A. Compliance with Malaysian Financial Reporting Standard (MFRS) 134, Interim Financial Reporting and Bursa Listing Requirements

A1. Basis of preparation

The interim financial statements are unaudited and have been prepared in compliance with Malaysian Financial Reporting Standards (MFRS) 134: Interim Financial Reporting, issued by the Malaysian Accounting Standards Board (MASB), International Accounting Standard (IAS) 34: Interim Financial Reporting, issued by the International Accounting Standard Board (IASB) and Chapter 9 Part K of the Main Market Listing Requirements of the Bursa Malaysia Securities Berhad (Bursa Securities). The figures for the cumulative period 3 months ended 31/03/2017 have not been audited.

The interim financial statements should be read in conjunction with the Audited Financial Statements of the Group for the financial year ended 31/12/2016, which were prepared in accordance with Malaysian Financial Reporting Standards (MFRSs) and International Financial Reporting Standards (IFRSs). The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31/12/2016.

The significant accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted in the most recent annual financial statements for the year ended 31/12/2016 except for the adoption of the following Amendments/Improvement to MFRSs which are applicable to its financial statements and are relevant to its operations:-

Amendments/Improvement to MFRSs:

MFRS 12	Disclosure of Interest in Other Entities
MFRS 107	Statement of Cash Flows
MFRS 112	Income Taxes

The adoption of the above Amendments/Improvements to MFRSs did not have any material effect on the financial statements of the Group.

The following new MFRSs and Amendments/Improvements to MFRSs were issued but not yet effective and have not been applied by the Group:

MFRS 9Financial Instruments *MFRS 15Revenue from Contract Customer *MFRS 16Leases **

Amendments/Improvements to MFRSs

/	
MFRS 1	First-time adoption of MFRSs *

IC Int 22 Foreign Currency Transactions and Advance Consideration *

- * Effective for the period beginning on or after 1 January 2018
- ** Effective for the period beginning on or after 1 January 2019
- (1) Deferred

The Group will adopt the above new MFRSs and Amendments/Improvements to MFRSs when it becomes effective in the respective financial periods. The adoption of the above mentioned amendments to MFRSs are not expected to have any material effect to the financial statements of the Group upon initial recognition, except for MFRS 9 Financial Instruments and MFRS 15 Revenue from Contracts with Customers described below, for which the financial effects are still being assessed by the Group.

(i) MFRS 9 Financial Instruments

This final version of MFRS 9 replacing MFRS 139. MFRS 9 introduces a package of improvements which includes a classification and measurement model, a single forward-looking 'expected loss' impairment model and a substantiallyreformed approach to hedge accounting. MFRS 9 introduces an approach for classification of financial assets which is driven by cash flow characteristics and the business model in which an asset is held with two measurement at amortised cost or fair value. For impairment, MFRS 9 introduces expected-loss impairment model that will require more timely recognition of expected credit losses to reflect changes of credit risk of financial instruments. For hedge accounting, MFRS 9 introduces a substantially-reformed model for hedge accounting, with enhanced disclosures about risk management activity.

(ii) MFRS 15 Revenue from Contracts with Customers

The core principle of MFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. MFRS 15 Revenue from Contracts with Customers established a new five-step model which will apply to recognition of revenue arising from contracts with customers.

B. Explanatory Notes pursuant to Appendix 9B of the Listing Requirements of Bursa Malaysia Securities Bhd

B1. Review of performance

The Group revenue for the 3 months cumulative period had increased by 8.03% from RM22.92 million as reported in the corresponding preceding period in the prior financial year to RM24.76 million.

Sales of our Stainless Steel Products segment and Marine Hardware & Consumable segment accounted for approximately 63.85% of our total revenue. Revenue from our Other Industrial Hardware segment and Engineering Works segment constituted approximately 25.28% and 10.87% respectively of our total revenue.

During the quarter under review, we recorded a lower revenue of RM2.69 million or decreased by 26.44% for our Engineering Works segment as compared to RM3.66 million as reported in corresponding preceding period in prior financial year. The decline in revenue was principally attributable to new fabrication & installation of Double Former Glove Dipping Lines still under work in progress and not yet recognised.

Despite the declined revenue in Engineering Works segment, our revenue from Marine Hardware & Consumable segment and Other Industrial Hardware segment increased from RM6.36 million and RM4.93 million in the corresponding preceding period in prior financial year to RM8.29 million and RM6.25 million resprectively. This was mainly due to our sales and marketing team secured existing customers with purchase orders for our new products and also increase in purchase orders from local customers.

The Group profit before tax for the 3 months cumulative period had improved from RM0.32 million achieved in the corresponding preceding period in prior financial year to RM1.78 million, representing an increase of 451.7% in profit before tax. This was mainly attributable to the higher profit margin due to lower cost of sales for Marine hardware & consumable and Stainless Steel Products Segments.

B2. Comparison with immediate preceding quarter's results

The Group profit before tax of RM1.78 million for the current quarter under review was 21.12% higher compared with the profit before tax amounting to RM2.26 million of the immediate preceding quarter. This was mainly attributable to the higher profit margin due to lower cost of sales in the current periods and higher sales as described in B1 above.

The Board will continue to enhance the Group marketing strategy through expansion of the Engineering Works Segment and increase the Group products offering to increase revenue. Barring the economic uncertainty, the Board strives for the betterment.
