B1. Review of performance

The Group revenue for the 12 months cumulative period had increased by 11.41% from RM83.33 million as reported in the corresponding preceding period in the prior financial year to RM92.83 million. The increase in our revenue was principally attributable to the following:

- (a) the increase in purchase orders from our customers, particularly from the domestic hand gloves manufacturing companies for Engineering Works segment, contributed to a significant increase in revenue of approximately RM12.37 million, representing an increase of 130.15% as compared to corresponding preceding period in the prior financial year; and
- (b) our sales and marketing team secured more orders from existing customers both locally and overseas OEM market for our Stainless Steel Products segment, particularly the stainless steel tubes and pipes which contributed an increase in revenue of approximately RM1.81 million, representing 5.15% increase in revenue of Stainless Steel Products segment.

The Group profit before tax for the 12 months cumulative period had increased from RM3.04 million achieved in the previous financial year to RM14.06 million, represents a growth of 362.38% in profit before tax, mainly due to gain on the sale of a piece of freehold industrial land held under Geran 129558, Lot 11431, Mukim Setul, Daerah Seremban, Negeri Sembilan amounting to approximately RM11.01 million as disclosed in Note B8.

B2. Comparison with immediate preceding quarter's results

The Group profit before tax of RM1.43 million for the current quarter under review was 87.6% lower compared with the profit before tax amounting to RM11.44 million of the immediate preceding quarter. This was mainly attributable to the gain on the disposal of our freehold industrial land as explained in Note B1 and disclosed in Note B8.

B3. Commentary on prospects

The Board will continue to enhance the Group marketing strategy through expansion into Engineering Segment and increase the Group products offering to increase revenue. Barring the economic uncertainty, we expect the Group performance to remain satisfactory.
