UNAUDITED INTERIM FINANCIAL REPORT FOR THE PERIOD ENDED 30 APRIL 2014 ADDITIONAL INFORMATION REQUIRED BY THE BURSA SECURITIES LR

B1 The Group is engaged in developing and operating the "Kenny Rogers Roasters" ("KRR") chain in Malaysia and Indonesia, developing and operating the "Starbucks Coffee" brand in Malaysia and Brunei, as well as "Jollibean" and various brands in Singapore. The key factors that affect the performance of all food and beverage businesses include mainly the festive season, tourism, eating out culture, raw material costs (chicken, side dishes, soya bean and effect of foreign exchange etc), staff costs and consumer perception.

Current quarter vs preceding year same quarter

The Group registered a revenue of RM36.55 million and pre-tax profit of RM5.00 million in the current quarter ended 30 April 2014 as compared to a revenue of RM35.35 million and pre-tax profit of RM6.49 million reported in the previous year corresponding quarter. The higher revenue was mainly due to the revenue contribution from the newly opened Starbucks Coffee outlet in Brunei. The current quarter results of KRR operations in Malaysia was lower than the previous year's corresponding quarter as Malaysian consumers are still cautious and prudent in their spending. The KRR operations in Indonesia is currently incurring losses, as it is still in the gestation period. Also, the current quarter's pre-tax profit included non-cash unrealised exchange loss of about RM1.0 million recognised for its offshore operations. However, the share of better results from Berjaya Starbucks Coffee Company Sdn Bhd ("BStarbucks"), which operates in the lifestyle market segment, helps to mitigate the lower results of KRR operations for the quarter under review.

For the financial year

As for the financial year ended 30 April 2014, the Group's revenue and pre-tax profit were RM148.19 million and RM25.02 million as compared to a revenue and pre-tax profit of RM121.92 million and RM21.40 million respectively in the previous year corresponding quarter. The higher revenue was mainly due to the consolidation of the full year revenue of Jollibean and the opening of new outlets of KRR operations. The increase in pre-tax profit was mainly due to the share of better results from BStarbucks.

B2 Fourth quarter vs third quarter

For the current quarter under review, the Group reported a decrease in revenue from RM41.39 million (third quarter ended 31 January 2014) to RM36.55 million and pre-tax profit decreased from RM8.78 million (third quarter ended 31 January 2014) to RM5.0 million.

The much higher revenue and pre-tax profits in the third quarter was due to the calendar year end festive sales, school holidays and Christmas season, which all happened during the quarter.

B3 <u>Future prospects</u>

The Board of Directors is of the view that the Malaysian economy will be challenging in the next financial year. However, the Group will maintain its strategy of opening additional restaurants in the next financial year in all the markets that the Group is operating in.

B4 There is no profit forecast or profit guarantee for the financial year ended 30 April 2014.
