B1. OPERATING SEGMENTS REVIEW (CONT'D)

The Group's revenue for the current quarter is RM28.5 million, which is RM3.3 million higher than the corresponding quarter of the preceding year of RM25.2 million. This is driven by higher revenue for Software & Services and Talent segment.

The Group recorded profit before tax of RM1.0 million or 133% higher than the preceding year loss of RM3.0 million. Factors affecting the results for this quarter were as follows:

i. Software & Services and Talent recorded revenue of RM28.5 million, which was a growth of RM4.4 million or 18% from the corresponding quarter of the preceding year of RM24.1 million.

This resulted in the profit before tax for this segment to increase by 45% as compared to the corresponding quarter of the preceding year on the back of higher revenue and profit margin.

- Employment services recorded much lower revenue of RM0.1 million compared to RM1.1 million in the corresponding quarter of the preceding year. This is primarily linked to the discontinuation of its manpower management services for a project in Pengerang as the project has been completed. The segment recorded a loss before interest and tax of RM63,000 compared to a loss before interest and tax of RM164,000 in the previous year.
- iii. The Concession segment has ceased operation in January 2019 and has stopped incurring operational cost since the end the financial period ended 30 June 2019. The cost attributable to this segment is mainly due to legal and professional services cost relating to the claim against The Government of Malaysia ("GOM") as well as statutory and compliance cost.
- iv. Others recorded a revenue of RM1.3 million from the holding company charging subsidiaries management fees for the Group shared services cost. The segment loss before tax has decreased to RM0.5 million in this quarter compared to the corresponding quarter of the preceding year loss before tax of RM2.3 million. This was mainly due to one-off cost incurred on professional services in the corresponding quarter of the previous year in respect of corporate proposal undertaken.

AWANBIRU TECHNOLOGY BERHAD (FORMERLY KNOWN AS PRESTARIANG BERHAD) (Registration No. 201001038336) UNAUDITED INTERIM FINANCIAL REPORT FOR THE QUARTER ENDED 31 MARCH 2021

B2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS (CONT'D)

The Group recorded profit before tax of RM1.0 million, which was RM10.3 million lower than the immediate preceding quarter profit before tax of RM11.3 mainly due to net effect on the following:

- i. Software & Services and Talent recorded revenue of RM28.5 million, which was RM9.6 million or 25% lower from the previous quarter of RM38.0 million. This segment's revenue was impacted due to the dual effect of the expiry of the Master Licensing Agreement ("MLA") with the Government of Malaysia and the discontinuation by Microsoft of our wholly owned subsidiary, Prestariang Systems Sdn Bhd ("PSSB")'s membership in the Microsoft Partner Network effective 31 January 2021. However, the Talent portion of this segment achieved a higher revenue for the current quarter of RM1.5 million, which was RM0.9 million more than the revenue for the preceding quarter of RM0.6 million, as more virtual instructor-led training classes were conducted, and online training platform gained acceptance from customers. Despite the lower revenue, this segment was able to maintain its profit before tax of RM2.1 million due to the higher margin contribution from the mix of product & services sold during the period.
- ii. Employment services recorded lower revenue of RM54,000 compared to RM76,000 in the immediate preceding quarter. This revenue is derived from vocational training and certification program at Prestariang Skills Training Institute. The segment recorded a higher loss before tax of RM63,000 as compared to a loss before tax of RM34,000 in the previous quarter in line with the lower activities for the segment following the cessation of manpower management services project in Pengerang.
- iii. The Concession segment has ceased operation in January 2019 and has stopped incurring operational cost since the end the financial period ended 30 June 2019. The cost attributable to this segment is mainly due to legal and professional services cost relating to the claim against The Government of Malaysia ("GOM") as well as statutory and compliance cost.
- iv. Revenue for this segment for the quarter is consistent with the previous quarter as it is derived from management fees charged to subsidiaries for the Group shared services cost. The decrease in profit before tax from RM10.6 million in the immediate preceding quarter to a loss before tax of RM0.5 million in the current quarter is mainly due to one-off gain from the disposal of Prestariang Education Sdn Bhd ("PESB") of RM17.6 million offset with an impairment loss on property and equipment amounting to RM5.1 million.

B3. PROSPECTS FOR THE FINANCIAL YEAR ENDING 30 JUNE 2021

Strong cash position

We have embarked on and made substantial progress in our rationalisation plan to monetize non-core assets and reduce operating cost since 2019. This is evidenced from disposals of non-core assets and loss-making operations which had improved our overall cashflow.

In November 2020, we concluded the disposal of our entire equity interest in loss making PESB. We have also completed the fund-raising exercise from placement of shares and rights issue of shares in November 2020 where we raised gross proceeds of RM63.2 million. We have announced in February 2021 the disposal of our office building in Cyberjaya for RM24.2 million. When completed, the disposal is expected to result in annual cash saving of RM3.4 million plus surplus cash of approximately RM6.0 million to be channeled as working capital for operations.

We achieved positive operating cashflow of RM2.8 million for the nine (9) months ended 31 March 2021. This was achieved despite significant payments for trade payables made during the quarter as we managed our working capital by increasing collection from our customers.

The strong cash position from the fund-raising exercise, monetization of non-core assets and cash from operations will give us the resilience needed as we rebuild our business with new product lines and services in the coming quarters.

