
- (iii) such further or other relief the Court deems fit; and
- (iv) costs.

The matter has since gone for trial on 5, 6, 7 December 2012, 29 and 30 January 2013 and 1 and 2 April 2013 in which the trial has been concluded. The Judge heard parties' oral submissions on 19 March 2014, 2 May 2014, 5 May 2014, 9, 10, 11 and 13 June 2014. Although initially fixed for decision on 5 August 2014 and then 13 November 2014, the matter was subsequently postponed.

Yang Arif Dato' Has Zanah binti Mehat gave her decision on 12 December 2014, wherein she held as follows:

- i. That the Plaintiff has failed in all claims against the Defendants, as prayed for in his Statement of Claim; and
- ii. That the Plaintiff's action be dismissed with costs of RM150,000.00 to the 1st to 3rd Defendants and RM50,000.00 each to the 4th and 5th Defendants.

On 8 January 2015 the Plaintiff filed a Notice of Appeal against the decision of the High Court. As parties are still awaiting the learned High Court Judge's Written Grounds of Judgment, no hearing date for the appeal has been fixed yet. However, the matter has been fixed for case management on 11 August 2015 for parties to update the Court of Appeal.

The directors of the Company, in consultation with the solicitors, are of the opinion that there is no real merit in the Appellant's appeal. Accordingly, the Group has not made any provision on the financial statements.
