# A. Compliance with Malaysian Financial Reporting Standard (MFRS) 134, Interim Financial Reporting and Bursa Listing Requirements

#### A1. Basis of preparation

The interim financial statements are unaudited and have been prepared in compliance with Malaysian Financial Reporting Standards (MFRS) 134: Interim Financial Reporting, issued by the Malaysian Accounting Standards Board (MASB), International Accounting Standard (IAS) 34: Interim Financial Reporting, issued by the International Accounting Standard Board (IASB) and Chapter 9 Part K of the Main Market Listing Requirements of the Bursa Malaysia Securities Berhad (Bursa Securities). The figures for the cumulative period 9 months ended 30/09/2016 have not been audited.

The interim financial statements should be read in conjunction with the Audited Financial Statements of the Group for the financial year ended 31/12/2015, which were prepared in accordance with Malaysian Financial Reporting Standards (MFRSs) and International Financial Reporting Standards (IFRSs). The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31/12/2015.

The significant accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted in the most recent annual financial statements for the year ended 31/12/2015 except for the adoption of the following Amendments/Improvement to MFRSs which are applicable to its financial statements and are relevant to its operations:-

Amendments/Improvement to MFRSs:

- MFRS 1 First-time Adoption of Malaysian Financial Reporting Standards
- MFRS 2 Share-based Payment
- MFRS 3 Business Combinations
- MFRS 8 Operating Segments
- MFRS 13 Fair Value Measurement
- MFRS 116 Property, Plant and Equipment
- MFRS 119 Employee Benefits
- MFRS 124 Related Party Disclosures
- MFRS 138 Intangible Assets
- MFRS 140 Investment Property

The adoption of the above Amendments/Improvements to MFRSs did not have any material effect on the financial statements of the Group.

The following new MFRSs and Amendments/Improvements to MFRSs were issued but not yet effective and have not been applied by the Group:

MFRS 9 Financial Instruments \*\*\*

MFRS 15 Revenue from Contracts with Customers \*\*\*

MFRS 16 Leases \*\*\*\*

- MFRS 5 Non-current Asset Held for Sale and Discontinued Operations \*
- MFRS 7 Financial Instruments: Disclosures \*
- MFRS 10 Consolidated Financial Statements \*
- MFRS 11 Joint Arrangements \*
- MFRS 12 Disclosure of Interest in Other Entities \*

MFRS 101 Presentation of Financial Statements \* MFRS 107 Statement of Cash Flows \*\* MFRS 112 Income Taxes \*\* MFRS 116 Property, Plant and Equipment \* MFRS 119 Employee Benefits \* MFRS 127 Separate financial statements \* MFRS 128 Investments in Associates and Joint Ventures \* MFRS 138 Intangible Assets \* MFRS 141 Agriculture \*

\* Effective for financial periods beginning on or after – 1 January 2016

\*\* Effective for financial periods beginning on or after – 1 January 2017

\*\*\* Effective for financial periods beginning on or after – 1 January 2018

\*\*\*\* Effective for financial periods beginning on or after – 1 January 2019

The Group will adopt the above new MFRSs and Amendments/Improvements to MFRSs when it becomes effective in the respective financial periods. The adoption of the above mentioned amendments to MFRSs are not expected to have any material effect to the financial statements of the Group upon initial recognition, except for MFRS 9 Financial Instruments and MFRS 15 Revenue from Contracts with Customers described below, for which the financial effects are still being assessed by the Group.

#### (i) MFRS 9 Financial Instruments

This final version of MFRS 9 replacing MFRS 139. MFRS 9 introduces a package of improvements which includes a classification and measurement model, a single forward-looking 'expected loss' impairment model and a substantiallyreformed approach to hedge accounting. MFRS 9 introduces an approach for classification of financial assets which is driven by cash flow characteristics and the business model in which an asset is held with two measurement at amortised cost or fair value. For impairment, MFRS 9 introduces expected-loss impairment model that will require more timely recognition of expected credit losses to reflect changes of credit risk of financial instruments. For hedge accounting, MFRS 9 introduces a substantially-reformed model for hedge accounting, with enhanced disclosures about risk management activity.

(ii) MFRS 15 Revenue from Contracts with Customers

The core principle of MFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. MFRS 15 Revenue from Contracts with Customers established a new five-step model which will apply to recognition of revenue arising from contracts with customers.

#### B1. Review of performance

The Group revenue for the 9 months cumulative period had increased marginally by 3.57% from RM72.76 million as reported in the corresponding preceding period in the prior financial year to RM75.35 million.

The Engineering Works segment, which contributed 17.69% to our total revenue, decreased by 27.44% or RM5.04 million to RM13.33 million from RM18.37 million as reported in corresponding preceding period in prior financial year. In the immediate preceding quarter of prior financial year two new Double Former Glove Dipping Lines were completed as compared to current periods with no new fabrication & installation of Double Former Glove Dipping Lines secured.

The Group profit before tax for the 9 months cumulative period had improved marginally from RM2 million achieved in the corresponding preceding period in prior financial year to RM3.09 million, representing an increase of 54.53% in profit before tax. This was mainly attributable to the higher margin due to lower cost of sales for Marine hardware & consumable and Other industrial hardware Segments.

The Group profit before tax of RM1.23 million for the current quarter under review was 20.44% lower compared with the profit before tax amounting to RM1.54 million of the immediate preceding quarter. This was mainly due to lower sales in our products in current periods.
