NOTES TO THE AUDITED INTERIM REPORT FOR THE FINANCIAL YEAR ENDED 31 MARCH 2008

A. EXPLANATORY NOTES PURSUANT TO FRS 134

1. BASIS OF PREPARATION

The interim financial report is audited and has been prepared in accordance with Financial Reporting Standards ("FRS") 134 "Interim Financial Reporting" issued by the Malaysian Accounting Standards Board (MASB) and Para 9.22 and App 9B of Chapter 9 Part K of the Listing Requirements of Bursa Malaysia Securities Berhad (BMSB). The interim financial report should be read in conjunction with the audited financial statements of the Group for the period ended 31 March 2007.

2. CHANGES IN ACCOUNTING POLICIES

The significant accounting policies and methods of computations adopted for the interim financial statements are consistent with those of the audited financial statements for the period ended 31 March 2007 except for the mandatory adoption of the following new/revised FRSs effective for the financial year beginning on or after 1 April 2007.

FRS 6Exploration for and Evaluation of Mineral ResourcesFRS 117LeasesFRS 124Related Party Disclosures

Amendment to FRS 119 2004 Employee Benefits – Actuarial Gains and Losses, Group Plans and Disclosures

The adoption of the new/revised FRSs does not have significant financial impact to the Group other than the effect of the following FRS:-

(a) FRS 117: Leases

The adoption of the revised FRS 117 has resulted in a retrospective change in the accounting policy relating to the classification of leasehold land. The up-front payments made for the leasehold land represents prepaid lease payment and are amortized on a straight-line basis over the lease term. A lease of land and building is apportioned into a lease of land and a lease of building in proportion to the relative fair values of the leasehold interests in the land element and the building element of the lease at the inception of

2. CHANGES IN ACCOUNTING POLICIES (Cont'd)

the lease. Prior to 1 April 2007, leasehold land was classified as property, plant and equipment and was stated at valuation less accumulated depreciation and impairment loss. The leasehold land was last revalued on 26 March 2007.

Upon the adoption of the revised FRS117 on 1 April 2007, the unamortized revalued amount of leasehold land is retained as the surrogate carrying amount of prepaid lease payments as allowed by the transitional provisions of FRS 117. The reclassification of leasehold land as prepaid lease payment has been accounted for retrospectively and as disclosed in Note 3, certain comparative amounts as at 31 March 2007 have been restated.

3. COMPARATIVES

The following comparative amounts have been restated due to the adoption of FRS117.

SECTION B – ADDITIONAL INFORMATION REQUIRED BY BMSB

1. GROUP PERFORMANCE REVIEW

For the current quarter, the Group achieved a turnover of RM129.69 million against RM70.81 million recorded for the preceding year's corresponding quarter. The significant increase in turnover is principally due to the disposal of a parcel of commercial land in SS2, Petaling Jaya for RM51.91 million as well as contribution from the new residential development located in Cheras known as Bayu Segar. However, the Group's operating profit for the current quarter was lower as compared to the preceding year's corresponding quarter due to the lower profit margin derived from the projects undertaken during the quarter, coupled with the high advertising and promotional expenses incurred for the various new projects i.e. Bayu Segar in Cheras, Bayu Sri Bintang in Kepong and Laman Baiduri in Subang Jaya.

Profit before tax for the current quarter improved as compared to the previous year's corresponding quarter mainly due to the substantial impairment loss of RM46.09 million recognised in the previous year's corresponding quarter.

2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS

Turnover for the current quarter of RM129.69 million was significantly higher as compared to the turnover for the immediate preceding quarter of RM49.45 million. The increase was mainly due the disposal of a parcel of commercial land in SS2, Petaling Jaya for RM51.91 million as well as contribution from the new residential development located in Cheras known as Bayu Segar during the current quarter.

However, profit before tax for the current quarter was lower at RM11.48 million as compared to RM25.62 million recorded in the immediate preceding quarter which included an interest waiver granted by a licensed bank amounting to RM21.31 million, of which RM7.98 million was reflected as a reversal of cost of sales.

3. PROSPECT FOR THE COMING FINANCIAL YEAR

The Board of Directors expects the coming financial year ending 31 March 2009 to be an eventful one. Most significantly, the proposed rationalization of the property division of IJM Group as mentioned in Section B 8(iv) to 8(xi) is expected to be completed in the third quarter of calendar year 2008. This proposal is expected to transform the Company into one of the largest property development company listed on Bursa Malaysia Securities Berhad. Accordingly, the enlarged group is expected to show better performance for the financial year ending 31 March 2009, barring any unforeseen circumstances.

4. VARIANCES ON PROFIT FORECAST AND PROFIT GUARANTEE

The Group did not issue any profit forecast or profit guarantee for the year ended 31 March 2008.

5. TAXATION

The taxation for the current quarter and year ended 31 March 2008 consists of the following: -

| | Current Quarter | 12 months Cumulative Todate |
|---|--------------------|-----------------------------------|
| | RM'000 | RM'000 |
| Current year taxation | 4,513 | 16,806 |
| Under/(Over) provision in respect of prior year | (3,280) | (3,280) |
| Deferred tax | (6,869) | (8,246) |
| | (5,636) | 5,280 |

5. TAXATION (Cont'd)

The effective tax rate for the current quarter and year ended 31 March 2008 was lower than the statutory tax rate mainly attributable to reversal of deferred tax due to change in statutory tax rate, over provision for taxation in prior year as well as the availability of unabsorbed losses brought forward, which can be offset against the current year profit.
