#### Group/Consolidated

The Group's operating revenue increased by RM18.3 million from RM111.2 million in 1Q15 to RM129.5 million in 1Q16, due to an increase of RM17.6 million in gross earned premiums ("GEP") and RM0.7 million in investment income from investment collective schemes.

The increase of RM8.7 million or 50% in Group's profit before tax ("PBT"), from RM17.3 million in 1Q15 to RM26.0 million in 1Q16 was mainly contributed by the growth of PBT in both general reinsurance and general insurance segments of RM1.4 million and RM7.7 million respectively.

#### General reinsurance

Operating revenue of this segment increased by RM4.7 million, from RM30.2 million in 1Q15 to RM34.9 million in 1Q16, mainly due to an increase of RM4.4 million in GEP (including inter-segment) of Malaysian, Cebu and Middle East markets.

There was an increase of RM1.4 million in PBT, mainly due to increase of RM4.4 million in net earned premiums in Malaysian and Middle East markets, offset by an increase in foreign exchange loss.

#### **General insurance**

Operating revenue of this segment increased by RM16.8 million from RM93.7 million in 1Q15 to RM110.5 million in 1Q16, mainly due to increase of RM15.5 million in GEP of fire class of business, and increase of RM1.3 million in investment income.

PBT of this segment increased from RM3.8 million in 1Q15 to RM11.5 million in 1Q16 mainly due to the increase of RM12.3 million in net earned premiums of motor, medical and fire class of businesses, offset by an increase of RM2.5 million in net claims and RM2.6 million in management expenses due to staff costs, printing and stationery, and renewal of billboards.

#### **Group/Consolidated**

The Group's operating revenue decreased from RM132.6 million in 4Q15 to RM129.5 million in 1Q16. The decrease of RM3.1 million was due to decrease of RM3.7 million in investment income of general insurance, offset by increase of RM0.6 million in GEP.

There was a decrease of RM1.8 million in Group's PBT mainly due to increase in marketing costs in relation to digital marketing campaign in line with the Group's vision on being a leading digital insurer and unrealised foreign exchange loss in investment holding company.

#### General reinsurance

There was a decrease of RM0.6 million in operating revenue of this segment, mainly due to the decrease in GEP (including inter-segment) of Malaysian market, offset by the growth in Thailand market.

The PBT of general reinsurance is consistent at RM16.6 million in both 1Q16 and 4Q15.

#### **General insurance**

Operating revenue of this segment decreased from RM114.7 million in 4Q15 to RM110.5 million in 1Q16. The decrease of RM4.2 million in operating revenue was mainly due to a minimal decrease of RM0.9 million in GEP and a decrease of RM3.3 million in investment income, due to higher share of Malaysian Motor Insurance Pool ("MMIP") investment income in 4Q15, compared to none for the current quarter.

The decrease in profit of this segment of RM0.5 million is minimal.

#### 18. Commentary on prospects

For the first quarter of 2016, the Group noted continued macro economic weakness and currency volatility for Malaysia and ASEAN countries from 2015. We anticipate this to continue into the remainder of this year. Despite this, regional travel demonstrated resiliency with strong passenger growth for our airline partners driven by favourable fare pricing and depressed prices. The general insurance industry delivered mid-single digit growth over same period last year, particularly with Malaysia posting a 5.8% growth in first quarter of this year vs. same period last year.

The Group delivered +16.5% increase in operating revenues (OR), +25.2% in net earned premiums (NEP), and +41.3% in profit after tax (PAT).

Global Travel posted strong double digit growth for both OR (+15.3%) and PAT (+10.0%) from consistent execution of ROI-driven, customer focus, marketing initiatives. We expect to see this trend continue commensurate with the increasing number of passenger travelling domestically and internationally.

Our Malaysian insurance entity delivered an underwriting margin of 14.1% boosted by lower claims across all classes of businesses. OR and PAT grew by +17.9% and +164.8% respectively. In the start of 2016, we took remedial steps to improve our product profitability and are pleased to note that our Group Medical has turned profitable compared to 2015 and have also seen improvements in our Motor class of business.

Our Thailand associate delivered a strong profit growth of +111.1% after re-balancing our product and client account portfolios and rationalisation our marketing investments, especially after posting a loss in 2015. Our core lines of business of Osotspa and AirAsia continue to be strong profit contributors and we have launched a number of new profitable partnerships to continue our profit momentum for the remainder of the year.

Our Middle East JV continues with strong top line growth of +31.4% despite volatility in the Gulf with recent socio-political uncertainties and impact of low prices. We expect with our expansion into B2B and new product launches, we are on track to maintain a stronger profit contribution over last year.

Looking ahead, the Group remains confident that we will see continued growth for the remainder of the year. Global Travel will benefit from continued growth with the recent full ratification of ASEAN Open Skies which will drive increased capacity and new routes for passengers coupled with continued efforts by governments to implement visa waiver. We anticipate that our General insurance entities will continue to outpace the industry average with new product innovation and expanded channel partnerships.