Rebuilding revenue base with more products and service offerings

We have the necessary capital and buffer to remain resilient as we rebuild our business with new products and services. In February 2021, our wholly owned subsidiary PSSB, was appointed by Google as their exclusive Managed Service Provider ("MSP") to the Government of Malaysia in relation to their empanelment by the Malaysian Administrative Modernisation and Management Planning Unit ("MAMPU") to support government agencies with Google Cloud Platform and Google Workspace. The appointment is in respect of Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Software as a Service (SaaS) and Anything as a Service (XaaS) for the next three years from 2021 to 2023.

Armed with a wider range of products and services from our principals, we are going deeper in our relationship with our customers from mostly managing software licenses into providing multiple Cloud products and services and change management to improve the customers' operational process and drive innovations into their digital transformation journey. We have also expanded our talent business from training to include job placement and upskilling and reskilling.

B3. PROSPECTS FOR THE FINANCIAL YEAR ENDING 30 JUNE 2021 (CONT'D)

<u>Outlook</u>

For the year to date nine [9] months ended 31 March 2021, a substantial portion of the Profits reported relate to the exceptional gain arising from the disposal of UNIMY. In addition to that, revenue contributed from the sale of Microsoft products and services accounted for 94.6% of our Group's total revenue. As such, we expect that the expiry of the Master Licensing Agreement ("MLA") with the Government of Malaysia and the discontinuation by Microsoft of our wholly owned subsidiary, PSSB's membership in the Microsoft Partner Network effective 31 January 2021 will impact our Group's performance in the immediate term. We recently announced our appointment by GOOGLE as their exclusive MSP to the Government of Malaysia and having seen strong traction from our customers towards our new wider range of Cloud-based services, we expect to accelerate the transition and adoption of our offering by our clients as they pivot towards digitalization underpinned by the Cloud.

We have laid the groundwork in terms of our capability, financial reserves from the recent corporate exercise and partnerships with leading global technology players like Google, SAP, Adobe and others to access products and services to be a key player in tapping the vast opportunities in the digitalisation process in Malaysia. We will provide our customers with innovative and cost-effective solutions by leveraging the latest technology working together with our global technology partners as well as offering the right talent to drive digital adoption, which is aligned to the MyDigital Initiative and Malaysia Digital Economy Blueprint. On this premise, our Board is of the view that our Group is in good position to capitalise on the task of meeting the market requirement for technology and talent services to spearhead our business growth.

B4. VARIANCE ON PROFIT FORECAST/PROFIT GUARANTEE

The Group did not issue any profit forecast or profit estimate previously in any public document.

B9. MATERIAL LITIGATION

The Group has filed and served its Originating Summons ("OS") dated 15 April 2019 against the Government of Malaysia ("GOM") as Defendant claiming the amount of RM733 million in relation to the termination of the Sistem Kawalan Imigresen Nasional ("SKIN") by expropriation.

On 30 October 2019, the High Court Judge dismissed GOM's application to convert PSKIN's OS to a Writ action and awarded costs to Prestariang SKIN Sdn. Bhd. ("PSKIN"). In dismissing GOM's application, the Judge held, among others, that the termination of the Concession Agreement by expropriation is not in dispute. The only point for the determination of the Court is the amount to be paid by GOM as a consequence of the expropriation. The Concession Agreement provides for a contractual formula to determine the amount to be paid. As such, there are no disputes of fact to warrant a trial.

GOM appealed against the High Court Judge's decision dismissing its application. On 10 June 2020, the Court of Appeal found that there was no merit to GOM's appeal and awarded costs PSKIN. In dismissing GOM's appeal, the Court of Appeal held that GOM would not suffer any prejudice with PSKIN's action continuing by way of OS in light of the directions given by the High Court Judge to allow for the cross-examination of the various deponents as well as for expert evidence to be tendered.

On 23 July 2020, PSKIN's Originating Summons ("OS") has been transferred to a new High Court Judge and the hearing of PSKIN's OS and cross-examination of the deponents of affidavits has been fixed for 21 January 2021, 22 January 2021, 29 January 2021 and 26 February 2021. A case management has also been fixed for 30 November 2020.

On 7 January 2021, the High Court had directed the following: -

- (a) a further case management be scheduled on 18 January 2021 to update the High Court on the status of affidavits and conduct of proceedings; and
- (b) additional hearing dates in respect of the OS be fixed on 2 July 2021, 9 July 2021 and 1 September 2021.

During the hearing of the OS on 9 April 2021 and 20 May 2021, the Court scheduled additional hearing dates on 23 June 2021, 7 July 2021, 6 August 2021, 18 August 2021 and 19 August 2021

The Group remains positive on the compensation amount based on the formula stipulated under the Concession Agreement. Based on the above, the management is confident that there is no impairment necessary for the period under review.

Separately, PSKIN and GOM have also agreed to refer the dispute in respect of PSKIN's Originating Summons to court-annexed mediation conducted by the Kuala Lumpur Court Mediation Centre ("**Mediation Centre**"). The parties agreed that the mediation process shall proceed concurrently with the court proceedings. On 30 October 2019, representatives from PSKIN and GOM (with parties' respective Counsel) attended the first mediation session. A further mediation session between the parties has yet to be fixed.
