UNAUDITED INTERIM FINANCIAL REPORT FOR THE PERIOD ENDED 31 JANUARY 2015 ADDITIONAL INFORMATION REQUIRED BY THE BURSA SECURITIES LR

B1 The Group is engaged in developing and operating the "Kenny Rogers Roasters" ("KRR") chain in Malaysia, Indonesia and Cambodia, developing and operating the "Starbucks Coffee" brand in Malaysia and Brunei, as well as "Jollibean" and various brands in Singapore. The key factors that affect the performance of all food and beverage businesses include mainly the festive seasons, tourism, eating out culture, raw material costs (coffee bean, chicken, side dishes, soya bean and effect of foreign exchange on raw materials etc), staff costs and consumer perception.

Current quarter vs preceding year same quarter

The Group registered a revenue of RM133.48 million and pre-tax profit of RM12.63 million in the current quarter ended 31 January 2015 as compared to a revenue of RM41.39 million and pre-tax profit of RM8.78 million reported in the previous year corresponding quarter.

The higher revenue was mainly due to the full effect of consolidation of the newly acquired wholly owned subsidiary, BStarbucks (refer to Note A8(b)), as well as the contribution from the Starbucks operations in Brunei, which only commenced operation in the fourth quarter of the previous financial year.

In spite of the higher interest expense of about RM3.59 million for this quarter, which is substantially related to the borrowings taken to acquire the remaining 50% equity interests in BStarbucks, the Group recorded a higher pre-tax profit of RM12.63 million mainly from the contribution of BStarbucks for the entire quarter.

For the 9-month period

For the 9-month period ended 31 January 2015, the Group's revenue and pre-tax profit were RM248.43 million and RM184.19 million respectively as compared to a revenue and pre-tax profit of RM111.64 million and RM20.02 million respectively in the previous year corresponding period.

The higher revenue was mainly due to the consolidation of BStarbucks' revenue (from 18 September 2014 onwards).

Excluding the one time net gain of RM158.60 million for the 9-month period ended 31 January 2015, the pre-tax profit was RM25.59 million as compared to pre-tax profit of RM20.02 million in the previous year corresponding period. The higher pre-tax profit was mainly attributed to the consolidation of the improved results of BStarbucks and the contribution of the Brunei Starbucks operations.

B2 Third quarter vs Second quarter

For the current quarter under review, the Group reported an increase in revenue from RM75.32 million (second quarter ended 31 October 2014) to RM133.48 million. The pre-tax profit of RM12.63 million in the current quarter was lower as compared to pre-tax profit of RM165.30 million recorded in the preceding quarter.

The higher revenue was mainly due to the full effect of consolidation of BStarbucks in this quarter.

The higher pre-tax profit in the preceding quarter was mainly due to the recognition of the gain arising from remeasurement of the 50% equity interest in BStarbucks previously held by the Group in accordance with the requirements of Malaysian Financial Reporting Standards 3 upon the consolidation of BStarbucks when the acquisition of the remaining 50% equity interest in BStarbucks was completed in the previous quarter. However, excluding the investment related items of RM158.60 million, there was an increase in pre-tax profit from RM6.70 million (second quarter ended 31 October 2014) to RM12.63 million. The higher pre-tax profit excluding investment related items in current quarter was mainly attributed to the full effect of consolidation of BStarbucks. The calendar year end festive sales, school holidays and the Christmas season during the third quarter also contributed positively to the higher revenue and pre-tax profit.

B3 Future prospects

The Board of Directors is confident that with the consolidation of the results of BStarbucks and the expected reduction in interest expense following the Group's plan to repay its borrowings earlier than its repayment schedule, the results of the Group are expected to improve significantly for the remaining quarter of the financial year ending 30 April 2015.

- B4 There is no profit forecast or profit guarantee for the financial period ended 31 January 2015.
- B5 The taxation charge for the current quarter and period ended 31 January 2015 are detailed as follows:

	For the current quarter	Financial year to date
Charles	RM'000	RM'000
Group:-		
Based on the results for the period:		
Current period provision	4.072	0.207
- Malaysian taxation	4,972	8,287
- Deferred tax	- (124)	120
- Foreign tax	(124)	129
	4,848	8,416

The disproportionate tax charge of the Group for the current quarter and period ended 31 January 2015 was mainly due to certain expenses or losses being disallowed for tax purposes and different foreign tax rate as well as the inclusion of the share of results of joint venture which is presented net of tax.

- B6 There has been no further development for those corporate proposals disclosed in Note 35 to the audited financial statements of the Company for the financial year ended 30 April 2014 except for the following:
 - (a) With reference to Note 35(2) on the proposed acquisition of BStarbucks as mentioned in Note A8 above, the transaction was completed on 18 September 2014.
- B7 The Group's bank borrowings and debt securities as at 31 January 2015.
