Loss After Tax	(1,355)	(903)	50.06
Loss Attributable to Ordinary Equity Holders of the Parent holders of the parent	(1,290)	(861)	49.83

For the current quarter, the Group made a decrease in revenue of RMB0.008 million from RMB1.906 million to RMB1.898 million and an increase in loss net of tax of RMB0.452 million from loss of RMB0.903 million to loss of RMB1.355 million as compared to the immediate preceding quarter ended 30 June 2024. The higher loss figure in 3Q2024 was mainly due to increased depreciation expenses of RMB0.447 million which related to Recognising the Property as PPE.

According to Turnaround Plan, the Company would appoint some new sales agents, but actually the Company has not opened any new outlets to its distribution networks Although the Turnaround Team-China has tried its best effort to improve the sales, the Turnaround Team noted from their research, the Baijiu is the best selling product in China, and hence reduce the market demand for wine and beer. This is a cyclical change in the market.

3. Prospects

In the financial period ended 30 September 2024, the operating results were badly affected by flat Chinese winery market, None of red wine and white wine was favoured by the consumers as before. moving forward,the Company still faces a challenging time ahead. The Management is evaluating new business and importation of overseas wine to market in new areas and online business.

Currently the Company has formed an Interim Turnaround Plan, and To support the Company turnaround plan, the Company will strengthen its management team to support its turnaround plan and has formed two Turnaround Team 1 for China side and Turnaround Team 2 for Malaysia. Turnaround Team 1 is headed by Chairman and CEO of the Company and Turnaround Team 2 is headed by Director of the Company. the Company intends to undertake on its own rationalization plan by using its existing resources and appointment of some new staff. The Company will appoint other

professional and advisers if there is any viable business identified by the Board in the future.

i. Turnaround Team 1 focuses on Wine Business

For current business model, the Turnaround Team 1 have not appointed new sales agents yet due to the reasons as explained in Section B.2.

Currently the Company has set up online team 1 in order look into the possibility of online sales but is still in the exploring stage. This is due to online sales is very competitive. In order to stand up among competitor, you need to set very low selling price, some more the charges for using online sales platform is very costly. All these will lead to very low profit margin. The Company has tried before but the result is not good as expected. Nevertheless, the Company will keep on exploring this online sales method.

Turnaround Team 1 attended 2023 (7th) China Liquor Exhibition Activities on 6 July 2023, which was held in Qingdao, and also attended 2023 Yantai International Wine Festival, which was held in Yantai.

ii.Turnaround Team 2 focuses on New Business from Malaysia

Currently the Turnaround Team 2 is reviewing and evaluating a new business and have discussion with professional Advisors. The Team have preliminary evaluation of trading in gloves but due to the challenging market have decided not to pursue further as the ASP price of the gloves keep falling. The Team will continue to look for profitable and viable business in the coming months. Currently the Team is reviewing some Project Management Contract.

In February 2023, with the help of a professional Advisor, the Company made a Consultation with the Securities Commission Malaysia, in relate to a proposed acquisition, Due to the similarity in the business nature of both the Company and target company, the Proposed Acquisition will expand the Company's source of income in the alcoholic beverages sector, which is in line with the Group's long-term objective to achieve sustainable growth and value creation for its shareholder.

The Group did site visit of durian plantation and F&B chain in Malaysia during early June 2023.

The Company will seek the advice of professionals for in-depth studies and be guided by any compliances required by Bursa Malaysia.

Included in trade and other receivables are deposits of RMB 118,800,000 representing 90% of the total cash consideration price, which were made to Huangwu Subdistrict Office, Zhifu District, Yantai City, People's Republic of China. As disclosed in Note 5 to the financial statements, on 17 December 2013, the Group entered into a contract to purchase land, buildings and ancillary facilities including 320KVA power distribution equipment, water supply system, roads surrounding the factory and enclosing wall (collectively known as "Assets") for a cash consideration of RMB 132,000,000.

The External Auditors have not been able to obtain sufficient appropriate audit evidence to satisfy themselves of the extent of recoverability of the deposits of RMB 118,800,000 in the event that the transaction is not completed. Consequently, the External Auditors were unable to determine whether any adjustments to the carrying amount of deposits as at 31 December 2023 were necessary.

Material Uncertainty Related to Going Concern

The Group incurred a net loss of RMB7,403,000 and had an operating cash outflow of RMB3,196,000 during the year ended 31 December 2023. As stated in Note 1.2, these events or conditions, along with other matters as set forth in Note 1.2, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. The External Auditors' opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in the External Auditors' professional judgement, were of most significance in their audit of the financial statements of the current period. These matters were addressed in the context of the External Auditors' audit of the financial statements as a whole, and in forming their opinion thereon, and they do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Qualified Opinion section and Material Uncertainty Related to Going Concern section, the External Auditors had determined the matters described below to be the key audit matters to be communicated in their report.

i. Assessment of impairment of property, plant and equipment (RMB19.778 million) Refer to Note 9 to the financial statements

As at 31 December 2023, property, plant and equipment with carrying amount of RMB19.778 million constituted approximately 12% of the total assets of the Group. The carrying amount is after deducting accumulated impairment loss of RMB6.473 million.

At the end of the reporting period, the Group carried out an assessment of its property, plant and equipment. Management has considered the external and internal indicators in assessing if any further impairment or reversal of impairment is to be recorded.

Should indication of impairment exists, an impairment assessment to estimate the recoverable amount of the asset will be performed accordingly.

The carrying value of property, plant and equipment is considered to be a Key Audit Matter as the amount involved is significant and judgements inherent in impairment review.

Audit Response

The External Auditors obtained an understanding on the Group's policies and procedures to identify impairment indicators of property, plant and equipment, and

performed the following procedures in relation to management's impairment assessments:

Auditors' procedures included, amongst others:

- 1) Obtaining an understanding of and evaluating management's process and controls related to the assessment of the existence of impairment indicators.
- 2) Reviewing and assessing management's assessment of the existence of any impairment indicators.
- 3) Considering each of the internal and external factors and assessing whether any indicators of impairment are present.
- 4) Assessing the adequacy of the relevant disclosures in the financial statements.

ii. Allowance for inventory obsolescence (RMB4.929 million) (Refer to Note 6 to the financial statements)

The carrying value of inventories amounted to RMB4.929 million, which accounted for 3% of the Group's total assets as at 31 December 2023.

Inventories are carried in the financial statements at the lower of cost and net realisable value.

During the current financial year, the Group wrote down inventories of RMB211,000.

There are judgements and estimates involved in determining the amount of write down for slowmoving and obsolete inventories by considering factors such as the condition and age of inventories, future market demand, environmental regulations requirements and pricing competition.

The carrying value of inventories is considered to be a Key Audit Matter as the amount involved is significant and judgements inherent in determining the allowance for inventory obsolescence.

Audit Response

The External Auditors designed and performed the following key procedures among others:

- 1) Evaluated the appropriateness of the Group's accounting policies on the valuation of its inventories.
- 2) Checked and analysed the ageing of the inventories.
- 3) Evaluated and tested management's assessment of inventories to state them at the lower of cost and net realisable value.
- 4) Reviewed management's assessment of the allowance for inventory obsolescence, taking into consideration inventory ageing, physical condition of the inventories, past and expected future sales.
