B1. OPERATING SEGMENTS REVIEW (CONT'D)

The Group's revenue for the current quarter is RM38.1 million, which was RM6.8 million higher than the corresponding quarter of the preceding year of RM31.3 million. This is driven by higher revenue for Software & Services and Talent segment. The current quarter revenue also excluded revenue from Education segment as the results of Prestariang Education Sdn Bhd ("PESB") up to its effective disposal date of 16 November 2020 is classified as results from discontinued operations.

The Group recorded profit before tax of RM11.3 million or 424% higher than preceding year loss of RM3.5 million mainly due to gain on completion of the disposal of PESB. Factors affecting the results for this quarter were as follows:

i. Software & Services and Talent recorded revenue of RM38.0 million, which was a growth of RM9.6 million or 34% from the corresponding quarter of the preceding year of RM28.4 million.

This resulted in the profit before tax for this segment to increase by 44% as compared to the corresponding quarter of the preceding year on the back of higher revenue and profit margin.

- Employment services recorded much lower revenue of RM0.1 million compared to RM1.6 million in the corresponding quarter of the preceding year. This is primarily linked to the discontinuation of its manpower management services for a project in Pengerang as the project reaches its completion. The segment recorded a loss before interest and tax of RM34,000 compared to a profit before interest and tax of RM210,000 in the previous year.
- iii. The Concession segment has ceased operation in January 2019 and has stopped incurring operational cost since the end the financial period ended 30 June 2019. Following which cost attributable to this segment is primarily for legal cost relating to the claim against The Government of Malaysia ("GOM") as well as statutory and compliance cost.
- iv. Others recorded a revenue of RM1.2 million from the holding company arising from management fees charged to subsidiaries for the Group shared services cost. The substantial profit before interest and tax of RM11.3 million for this segment compared to a loss of RM2.2 million in the corresponding quarter of the preceding year was mainly due to the net impact of a gain from disposal of PESB of RM17.6 million less one-off provision of impairment loss for property and equipment amounting to RM5.1 million.

The Group's revenue for the current quarter is RM38.1 million, which was RM2.6 million or 7% higher than the immediate preceding quarter of RM35.5 million. The higher revenue for this quarter can be contributed to higher revenue from Software & Services and Talent which is explained in more details in the notes below:

B2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS (CONT'D)

The Group recorded profit before tax of RM11.3 million, in contrast to a loss of RM0.7 million in the immediate preceding quarter mainly due to net effect of the following:

i. Software & Services and Talent recorded revenue of RM37.4 million, which was RM3.3 million or 10% higher from the previous quarter of RM34.1 million. However, Talent portion of the segment recorded revenue for the current quarter of RM0.6 million, which was RM0.7 million lower than the preceding quarter of RM1.3 million mainly due to many training programs scheduled for the period being deferred as cases of COVID-19 infection in the country continued to rise during this quarter.

Despite recording higher revenue, this segment's profit before interest and tax was lower at RM2.4 million for this quarter as compared to RM2.7 million for the immediate preceding quarter. This was mainly due to higher cost for contract fulfillment incurred in this quarter as well as lower activities for training programs which typically would have yielded higher profit margin.

- ii. Employment services recorded the same revenue as per previous quarter of RM80,000 mainly derived from the vocational training and certification program at Prestariang Skills Training Institute. The segment recorded a lower loss before interest and tax of RM34,000 as compared to a loss before interest and tax of RM169,000 in the previous quarter in line with the lower activities for the segment following the cessation of manpower management services project in Pengerang.
- iii. The Concession segment has ceased operation in January 2019 and has stopped incurring operational cost since the end the financial period ended 30 June 2019. Following which cost attributable to this segment is primarily for legal cost relating to the claim against The Government of Malaysia ("GOM") as well as statutory and compliance cost.
- iv. Revenue for this segment for the quarter is consistent with the previous quarter as it was derived from management fees charged to subsidiaries for the Group shared services cost. The substantial profit before interest and tax of RM11.3 million for this segment in this quarter compared to a loss of RM0.7million in the previous quarter was mainly due to the net impact of a gain from disposal of PESB of RM17.6 million less one-off provision of impairment loss for property and equipment amounting to RM5.1 million.

B3. PROSPECTS FOR THE FINANCIAL YEAR ENDING 30 JUNE 2021

Strong cash position

We made substantial progress in our rationalisation plan to monetize non-core assets and reduce operating cost. This is evidenced from disposals of non-core assets and loss-making operations over the last 12 months which had improved our overall cashflow.

We have completed the fund-raising exercise from placement of shares and rights issue of shares in November 2020 where we raised gross proceeds of RM63.2 million. We have recently announced the disposal of our office building in Cyberjaya for RM24.2 million. When completed, the disposal is expected to result in annual cash saving of RM3.4 million plus surplus cash of approximately RM6.0 million to be channeled as working capital for operations.

From operations, we managed to record positive cashflow of RM6.1 million for the six (6) months ended 31 December 2020. This was achieved despite significant settlement and reduction of our trade creditors made during the quarter as we also managed at the same time to increase collection of payments from our customers.

With the fund-raising exercise, monetization of non-core assets and cash from operations, our cash raising will be in excess of RM70 million. The strong cash position will give us the resilience needed as we rebuild our business with new product lines and services in the coming quarters.

