## UNAUDITED INTERIM FINANCIAL REPORT FOR THE YEAR ENDED 31 MAY 2024

# PART A – EXPLANATORY NOTES PURSUANT TO THE MALAYSIAN FINANCIAL REPORTING STANDARDS ("MFRS") 134: INTERIM FINANCIAL REPORTING

### A5. Segment information (contd.)

The Group is organised into business units based on their products and services, and has four operating segments as follows:

- (a) The sales of cable and wires segment supplies power and telecommunication cables and cable components to consumers.
- (b) The sales of galvanised products and steel structures segment supplies galvanised products and steel structures. It also offers galvanising services.
- (c) The transmission lines construction segment involves the supply, installation and commissioning of transmission line projects.
- (d) The helicopter services and corporate segment is involved in provision of helicopter services and Group-level corporate and management services.

#### Sales of cables and wires

The sales of cables and wires segment contributed 84.3% (31 May 2023: 84.4%) of the total revenue of the Group for the year ended 31 May 2024.

The segment recorded a revenue and loss before tax of RM298.4 million (31 May 2023: RM462.4 million) and RM33.7 million (31 May 2023: RM226.3 million) respectively for the year ended 31 May 2024. As reported earlier, this segment has been operating under lower capacity using all internal resources, which has led to lower production, lower revenue, higher unabsorbed overheads and the segment losses. As announced on 16 May 2024, the court has on 15 May 2024 appointed Messrs. Deloitte Restructuring Services PLT as joint and several liquidators of Leader Cable Industry Berhad and Universal Cable (M) Berhad, wholly owned subsidiaries. This segment collectively accounts for at least 50% of the total assets employed of the Group on a consolidated basis.

## Sales of galvanized products and steel structures

The sales of galvanized products and steel structures segment contributed 4.4% (31 May 2023: 3.3%) of the total revenue of the Group for the year ended 31 May 2024.

The Group's subsidiary whose sales and services are in this segment, concentrates mainly in East Malaysia.

This segment recorded a loss before tax of RM4.0 million (31 May 2023: RM4.7 million) for year ended 31 May 2024. The segment is also operating using internal resources as its financing lines are also on a stand-still while negotiation with creditors is in progress. This has resulted in a reduced operations and therefore, the low revenue was insufficient to cover the manufacturing and operating expenses leading to a segment loss recognised for the reporting period.

Market demand for products under this segment has started to pick up gradually.

# PART A – EXPLANATORY NOTES PURSUANT TO THE MALAYSIAN FINANCIAL REPORTING STANDARDS ("MFRS") 134: INTERIM FINANCIAL REPORTING

### A5. Segment information (contd.)

### **Transmission lines construction**

The segment recorded a revenue and loss before tax of RM40.0 million (31 May 2023: RM67.0 million) and RM1.2 million (31 May 2023: RM60.6 million) respectively for the financial year ended 31 May 2024.

Progress of all projects are also affected by the stand-still of its financing lines. Despite that, we are making every effort to ensure that all on-going projects are to be completed within the committed construction period.

The Group has disposed of a subsidiary under this business segment. Please refer to Note A7.

### Helicopter services and corporate

The helicopter services and corporate segment provides provision of helicopter services and Group-level corporate and management services.

### Consolidated loss before tax

The Group recorded a loss before tax of RM321.1 million (31 May 2023: RM57.9 million) for the year ended 31 May 2024 mainly due to impairment losses recognised on other receivables and on liquidation of subsidiaries.
