The directors expect that the adoption of the above pronouncements will have no material impact to the financial statements of the Group in the period of initial application except for that discussed below:

MFRS 17 Insurance Contracts

On 15 August 2017, MASB issued MFRS 17, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, MFRS 17 will replace MFRS 4 Insurance Contracts that was issued in 2011. MFRS 17 applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply. The overall objective of MFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in MFRS 4, which are largely based on grandfathering previous local accounting policies, MFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of MFRS 17 is the general model, supplemented by:

- (i) A specific adaptation for contracts with direct participation features (the variable fee approach) which is not applicable to the Group's insurance contracts; and
- (ii) A simplified approach (the premium allocation approach) mainly for short-duration contracts.

Early application is permitted, as the Group has applied MFRS 9 and MFRS 15 before the date it first applies MFRS 17.

13. Fair value measurement

The carrying values of financial assets and liabilities which are not carried at fair value approximate fair values due to their short-term maturity.

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation techniques:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The following table provides an analysis of assets measured and/or disclosed at fair value on a recurring basis in accordance with the fair value hierarchy:

General reinsurance

Operating revenue of this segment in 1Q21 grew by RM5.5 million to RM33.7 million from RM28.2 million in 4Q20. The increase in operating revenue was mainly contributed by continuous strong take up observed for our Travel PA and Covid-19 products in the Middle East market.

The increase in profit before tax was mainly attributed by increase of RM5.5 million in underwriting results due to lower management expenses as a result of lower provision for impairment on insurance receivables and facilitator fee expense. 19. Commentary on prospects

Malaysia's vaccination programme, which commenced on 24 February 2021, is a positive step towards returning the country's economy to normalcy. Likewise, other ASEAN countries such as Singapore, Indonesia, Thailand, and Vietnam have also initiated their respective COVID-19 vaccination programmes. Looking ahead, the mass roll-out of the COVID-19 vaccines is expected to bring confidence back to the travel and tourism industry. The Middle East region was one of the earliest to reopen its borders in 2020. Dubai, for instance, began welcoming back international visitors as early as 7 July 2020. This was emulated by other Middle East countries such as Lebanon, Egypt and Kuwait as they began to ease travel restrictions. With frequent dialogues between nations as well as air carriers to harmonise new normal travel standards and entry requirements, the Group expect a rebound in international travel in the region starting especially within the confines of established travel bubbles or 'green' lanes.

During the quarter, the Group continue to experience favourable claim experience especially in the Motor segment. The Group expect this trend to continue in the coming quarters. In addition, the Group will also continue its efforts to pivot the business beyond travel insurance, by focusing on three main pillars namely, Health, Lifestyle and Small Medium Enterprise ("SME").

19. Commentary on prospects (cont'd.)

A heightened awareness of health has led to an interest in health and wellness protection in Malaysia, which was seen to be a huge potential in healthcare demand. The Group is targeting to offer bite-sized products to enable customers to buy what they need, when they need it. The Group is also forging new collaborations with strategic partners and Business-to-Business platform to widen the distribution of its lifestyle products, specifically tapping into coverage for the products that millennials and zillennials are interested in such as smartphones and e-wallets. The SME sector is the backbone of many economies across ASEAN. The Group is looking at ways to not only provide SMEs with the right insurance solutions that meet their affordability and business type, but also to work alongside with partners to assist SMEs to thrive in this new normal, emphasising a digital approach in upscaling their business and processes.

The new products line up in coming quarters under these three main pillars and the new collaborations with strategic partners and Business-to-Business platforms to widen the distribution of products, are expected to contribute positively to the business of the Group.

While the Group realise that there are still underlying risks and uncertainties surrounding the pandemic, the Group is confident that with the strong capital position, it remains resilient to weather through the potential negative implications from the pandemic over the medium to longer term.

22. Material litigation

(a) Update to the Malaysian Competition Commission ("MyCC")'s Proposed Decision against PIAM and its 22 members

On 22 February 2017, the general insurance subsidiary, TIMB received a notice from the Malaysia Competition Commission ("MyCC") concerning a proposed decision ("proposed decision") which found that TIMB and 21 other general insurance companies in Malaysia who are all members of the General Insurance Association of Malaysia ("PIAM") had infringed one of the prohibitions under the Competitions Act 2010 ("CA") in Malaysia, pursuant to its investigation outcome in respect of the agreement entered into between PIAM and the Federation of Automobile Workshop Owners' Association of Malaysia ("FAWOAM") concerning the cap on the parts trade discount rates and minimum agreed labour rates payable by the insurers to the PIAM Approved Repairer's Scheme workshops. These rates were subsequently approved and adopted by PIAM members including TIMB.

Subsequent to MyCC's issuance of its proposed decision, PIAM and its 22 members including TIMB, were given the opportunity to make written representations in their defence and TIMB had on 5 April 2017 filed in its written representations with MyCC. TIMB's oral representations were presented before MyCC on 29 January 2018.

A fresh hearing was held following the appointment of a new Chairman of MyCC with the last of the parties' submission having been made on 18 June 2019.

Subsequently, TIMB had received a notice dated 25 September 2020 from MyCC informing TIMB of its decision dated 14 September 2020 wherein they have found that TIMB and 21 other members of PIAM had infringed Section 4 of the CA ("Decision").