Rebuilding revenue base with more products and service offerings

The termination by Microsoft of our wholly owned subsidiary Prestariang Systems Sdn Bhd ("**PSSB**")'s membership in the Microsoft Partner Network is expected to result in revenue contraction in the immediate term. Nevertheless, we have the necessary capital and buffer to remain resilient as we rebuild our business with new products and services.

Armed with a wider range of products and services from our principals, we are going deeper in our relationship with our customers from mostly managing software licenses into providing multiple Cloud products and services and change management to improve the customers' operational process and drive innovations in their digital transformation journey. We have also expanded our talent business from training to include job placement and upskilling and reskilling.

<u>Outlook</u>

We have the capability, financial reserves from the recent corporate exercise and products and services offerings, to be a key player in tapping the vast opportunities in the digitalisation process in Malaysia. This includes providing the necessary ecosystem with latest technology working together with our global technology partners as well as offering right talent to drive digital adoption, which is aligned to the MyDigital Initiative and Malaysia Digital Economy Blueprint. On this premise, our Board is of the view that our Group is in good position to capitalise on the task of meeting the market requirement for technology and talent services to spearhead our business growth.

This is because the income tax expense is computed based on the respective company's results separately. Certain companies within the Group reported profits before tax and therefore were taxable.

B7. STATUS OF CORPORATE PROPOSALS (CONT'D)

2. Proposed scheme of arrangement

On 24 August 2020, Prestariang SKIN Sdn. Bhd. The Proposed Scheme is in relation to PSKIN only. The purpose of the Proposed Scheme is to preserve the going concern of PSKIN while it carries on with negotiations and legal action to seek compensation from the Government of Malaysia for the termination of the SKIN contract. The application, if granted, is not expected to have any material impact on the financial and operational matters of the Company and its subsidiaries. Further, the Proposed Scheme does not involve any lenders of PSKIN or the Prestariang Group.

On 2 December 2020, the High Court of Malaya has granted the approval of the Proposed Scheme today, pursuant to the application filed by PSKIN dated 11 November 2020.

3. Proposed disposal of a property

On 8 February 2021, the company announced that its wholly-owned subsidiary, Prestariang Systems Sdn Bhd, has entered into conditional sale and purchase agreements ("SPA's") with Serba Dinamik Group Berhad (the "Purchaser"), for the disposal of one Eight (8) Storey stratified corporate office building known as Block 12, Corporate Park, Star Central @ Cyberjaya erected on part of all that piece of freehold land held under Master Title Geran 339485, Lot 111284, Bandar Cyber Jaya, Daerah Sepang, Negeri Selangor Darul Ehsan together with its attached fixtures and fittings as listed in the SPA's for a total cash consideration of Ringgit Malaysia Twenty Four Million Two Hundred Thousand (RM24,200,000.00) only (the "Proposed Disposal").

B9. MATERIAL LITIGATION

The Group has filed and served its Originating Summons ("OS") dated 15 April 2019 against the Government of Malaysia ("GOM") as Defendant claiming the amount of RM733 million in relation to the termination of the Sistem Kawalan Imigresen Nasional ("SKIN") by expropriation.

On 30 October 2019, the High Court Judge dismissed GOM's application to convert PSKIN's OS to a Writ action and awarded costs to Prestariang SKIN Sdn. Bhd ("PSKIN"). In dismissing GOM's application, the Judge held, among others, that the termination of the Concession Agreement by expropriation is not in dispute. The only point for the determination of the Court is the amount to be paid by GOM as a consequence of the expropriation. The Concession Agreement provides for a contractual formula to determine the amount to be paid. As such, there are no disputes of fact to warrant a trial.

GOM appealed against the High Court Judge's decision dismissing its application. On 10 June 2020, the Court of Appeal found that there was no merit to GOM's appeal and awarded costs to PSKIN. In dismissing GOM's appeal, the Court of Appeal held that GOM would not suffer any prejudice with PSKIN's action continuing by way of OS in light of the directions given by the High Court Judge to allow for the cross-examination of the various deponents as well as for expert evidence to be tendered.

On 23 July 2020, PSKIN's Originating Summons ("OS") has been transferred to a new High Court Judge and the hearing of PSKIN's OS and cross-examination of the deponents of affidavits has been fixed for 21 January 2021, 22 January 2021, 29 January 2021 and 26 February 2021. A case management has also been fixed for 30 November 2020.

On 7 January 2021, the High Court had directed the following: -

- (a) a further case management be scheduled on 18 January 2021 to update the High Court on the status of affidavits and conduct of proceedings; and
- (b) additional hearing dates in respect of the OS be fixed on 2 July 2021, 9 July 2021 and 1 September 2021.

The Group remains positive on the compensation amount based on the formula stipulated under the Concession Agreement. Based on the above, the management is confident that there is no impairment necessary for the period under review.

Separately, PSKIN and GOM have also agreed to refer the dispute in respect of PSKIN's Originating Summons to court-annexed mediation conducted by the Kuala Lumpur Court Mediation Centre ("**Mediation Centre**"). The parties agreed that the mediation process shall proceed concurrently with the court proceedings. On 30 October 2019, representatives from PSKIN and GOM (with parties' respective Counsel) attended the first mediation session. A further mediation session between the parties has yet to be fixed
