#### **Individual Quarter/Cumulative Quarter**

The Group achieved a revenue of RM64.08 million in the current financial quarter which was higher when compared to RM17.39 million in the corresponding quarter of the preceding financial year.

RM55.8 million of the Group's revenue in the current financial quarter was derived from the supply of smart cards, passport and personalisation services which was higher than the total of RM11.29 million earned in the corresponding quarter of the preceding financial year resulted from more demand from customers of the said materials and services.

Consequently, the current financial quarter recorded a profit from operations compared with that of a loss in the corresponding quarter of the preceding financial year.

#### Assets and liabilities

The increase in total liabilities of RM3.56 million principally resulted from drawdown of borrowings.

#### **B3** Commentary on Prospects

Challenging business conditions are expected to persist in the new financial year 2023 on the back of supply chain disruptions, elevated levels of inflation, rising cost of raw materials and labour shortages given the almost two years state of COVID-19 pandemic. Nevertheless, we anticipate global broad-based economic recovery is gaining further traction with positive as the COVID-19 pandemic transitions towards endemicity.

With the reopening of international borders starting 1 April 2022, Malaysians gradually resume their business and leisure activities, which contribute to higher new application and renewal of passports as well as surge in first time application and replacement of MyKad document. With this, we envisage orders of passport and MyKad documents by the Government to bounce back firmly comparable to pre-COVID-19 levels. In addition, we continue to pursue various new programmes and initiatives in support of Group's diversification of its revenue stream, particularly in the areas of digitalisation and payment support services.

The Group is cautiously optimistic that the outlook ahead is brighter for Datasonic. Barring any unforeseen circumstances, the Group looks forward for a better financial performance for FY2023.

#### B9 Material Litigation

A wholly-owned subsidiary, Datasonic Technologies Sdn. Bhd. ("DTSB"), has on 1 August 2018 received a writ of summons together with the statement of claim dated 30 July 2018 ("Suit") filed by Percetakan Keselamatan Nasional Sdn Bhd ("PKN") against DTSB.

The Suit is in relation to a disagreement between DTSB and PKN over the price of 1,500,000 Malaysian Passport booklets supplied by PKN to DTSB as DTSB's sub-contractor for the interim period of 6 months from 1 December 2016 to 31 May 2017, before the Malaysian Passport booklets were fully printed and supplied by DTSB to the Government of Malaysia.

In the last financial year, the High Court had delivered its judgement for the Defendant i.e. DTSB to pay a total sum of RM15,000,000 to the Plaintiff.

The High Court also dismissed the Plaintiff's claim for GST and prejudgement interest calculated from the date of the Plaintiff's invoices. Instead, the High Court had only awarded a post judgment interest rate of 4% per annum.

Cost of RM30,000 was awarded and to be paid to the Defendant.

On 2 November 2021, DTSB had been served with a Notice of Appeal filed by PKN at the Court of Appeal on 29 October 2021.

For the reporting date under review, further developments are as follows:-

On 15 June 2022, the appeal filed by PKN against DTSB was heard by the Court of Appeal. After having heard the arguments by Counsels of both parties, the Court of Appeal has fixed the date for decision on 18 August 2022.

On 18 August 2022, the Court of Appeal has been vacated by the Court and a new Case Management to set new decision date is fixed on 30 August 2022.

The Management estimates that the potential financial impact arising from the appeal by PKN against the High Court's judgement, if any, is up to RM10 million.