The MyCC in its Decision had imposed a financial penalty of RM2,571,078 only on the part of TIMB and a consolidated amount of RM130,241,475 on all 22 members of PIAM, net of a 25% reduction granted on the final penalties after taking into consideration the economic impact arising from the Covid-19 pandemic. The MyCC had also granted the parties a moratorium period of six (6) months up to 24 March 2021 to pay the financial penalty imposed. The MyCC had also allowed the parties, including TIMB, to pay the financial penalty imposed by way of up to six (6) equal monthly instalments.

The MyCC had also directed TIMB to cease implementing the agreed parts trade discount and the hourly labour rate previously agreed upon with the workshops with immediate effect ("Cease and Desist Order"). All future parts trade discount rate and future hourly labour rates with the workshops would be negotiated independently.

22. Material litigation (cont'd.)

(a) Update to the Malaysian Competition Commission ("MyCC")'s Proposed Decision against PIAM and its 22 members (cont'd.)

TIMB in consultation with their legal counsel, is of the view that TIMB has not infringed Section 4 of the CA and has taken all necessary and appropriate actions to defend its position. Accordingly, TIMB has not made any provision, and has continued to disclose the matter as an on-going litigation until further development.

TIMB had filed its Notice of Appeal with the Competition Appeal Tribunal ("CAT") pursuant to Section 51 of the CA and had filed an application for a stay of the financial penalty with the CAT pursuant to Section 53 of the CA on 13 October 2020 and 14 October 2020 respectively.

On 23 March 2021, the CAT has allowed TIMB's application for a stay of the financial penalty. The CAT has also stayed the Cease and Desist Order.

The case management for the appeal proper has been fixed on 4 June 2021, and the appeal proper is fixed for hearing on 12, 15, 16, 19 and 26 November 2021.

As at the date of the interim financial statements, there have been no further developments on this matter.

(b) Tax dispute with the Lembaga Hasil Dalam Negeri ("LHDN")

On 20 December 2018, TIMB received Notice of Additional Assessment (Form JA) from the Lembaga Hasil Dalam Negeri ("LHDN") in respect of Years of Assessment ("YA") 2013 to 2015, wherein a sum of RM11.1 million of additional taxes and penalties was sought by the LHDN.

TIMB is of the view given legal advice received that out of the RM11.1 million of additional taxes and penalties levied by the LHDN, RM10.7 million, being the disputed additional tax and penalties, is open to challenge and has hence, engaged tax solicitors to assist in challenging the said disputed additional tax and penalties imposed by the LHDN.

On 11 January 2019, TIMB filed an Affidavit to the High Court of Malaya ("High Court") to apply for a judicial review against LHDN's assessments. On 23 May 2019, the High Court granted TIMB's application for judicial review with cost of RM5,000. The High Court ordered for the Notice of Assessment from LHDN to be amended to allow the deduction of PRAD expenses and dismissed the penalty imposed in relation to this issue. The High Court also ordered a stay of proceedings against the payment of taxes on the other additional taxes and penalties levied by LHDN until the determination of the appeal before the Special Commissioners of Income Tax ("SCIT").

22. Material litigation (cont'd.)

(b) Tax dispute with the Lembaga Hasil Dalam Negeri ("LHDN") (cont'd.)

On 11 June 2019, LHDN file a Notice of Appeal against the decision of the High Court. The appeal was subsequently withdrawn and a consent order was entered at the Court of Appeal on 13 November 2020 stating:

- (a) the PRAD expenses are allowed for deduction for income tax purposes;
- (b) LHDN will issue the Notices of Reduced Assessment for the Years of Assessment 2013, 2014 and 2015 within 90 days of the date of the order;
- (c) the consent order applies only to this case;
- (d) the High Court order dated 23 May 2019 is affirmed; and
- (e) no order as to cost.

With this, the total amount currently on appeal before the SCIT is RM3.5 million. The hearing of TIMB's appeal before the SCIT which was fixed for hearing on 4 to 5 May 2021 was postponed and is now fixed for mention on 5 August 2021.

TIMB had not recognised any liability in respect of the disputed additional tax and penalties, pending further developments of the appeal before the SCIT, as they believe that there are strong grounds to argue their case, based on legal advice received.

(c) On-going litigation with a foreign reinsurer ("the Reinsurer")

TIMB is the reinsured under a Reinsurance Contract for an Extended Warranty Programme ("EWP") for various models of vehicles. The Reinsurer had failed to remit their share of payment for claims paid by TIMB under the EWP. Accordingly, TIMB has commenced legal action to recover certain amounts owed by the Reinsurer under the Reinsurance Contract through its appointed solicitors.

On 29 January 2019, a writ of summons was filed with the High Court to recover the non-disputed balances of RM2,822,000 from the Reinsurer. On 19 February 2019, the High Court granted leave to TIMB to proceed with the service of Notice of Writ to be served out of jurisdiction to the Reinsurer in Hong Kong. The Reinsurer however proceeded to dispute this amount subsequently in June 2020.

The Court has fixed the matter for case management on 1 June 2021 and trial on 27 to 28 October 2021 and 1 to 3 November 2021.

As at the date of the interim financial statements, there have been no further developments on this matter, and TIMB will continue to pursue recovery of the whole balance owed by the Reinsurer to its insurance subsidiary.
